FLESHERTON

(Special to The Standard.)

Born—At Flesherton, on Friday, February 7th, to Mr. and Mrs. W. N. Field, a son.

Word has been received here today (Monday) of the death at Mount Albert of Mrs. Sloan, sr., widow of the late Mr. J. B. Sloan, of Eugenia, who was residing with her son. We understand the remains will be brought here for burial in the family plot.

The Presbyterian congregation held their annual business meeting on Thursday afternoon last. The very inclement weather kept some away, but there was a good meeting and notwithstanding the lack of a settled pastor for six months the work of the congregation was shown to be well up and the spirit of hopefulness prevailed. Mr. J. F. Chard opened with prayer, after which the Chairman of the managing Board presided, and Mr. G. H. Cairns acted as secretary. In the report of Session presented by Mr. T. R. McKenzie gratitude was expressed for the blessings of the year, temporal and spiritual. Special reference was made to the removal by death of Miss Ida Binnie, a very highly esteemed member and active worker in the church. The auditors' report showed the receipts on general account to be nearly $600, which together with balance from former year left a good balance on hand after meeting all liabilities. On Manse building account a balance of $89.00 remained. The Ladies' Aid closed with a balance in general fund of $165.00 and on Organ Fund $300.00. The Sabbath School had a balance of $142.00 and the Guild $25.00. The new minimum for minister's salary being now $1000.00 a resolution was adopted that this congregation assume 15 per cent. of the amount. This is the second advance of $50 from this congregation within three years. The retiring members of the managing board—Price Teeter, W. L. Wright and M. Ferguson, were re-elected. The secretary-treasurer, Jos. Blackburn, was re-elected. Mrs. Blackburn was re-elected organist and choir leader, and Chas. Stewart and Geo. Cairns auditors. Mr. McKenzie closed the meeting with prayer.

At the meeting of the Village Council last week the auditors' report was presented, the abstract of which was:—Receipts — Taxes, $2241.16; Legislative grant, $24.50; Fire debenture, $356.80; Interest, $2.30; Sidewalk debenture, $2000; loans, $5248.55. Expenditure — Salaries, $77.75; printing, etc., $43.70; Law costs, $10.00; roads and bridges, $405.55; Schools, $1388.10; Fire protection, $51.00; Miscellaneous, $17.50; Sidewalk expenditure, $1887.94. Balance on hand, $745.57. Public School—Receipts, including former balance on hand, $2868.81. Expenditure, $2269.93. Balance on hand, $598.91.

Holland Centre hockey team played a match with the team here on Thursday evening last; but the visitors, good fellows, weren't fast enough for the Juniors here, who won with 9 to 3.

Rev. F. L. Brown, Chairman of the Owen Sound District, and Mr. Parker, general financial agent of the Church, met with the Quarterly Official Board of the Methodist Church on Wednesday evening last week. Mr. Parker presented the new method of financing which is being largely adopted by Church Boards.

Artemesia Council had no meeting on Saturday last owing to the severe storm and snow blocked roads through which the reeve and other members were unable to get out. On Sunday the ministers were unable to reach all their outside appointments.

Mr. Wm. Jackson, for a couple of years a resident of this village, died on the 1st inst. at his home near Durham, aged 83 years. Four sons and one daughter survive him. One son, J.R., is a member of the Legislature in B. C.

Mrs. P. Holman's numerous friends here deeply sympathize with her in her bereavement by the death of her son, George V., at Grand Rapids, Mich., where he was employed as a printer and resided for some time. He leaves a wife and two children. The deceased spent his early years here and grew up to manhood very highly respected.

In our report last week of the characters in the Merchant of Venice played here we overlooked Miss Iva Mitchell as Jessica. She played her part well. The company have accepted an invitation to repeat the play at Eugenia.

Mr. W. Bramner, a student, preached in the Presbyterian church on Sunday and was much enjoyed. Rev. Mr. McLeod, a candidate highly recommended, will preach next Sunday.

Mr. George Boyd, of Mt. Forest, paid his sons a short visit last week.

Mr. Fred Karstedt and sister, Ella, were at Coldwater on a short visit last week.

Mrs. Corbett, accompanied by Mrs. Wright, returned on Friday from visiting her daughter at Drumbo.

Miss Bell Henderson left on Monday for Moose Jaw, after an extended visit with her parents here.

Mr. A. Stanfield, of Toronto, paid a short visit at the home of Councillor Blakely last week.

