WALTERS FALLS

(Special to The Standard.)

Mr. Beverley Prowd, of Toronto University, was the guest of his brother, Mr. T. G. Prowd for a few days last week.

Mr. Guy Weckman, of the Stanley Mills Co., Hamilton, is visiting at his home here.

Mr. R. A. Rennie, Deputy Reeve of Euphrasia, is attending County Council in Owen Sound this week.

Those from a distance who attended the funeral of the late Henry Bonnell were Mr. Bert Park, Mrs. J. Park and Mrs. Soverby, Toronto; Mr. John Clark, Leamington; Mr. Geo. Mark and Mrs. W. Henderson, Little Britain; Mr. P. Mark and Mrs. E. McCarty, Oakwood.

This week it is our sad duty to chronicle the death of Mrs. David Young, who resided at her home, Blind Line, Holland, Friday the 21st, after a week's illness with bronchitis and pneumonia. The deceased lady had been in declining health for a number of years, but death came suddenly at the last. She was 70 years of age, and is survived by a sorrowing husband, one son and four daughters, who have the sympathy of all in their affliction. The funeral took place to McLean's cemetery on Sunday, and the remains were followed to their last resting place by a hundred vehicles. The service was conducted by the Rev. Mr. Beveridge, of Temple Hill.

Mr. and Mrs. H. Bonnell and Mrs. John Bonnell were attending the funeral of the late H. Bonnell.

The semi-annual meeting of the District L.O.L. was convened in Walters Falls on June 14th. After the business was concluded, Mr. John Delere, who was District recording secretary for forty years, was presented with an arm chair and pipe, together with the following address:

Brother Delere.—Knowing that you have acted in the capacity of district recording secretary of this district lodge for forty years, we realize that it is our duty and obligation to inform you that your most helpful services are appreciated beyond our expression. Your untiring and devoted efforts, your faithful and constant attention to the welfare of our district lodge during that time, have won for you a deep respect and most high esteem. You have been a strong and earnest worker in discharging the laborious duties connected with your office. We feel that the cause of the lodge and the prosperity of our district lodge may be attributed in a large measure to you. Your results have been only entirely satisfactory, but highly gratifying to the district lodge, and we feel greatly favored in having your valuable and beneficial help. Not only as an enthusiastic and faithful helper of our noble order, but also as a man of stability, integrity, liberality, your presence and perseverance in all things are qualities worthy of our attention and commendation. In remembrance of your noble and self-sacrificing services we have availed ourselves of the opportunity to thank you in a small way for the time and energy you have spent in the interest of our district lodge, and we now beg of you to accept these tokens in behalf of the district lodge, not valuable services, but that they may be an indication of the appreciation and esteem with which you are held by the district lodge. We trust that this chair may afford you much comfort during your future years, which we hope will be many, and that this pipe may add greatly to the comfort afforded by the chair. Signed on behalf of the district lodge, James Adams, Byron Carney, William J. Miller, Committee.

Mr. Delere, although taken by surprise, replied feelingly, thanking the members for their kindness. After which the Royal Scarlet Chapter was opened and adjourned to Wednesday evening, when eight candidates were exalted to Knighthood.

Cut Worms and Army-Worms

Two species of caterpillar, the cut worm and the army-worm, have been considered by the officials of the Experimental Farms to be of sufficient interest to the crop growers in Canada to warrant the preparation of a bulletin from them for public distribution. These two common enemies of crops are credited with causing every year damage amounting to a large sum of money, reaching in some seasons hundreds of thousands of dollars. They are both night feeders and are most destructive early in the season when vegetation is tender and, therefore, easily eaten off. Clean cultivation and the encouragement of birds are recommended as factors in the control of cut worms. The distribution of poisoned bran and fresh clover is also advised where practical whenever the worms are detected. To check the progress of army-worms on march furrows with holes dug at intervals are said to be effective. This illustrated bulletin (20) issues No. 3 of the Division of Entomology and No. 70 of the Experimental Farms, was prepared at the request of the Dominion Entomologist by his Chief Assistant, Mr. Arthur Gibson. It is published by Direction of the Hon. Martin Burrell, Minister of Agriculture. Copies may be obtained by applying to the Publications Branch, Department of Agriculture, Ottawa.

A TRIP TO THE COAST, VIA CANADIAN PACIFIC RAILWAY.

At this season of the year a great many are planning their summer vacation. What could be more delightful than a journey through the Canadian Rockies to Vancouver? A trip of this nature affords the traveller an opportunity of learning the wonderful resources and opportunities throughout Western Canada, besides enjoying the world's greatest scenery in the Canadian Rocky Mountains, where the Canadian Pacific have established palatial hotels which afford every possible comfort to the tourist.

The Canadian Pacific is the logical route to the West, affording the finest equipment and fastest train service—it is the only All-Canadian Route—no change of cars—all equipment is owned and operated by the C.P.R., affording the highest form of efficiency—direct service throughout—no transfers—also operating modern electric lighted cars on transcontinental lines—overland sleeping cars to Winnipeg and Vancouver.

It would be to the advantage of any person contemplating a holiday trip of any description to consult nearest C.P.R. Agent for illustrated literature and full particulars, or write M.G. Murphy, District Passenger Agent, Toronto.

The Country Village.

The country village still continues to answer in the affirmative the question asked nearly two thousand years ago: "Can anyone come out of Nazareth?" While the product of none may measure up to the same of perfection attained by the Greek and lowly Nazarene, yet it is the pride and glory of many of the villages of this land that they have given to the country some of its most eminent and public spirited men. Sir Charles Tupper, one of our most eminent statesmen, first saw the light of day in the hamlet of Amherst, N.S. Sir Wilfred Laurier, one of our most brilliant premiers, was born in the village of St. Lin, P.Q. as his birthplace. Sir Donald Macdonald, the Empire builder, made his mud pies at Acron, Ont. Jim Hill, the king of railway men, was born in a native land of Rockwood, Ont. Edward Blake, regarded by many as our greatest native-born Canadian, spent his childhood at Cairnmore, Ont. J.P. Mabee, whose loss is now so sorely mourned from the Atlantic to the Pacific, and whose life was so short in the heyday of his brilliant career was reared in Port Rowan, a modest village in the sunny shores and within sight of the tossing waters of turbulent Lake Erie.

The dentists of Collingwood are the first of the business men of that town to take up the summer half-holiday idea.

The Mesford Brick Company have commenced operations on their lands and the site of the factory and railway sidings have been laid out.
