FRUIT CROP.

A Peninsula Yield is Good and Prices High. (Catharines despatch: Robert A. Pennington, President of the St. Catharines Cold Storage & Forwarding Company, secretary of the Niagara Peninsula Fruit Growers' Association, takes with Carl E. Fisher, Secretary of the same association, on his views on the present fruit crop. Mr. Fisher claims that such an impression made by Mr. Fisher going abroad is entirely the province of the past season's bulk. The quantity of fruit that from three to seven carloads have been shipped from the local area of the late frosts and excesses, followed by a slight drought, says, the demand for this favored district is higher and as a result prices are higher than at the same season last year. "It is time," he concludes, "that actual facts as to our fruit crop are going to have a shortage of the imaginary cause or another."

The Price of Fame

John Barrington quietly dropped the bottom of the boat, and the crew drifted dreamily along, dipping in and out of the sun-kissed waves with their cool purple shadows, and the white and gold of the water gleaming their lives away under the cooling billows, flashed back a brilliant radiance.

feverish energy, and all his old art seemed to return with his happiness. "You are the first one who will see the statue completed," he told Evelyn, for his brother artists were clamoring for a sight of his work.

BEARS AS HONEY HUNTERS.

In Their Search They Destroy Apiaries of Texas Farmers. The beekeepers of the Wharton section frequently suffer losses from the depredations of bears. Various kinds of devices are used to protect the apiaries from the invasion of these animals.
