A Human Match Factory

The body contains phosphorus sufficient to make 433,000 matches. Phosphorus is one of fourteen elements composing the body—divided among nerves, flesh, nervous system and other organs. The perfect health of body requires a perfect balance of the elements. These elements come from the food we eat—the stomach extracts and distributes them.

THE SUNDAY SCHOOL LESSON AT LAST, HE IS FREE OF LUMBAGO

INTERNATIONAL LESSON, FEBRUARY 16. Because He Took GIN PILLS

Lesson VII.—The call of Abram, Gen. 12: 1-9. Golden text, Gen. 12: 2.

Verse 1. Now Jehovah said unto Abram—These words give the sequel of the last verse of the preceding chapter, the country which Abram is commanded to leave being not Ur, but Haran. Just how God spoke to Abram we are not told. His voice is to be thought of, however, not as something external, but rather as heard within Abram's inmost soul.

Get thee out—Depart from thy country, thy kindred, thy father's house, and come into the land which I will show thee. Abram was to leave both his home and his relatives. This command to sever his family ties and wander forth into an unknown land was no small demand or test of faith.

It is interesting to note that the great blessing which is promised to Abram is to be a great nation and an example and a blessing to many nations. Be thou a blessing—According to the Hebrew idiom, the impersonation of blessing, most blessed (compare Isa. 21: 6, Isa. 29: 24; Zech. 8: 13).
