KIMBERLEY

(Special to The Standard.) (Last Week's Items.) Miss Myrtle Smith left on Wednesday of this week for Weyburn, Sask., in company with her cousin, Mrs. Albert Long, of Fever-sham.

Our local 6 weatherman, Mr. Augustus Burritt, informs us that we are going to have a lot of cold, backward weather this spring. While not wishing to spoil his reputation as a weather prophet, yet we hope that his predictions will be the very opposite.

Mrs. J.R. Fawcett has spent the past couple of weeks attending the bedside of her daughter, Mrs. J.E. Corbett, of Dundalk, who has been seriously ill. We are pleased to report, however, that she is now making favorable progress toward recovery.

Mr. Jas. Hill has purchased from Mr. Geo. Hutchinson a house and lot on the east side of Main St. three doors north of the school, and will in the course of a month or so together with Mrs. Hill retire from the farm and spend the evening of their life in our village. Mr. and Mrs. Hill are old and highly respected residents of this locality and we extend to them a hearty welcome.

The regular meeting of the Farmers' Club was held in the Public Hall on Wednesday night of last week. The principal subjects discussed were: "The Care of Sheep" and "The Selection of Seed Corn, and Cultivation of Same." The above subjects were handled by Messrs. John Smith and R. R. Fawcett, respectively. Mr. G. H. Walter, one of the delegates from the local Club to the County Board of Agriculture, gave a good report of same.

Every farmer in the neighborhood should avail themselves of the opportunity of attending every meeting if possible as much valuable information is gleaned from the talks given by their fellow farmers on the different subjects under discussion.

It is in the club meetings that many farmers receive their first training in Public speaking.

A very necessary essential particularly in the twentieth century. At least half of the members of the local and federal parliaments of our country should be farmers and we believe one of the great reasons why the farmers are not more largely represented in our Legislative Halls is simply because not one farmer in fifty could address the chair properly, let alone make a public speech and what would be the use of sending such men to represent us in Parliament. We believe that the brainiest people of the world are to be found among the tillers of the soil, so let every farmer avail himself of the opportunity of attending the meetings of Club and take advantage of every opportunity that presents itself of Public speaking.

Mr. and Mrs. Jasper Gilbert left last week for their new home in Vancouver, B.C., and on their way will visit friends in Toronto, Detroit, and Grand Forks, N.D. We wish them a pleasant journey.

Master Dalton and Allen Ferguson visited Thornbury friends on Saturday evening and Sunday last.

No. our hockey team wasn't represented in the All-Star aggregation that played in Thornbury last week. The "All-Stars" are an amateur bunch while our team is composed of professionals—thus the reason.

McFARLAND & CO. Markdale

Alberta and Sask., returned home last week and were the guests of friends here prior to taking up their residence on the 11th line, Euphrasia. While repairing his cistern a few days ago Mr. David Weber accidentally dropped his watch into it, which found a resting place at the bottom of some three or four feet of water. The entrance into the cistern was small, yet Dave slipped through and dived down into the frigid waters and was successful in securing his valuable time piece. It was certainly a cold dip. Reeve W.T. Ellis and Township Clerk, N.L. Curry, of Rocklyn, and Mr. Duff, B.S.A., of the Dept. of Agriculture, were the members of a delegation appointed by the Euphrasia Council to interview the Provincial Minister of Public Works re a grant toward the lowering and clearing of obstructions out of the Beaver River. The delegation interviewed the Minister on Wednesday of last week. It appears that they were too late in their interview to secure any aid this year so it is quite probable that this important public work will lay over for another year. We are sorry to report Mr. W.S. Bishop on the sick list, but hope to hear of his early recovery. Glad to report that Mrs. Oliver Irwin is able to be around again after an attack of pleurisy. Mr. and Mrs. Hoggard, of Clarksburg, visited friends here recently and were the guests of the latter's parents, Mr. and Mrs. John P. Fawcett. Mr. Edgar Gorley, one of our progressive young farmers is this spring taking possession of the farm purchased by him a few years ago, situated near Epping School House. Better join the benedictus Edgar. Born—On Sunday, March 24th to Mr. and Mrs. R. D. Carruthers, a daughter. Messrs. John McGee, Andrew Fawcett and Arthur Walter visited Thornbury friends during the past week. Messrs. Wm. McKnight, Ashley McCullum, and Miss Perle Fawcett, all of Duncan, spent Sunday last the guests of the latter's parents, Mr. and Mrs. J.M. Fawcett. The pulpit in the Methodist church on Sunday morning last was ably filled by Mr. P. A. M. Auslan, of Heathcote. Mr. A.H. D. Plewes of Branford is holidaying at his parental home here. He leaves shortly for Sask. where he has a homestead. Squire Stuart left on Monday of this week for Parry Sound District to look after his real estate interests. Mr. R.J. Stuart returned home on Saturday last after an extended visit with friends in Bruce Co. Mr. John Plewes visited friends at Collingwood on Saturday and Sunday last. The entry of the T.N.O. Railway
