

The Last Word In Style

Here is the very latest New York Model in a three button sack. It is undoubtedly the smartest young man's style produced this season. Just take another look at it. Note the graceful lines, the well moulded shoulders and the smart fitting collar and lapels. The whole garment is "just right". I can show you a nice range of fancy Tweed and Worsted Suits, in this swell model. Come in and see them. Remember we ask no fancy prices. \$10.00, \$12.00, \$15.00 and \$20.00.

DE LAVAL

Cream Separators

The DE LAVAL is the one cream-separator which is used and recommended by well-known dairy authorities and creamery men all over the world.

Right here at home, too, the DE LAVAL has many enthusiastic users, any one of whom will be only too glad to speak a good word for the DE LAVAL. Here are a few of the names: Ask them what kind of service their DE LAVAL separator has given them.

We are always glad to set up a machine and let you try it out for yourself. If desired, we will accept a small cash payment and let you pay the balance on liberal terms. That beats buying a cheap "mail order" separator all to pieces. You can buy the DE LAVAL on terms, so that the machine will pay for itself out of its own savings. Come in and talk it over, or 'phone me, and I will call and see you.

Presentation to Dr. and Mrs. Williams

On the evening of May 7th the Euphrasia Town Hall, Rocklyn, was the scene of a pleasant assembly, when the many friends of Dr. and Mrs. Williams and family gathered together to show their appreciation of the Doctor's many and faithful services and to Mrs. Williams as a friend, neighbor, and hostess. Mr. Samuel McKnight very effectively filled the duties of chairman.

The Rocklyn Band helped to make the audience feel joyful. Rev. Mr. Beveridge, in his jovial way, for a few moments, made folk forget the gloomy side of severing friendly ties. At the close of the programme Mr. Leo Pottage, Mrs. C. Otton, and Miss Iva McCullough escorted the Dr. and Mrs. Williams and Miss Jean to the platform, when the Rev. Chas. C. Otton read an address of appreciation with accompanying token, wishing them every success in their new field o' labor. The following is the address:

To Dr. and Mrs. Williams—

As you are about to sever your connection with the Rocklyn community, on behalf of the committee and your many friends, we desire to show our appreciation of your sojourn with us.

You, Sir, as a young man, came to us in the full vigor and enthusiasm of your early manhood and put your best energies into serving efficiently the many patients to whom you were called in your large country practice.

We feel, Sir, you never saved yourself in stormy weather or fine, in good roads or bad; you additionally responded to the call of the sufferer when less manly than man might have left them for more favorable roads or weather. We ever welcomed you to our homes not only as our Doctor, but our friend. We always felt that we were in good hands and could trust you to do your best for us.

When the first few years passed and you doubled your richness and happiness by taking unto yourself a partner, we also became the honor for it, and your amiable wife has made friends wherever she has gone in our community.

We desire to express our appreciation of Mrs. Williams as a friend, as a neighbor, and a hostess that excels.

All of us who have had the pleasure of entering your home as guests feel that it will be difficult for us to find others who would take your places as genial, kindly, attractive hosts.

We feel keenly the loss we are sustaining in your departure as a small token of our respect and esteem, we hope that you will receive of this gold watch and silver service as simply a small momento of our regard that you may long live to use them and that your success and happiness may go with you in your new field of labor is the earliest wish of your many friends in Rocklyn and the whole community.

Signed May 7th, 1912, of the committee.

Richard Howell, after thrashing last fall, leased his quarter section farm near Rosetown, Sask., and returned to this locality. He received word a couple of weeks ago that his tenant had set out fire to burn stubble and that flames reached the out-buildings, destroying barn and granary with a quantity of wheat. The property was not insured and its destruction is quite a loss to Mr. Howell. The misfortune necessitates his going to the West next week.—Dundale Herald.

ROCKLYN.

Mrs. E. Cook spent a couple of days last week the guest of Mrs. C. Devitt.

Mr. Harold Curry, of Owen Sound, spent Sunday at the parental home here.

Mr. and Mrs. B. McLean and family of Bognor spent Sunday at the home of Mr. Walter McCallum.

Miss Alma Wallace arrived

Sunday from Chipawa Hill and is spending the summer with her grandmother, Mrs. J. J. Fails.

On Thursday evening the members of the Forest Lodge entertained quite a number of friends. During the evening they

had a meeting of the same.

The next meeting of the

Forest Lodge is on the 21st of May.

At a good turnout is looked for every one will be there.

Every time, allowing the

new ones, to grow up in their place. In this way the wood of the plant is always young and will bear better. Use insect powder on the cabbage to kill the cabbage worm. Often Paris Green is used but it should not be applied too late or it will be in the head of the cabbage and may

injure the caterpillar.
