## Dropsy— Given up by Doctor

"I had dropsy, and was told by my family physician that there was no chance for me. My family also gave me up. My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from smothering. I took Dr. Miles' Heart Remedy until I was entirely cured. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous."

L. TURLEY CURD, Wilmore, Ky.

Dr. Miles' Heart Remedy has been wonderfully successful in relieving heart trouble. Its tonic effect upon the heart nerves and muscles is a great factor in assisting nature to overcome heart weakness.

Price \$1.00 at your druggist. He should supply you. If he does not, send price to us, we forward prepaid.

### Improvement Discouraged.

Kincardine Reporter: Speaking about taxing improvements. A resident on Queen Street last year fixed his house up, brick veneered it, did a little painting and made it look neat and tidy. The assessor popped along this summer and told him it made a great improvement. In fact so great was it he raised the assessment \$600. The same citizen was going to put in modern conveniences and make a few more improvements. Now he says he can't afford to do it. Can you blame him? Put a little more tax on the land and less on the improvements and then see how much more beautiful the town will become. As it now is a man hates to paint his house for fear his taxes will be boosted. It's not the assessor's fault. Get posted on this question and assist the tax reform association in their endeavor to have a better mode of assessment adopted.
