

# The "New Muto" Convertible Collar Overcoat

Isn't it a dandy? And so simple! Lots of imitations, but no equal. The "NEW MUTO" is the only convertible coat that actually converts. The collar doesn't turn up—it simply moves up. Zip! to the spot where you want it.

Now you can readily understand how any convertible collar that has to be turned up in order to convert—sooner or later becomes soiled, mussed and ugly.

Not so with the "NEW MUTO" collar. The inside is always the inside, the outside always the outside. The simplest little device imaginable moves the collar up to any height you want it. It fits the man with the long neck just as it fits the fellow with the short one.

The "NEW MUTO" top, is a natural collar under all conditions. It fits the neck like a glove—lays as smoothly and perfectly as though ironed while on the body.

We are the sole agents for this famous garment in Markdale. **OVERCOAT Prices---\$7.50, \$10, \$12, \$15, \$18, \$22.** Come in and we'll show you the largest range in town.

Agnew, of Thornbury, was the guest of Mr. and Mrs. Geo. Hutchinson Monday of this week. A large number from this vicinity attended Rockyln Fair on Friday last and report the usual good fair. They were loud in their praise of the good meals provided by host Curry, of the Lorne House. Mr. Geo. Hutchinson and daughter, Miss Rachael, visited Proton friends during the past week. Don't forget the Fowl Supper to be held in Kimberley on Friday night, October 21st, under the auspices of the Local Branch of the O. W. I. An excellent programme will be rendered. Mrs. Geo. Miss Esther Bradley and her nephew, of Buffalo, are guests of Mrs. T. E. Blair at present. Tom Timmons has dug out the foundation for a new home and is busy these days getting a frame structure over it which when lath and plastered will be quite cosy. Miss May Robson, teacher of Varney School, and Dr. F. Grant, of Durham, spent the first of the week at the Robson home. The potato crop is a good one, but some varieties are threatened with rot. Miss Florrie Falkingham entertained her big Sunday School class on Saturday afternoon. They had a most enjoyable time. Inspector Campbell paid his semi-annual visit to No. 5 on Wednesday of last week and highly commends the work being done by Mrs. John Love. Mrs. Robert Boak, of King township, accompanied by her father, are up on a visit to old neighbors and schoolmates. The latter is in his 86th year and is robust in health and bright mentally as a man of sixty. Mrs. Boak and her hubby have a \$10,000 farm down there and this year have 2000 bushels of a 1 fall wheat. A pioneer of the 2nd concession passed away on Saturday evening in the person of Robt. Heslip. Deceased had a severe attack of grippe last spring which shattered his healthy constitution, and through the summer months he has been gradually weakening. The funeral takes place on Tuesday to the English church cemetery. An honest, kind neighbor, an industrious successful farmer, upright citizen has passed away. When children are pale, peevish and restless at night they require a dose or two of Miller's Worm Powders.

### Skinner--Brodie.

On Thursday afternoon, September 22nd, the first church wedding in the Ladner (B. C.) Methodist church took place when Miss F. Skinner and Mr. R. J. Eldon Brodie, son of Mr. James Brodie, of Markdale, were united in holy matrimony by the Rev. J. H. Wright. The bride was attended by the Misses Ellis and the groom was supported by Mr. W. Ellis. After the ceremony the happy couple left on a short honeymoon trip. Although the church was erected nearly twenty years ago this is the first marriage to take place within its sacred precincts and it was nicely decorated for the occasion. A large number of friends witnessed the ceremony.—D. A. Times.

Biliousness is due to a disordered condition of the stomach. Chamberlain's Tablets are essentially a stomach medicine, intended especially to act on that organ; to cleanse it, strengthen it, tone and invigorate it, to regulate the liver and to banish biliousness positively and effectually.
