BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box 849 Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

"IMPOSSIBLE TO HELP MY KIDNEYS"

Until I Used "Fruit-a-tives" Worlds Greatest Kidney Cure

Practically everybody in Toronto knows Professor J. F. Davis. For years, the elite of that city has taken lessons from Prof. Davis in the art of Dancing and Deportment.

His constant activity gradually weakened his Kidneys, which calamity threatened to make him an invalid.

But read Prof. Davis' letter—

563 CHURCH ST., TORONTO, ONT.
DECEMBER 29th, 1911

"I want to say that "Fruit-a-tives" is my only medicine, and has been for the past five years. Previous to that, I had been troubled with Rheumatism and Kidney Disease, and had taken many remedies without satisfactory results. Noticing the advertisements of "Fruit-a-tives" I adopted this treatment altogether, and as everyone knows, I am now—and have been since taking "Fruit-a-tives"—enjoying the best of health".

J. F. DAVIS.

If Rheumatism or Kidney Trouble is making you miserable, take "Fruit-a-tives" and get well.

The Farm Orchard.

The high prices which have ruled for apples the past few years make the farmer's orchard one of the money-makers on the farm. It is very difficult, however, to get farmers to realize this, says The Canadian Farm. They have been accustomed so long to look upon the orchard as largely a negligible quantity that they fail to see any good in it, even though prices for the fruit are high. A farmer would consider that if he reaped a harvest of 150 bushels from five acres of wheat, and sold it at $1 a bushel that he was making a very good thing of cropping those five acres. And so he would too, in so far as grain growing goes. But let us look in to this matter a little. To get that crop of wheat he had to prepare the land, sow the seed, harvest, and thresh it, the expense of which must be deducted from his gross returns from the wheat. On the other hand take a five acre orchard of well selected fruit. When the trees come into bearing, they are there to do business every year without any replenishing. The farmer does not have to put in new seed every spring. If he cares for his orchard properly he will have to prune, spray and keep his orchard cultivated and in good shape. Then he will have to pick the apples and prepare them for market. All this will mean some labor and some expense. But look at the returns in an average year under average conditions. The profits from some five acre orchards well looked after often equal the returns from a fifty acre farm. Yet the orchard is neglected, and if it produces enough for family use the owner is satisfied. Fruit growing in the larger commercial sense may be a specialist's job, yet this is no reason why the farmer should not get some cash return from his orchard every year.

WALTERS FALLS

(Special to The Standard.)

The extremely wet weather is beginning to make people feel anxious about their gardens, etc.

Dr. A. E. Little, Mrs. Little and Master Tommy, of Owen Sound, spent Sunday at Mr. Thos. Barker's.

Mr. and Mrs. F. E. Wickham were in Owen Sound last Wednesday attending the wedding of the latter's brother, Mr. J. H. Coleridge to Miss Scott.

Mr. and Mrs. John Dixon left for Toronto last Saturday with their young daughter to have her treated in the Children's Hospital.

The Quarterly Board of the Methodist Church circuit gave Rev. H. P. Stanley a unanimous invitation to remain for another year.

Mr. Hector McLean, of Ambleby, has returned to our village and is renewing acquaintances.

The Quarterly Board of the Walters Falls Methodist Circuit met in Walters Falls Church last Thursday. Among the items of business was the report of the church union vote taken on the circuit. The vote was as follows:

For Church Union—Members 128; Adherents 60.

Against Church Union—Members 4; Adherents none.

St. Paul's Church, Blind Line, Sydenham, will have their annual garden party on June the 6th. Kindly remember the date.

The Methodist Church Sunday School will have a picnic on June 20th.

Dr. Bull, of Holland Centre, was here on business Monday.

The efficiency of the refrigator depends upon its temperature. The larger the amount of ice, the lower the temperature, and therefore the greater the efficiency. If the amount of ice is very small, there will be such a high temperature that the food will spoil readily, so it is advisable to buy as large a piece as possible, and to always keep the supply sufficient to insure a low temperature. If paper is wrapped about the ice when it is put into the refrigerator it will not melt so readily. If the ice melts low before the iceman calls, open the doors of the chest and keep them open until the fresh supply of ice is put in.

Auld Lang Syne

25 YEARS AGO.

Items of General Interest from The Standard Fyles of May 26, 1887.

Mr. George T. St. Clair Wilson, a cousin of Miss McCaul, dressmaker, of Markdale, arrived here from Scotland last week. He landed here just two weeks from the day he embarked.

Master Tom Benson, of this place, left on Friday last for Manitowaning, where he will open a jewelry store. Tom is a steady, industrious young man, learned the trade with W. A. Brown, jeweller, of this place, and we hope to hear of his success in business.
