WILL GIVE $500 TO SICK OF MARKDALE AND VICINITY

Famous Scientist Who Originated the Now Wonderful "Home Treatment" Offers $1.00 Package Free to Sick and Ailing.

In order that every reader of the Standard who needs treatment may have an opportunity to test this celebrated medicine, the now famous scientist has come to the front with an offer to give absolutely free a full size $1.00 package to five hundred persons to prove the wonderful claims which have been made for it. In making this offer the scientist said: "I know that there are many people who have been suffering for years with some chronic disease and many of them have spent large sums of money seeking a cure. I know that these people hesitate about investing money in medicine because they have despaired of ever getting well. Thousands have told me that same story and many thousands of the same people have told me afterwards that my treatment had cured them after doctors and everything else had failed. I want to show these despairing people that all the newspaper talk about my treatment is absolutely true. I want to prove to a limited number—no matter what the disease, no matter how long they may have suffered, no matter how blue and discouraged — that my treatment really and actually does accomplish, the wonderful results that have been reported."

People who suffer from Rheumatism, Kidney Trouble, Stomach Trouble, Liver or Bowel Disorders, Catarrh, Bronchitis, Asthma, Chronic Coughs, Weak Lungs, Lumbago, Piles, Urinary Disorders, Female Weaknesses of any kind, the weak, worn-out, broken-down and despondent will be delighted at the effect of a few doses. This wonderfdl treatment creates a fine appetite and helps the digestive organs to carry on their functions as they should. It strengthens the kidneys, too, and drives rheumatism poisons from the blood as if by magic. That is why people who try it become so enthusiastic.

Any reader of The Standard who will try this extraordinary medicine that has created so much excitement by its cures can obtain absolutely free a full $1.00 treatment by simply filling in the coupon below or writing a letter describing their case in their own words, if they prefer, and mailing it to-day to James W. Kidd, Toronto, Canada. No money need be sent and no charge of any kind will be made.

As this offer is limited, you should write at once, in order to be sure to receive your first treatment.

A short time ago a motor came to a standstill opposite a country cottage. The motorist tried to start the engine by the handle in front, but in vain.

His lady friend, arrayed in the usual motor costume, sat in the car, waiting.

At last the owner of the cottage came out and shouted:

"Now, then, there, thee must not play that hurdy-gurdy there; so clear off, and take the bloomin' monkey wi' thee!"

BRITAIN IS HOPEFUL

Another Coal Strike Conference May Bring Relief.

Leaders of Men Speak Encouragingly at Sunday Meetings and Feeling is General That an Agreement Will Be Reached To-day — Laborites Throughout the Country Protest Against the Arrest of Tom Mann.

London, March 25.—A hopeful feeling prevails that the conference today between the coal owners and the miners will prove successful and bring to an end the strike which is affecting millions of people of the United Kingdom.

Several of the miners' leaders, addressing meetings yesterday, spoke more encouragingly than for a long time. At Gateshead, Joseph English, president of the Northumberland miners, said he believed that some understanding would be arrived at between the miners and coal owners with regard to the minimum wage.

Albert Stanley, M.P., for Staffordshire, secretary of the Midland Miners' Federation, and a member of the joint conciliation board of coal owners and miners, speaking at Stoke, thought that the end of the struggle was near.

James Haslam, M.P., agent for the Derbyshire Miners' Association, in an interview, also spoke hopefully but said that it would be impeative to have a ballot of the men on any agreement, and that the miners could hardly resume work under another week.

The South Wales owners and miners are still skeptical. They believe that nothing will come of the conference. In North Wales the strike seems to be collapsing. Three hundred men, mostly members of unions, have returned to work in the collieries at Chirk. A similar disposition is apparent at other collieries.

The feature of the week-end has been the wild cry of protest against the arrest of Tom Mann, the labor leader, who is charged with having incited the King's forces "to commit traitorous and mutinous practices" by articles published in a Salford paper called The Syndicalist. At Glasgow, Liverpool, Huddersfield and elsewhere big demonstrations have been held in protest, and fiery speeches have been made denouncing the Government for invoking an obsolete seventeenth century law to suppress syndicalistism.

This Week Will Tell.

Cleveland, March 25.—A crisis in the coal situation determining whether more than 450,000 miners in the bituminous and anthracite fields shall strike on April 1, or suspend until new wage agreements can be effected, is expected this week.

Members of the executive board and policy committee of the United Mine Workers of America began to arrive here yesterday to prepare to draw up recommendations for a referendum vote by the union. They will not act, however, until after the operators and miners of the bituminous fields of Western Pennsylvania, Ohio, Indiana and Illinois at their session here Tuesday have decided whether they can agree on a two-year wage scale.

John P. White, president of the union, and the district presidents yesterday considered a proposal that the bituminous miners drop all their demands except that for an increase in pay, and that they ask for five per cent. instead of ten. The compromise was not definitely agreed upon, but it was considered as a probability in view of the stand taken by the operators that they were not inclined to yield.

It was propcsed that the single suggestion for a five per cent. increase be considered by both sides before it was taken into conference. Even if this plan was agreed upon, it was declared, it still would have to be adopted by the policy committee and then supported by a referendum vote.

The union officials are in doubt whether such a compromise would be approved at the referendum vote, since the full convention at Indianapolis several months ago expressly stood, not only for a ten cent increase, but for many changes in conditions such as a reduction of eight hours a week in the working time.

The union officials say an agreeable adjustment of the bituminous dispute would have much influence in securing for the 175,000 anthracite miners a settlement of their differences.