Dr. Murray is spending a few days in the city this week.

Miss Myrtle Blakely visited her uncle at Corbetton last week.

Mr. W. Boyd, of Regina, is on a short visit with his cousins, J. & W. Boyd, here.

Mr. Will Crossley, who has been living in Toronto, paid his parents a visit last week, and left on Monday to take a situation at Moosejaw, Sask.

At the recent meeting of County Council Mr. Thos. Henry was re-elected on the high school board here.

Mr. R. H. Moore received the news on Monday of the death on Sunday, of his cousin, Rev. Geo. W. Arnold, B.A., pastor of Knox Presbyterian Church, Guelph. Mr. Arnold, who occasionally visited his relatives in this vicinity, was a very able preacher.

The Literary Society of the high school had relaxation from study and an interesting hour on Friday afternoon last, when for program a town council meeting represented. Miss Annie McMillan presided with dignity, and during the weighty (?) deliberations there was much that was amusing from the budding young orators.

Mrs. W. A. Armstrong entertained a large company of young people at a skating party one evening last week.

Old People.

I want to say a word to the old people, says The Winnipeg Home Monthly. I see you wherever I go. I see you on the street cars. The conductor gives the car an extra rest when you get on or off, out of courtesy to your slow steps. I see you at church. You nod sometimes, but the sermon is not complete without your smile of approval. I see you in the warmest corner of the hearth reading the paper.

You have one great temptation—it is to think that your days of usefulness are over. You are only in the way, so you feel, and you'd better be out of the world.

It is a great mistake. If the Lord thought that old people were useless, He would have devised some way sudden to get rid of them.

What makes a person useful? Not ability to work. A baby cannot earn a penny, cannot do a stroke of work, yet it is often the most important factor in the household. Baby's coming often makes father "straighten up;" often unites the estranged hearts of husband and wife; often brings sobriety and industry into the home life.

An old man sitting in an armchair, feeble and helpless, may be the most useful member of the household. Let me say three things to you:

1. Old people are a blessing because of their accumulated wisdom. You have made the journey of life. You have the rich experience. That boy is a bright boy who forms the acquaintance of some aged person.

2. Old people supply a necessary conservative force. You make society more stable. You bring reverence to it. The age that is wise rises before the hoary head.

3. Old people link us to Heaven. You remind us of the future life. "My old mother knows how to pray," said a merchant recently to me. You bind us to the throne of God.

The earth would be positively poor without you. I am not sure but that you are the most useful members of society.

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases that so often follow. Chamberlain's Cough Remedy is famous for its cures, and is pleasant and safe to take. For sale by R. L. Stephen.

DON'T GROW BALD, YOUNG MAN!

Take Care of Your Hair While You Have Hair to Take Care of.

It's a safe ten to one bet that the young man who uses PARISIAN Sage as an occasional hair dressing will never grow bald.

There's a reason, of course, and it's a very good and sufficient one.

Dandruff germs cause falling hair and falling hair means thinner hair and in due time baldness.

PARISIAN Sage prevents baldness, by destroying the cause of baldness — the little persistent vociferous dandruff germ.

If you have dandruff or itching scalp it means that dandruff germs are sapping the vitality from the roots of your hair. Get rid of all hair troubles by using PARISIAN Sage.

It is not a dye, mind you, neither does it contain poisonous sugar of lead or even sulphur. It is a scientific preparation that abolishes dandruff, stops falling hair and scalp itch and makes hair grow lustrous and luxuriant.

Many young women as well as men are growing bald and for the same reason.

Use delightful, refreshing PARISIAN Sage; it nourishes the hair roots, if the roots are not dead; and brings to every user a head of glorious hair—radiant and fascinating. Large bottle for 50 cents cents at drug stores and toilet counters. See that you get PARISIAN Sage.

W. Turner & Co. guarantee it. OC-4

25 YEARS AGO

Items of General Interest From The Standard Fyles of Feb. 9, 1888.

Born—In Chatsworth, on the 29th ult., to Dr. and Mrs. Oldham, a daughter.

The hymnal has been recently introduced into the Presbyterian Church, Durham, for the first time.

R. W. Blakeley, of Euphrasia, left a "hat" at the Standard office last week, which he caught in his woodhouse.

B. Allen, Esq., ex-M.P., has been appointed Clerk of the first Division Court of this County in place of John Stephens, resigned.

J. W. Armstrong, Esq., of Artemesia, who has efficiently filled the office of township treasurer for the past twenty years, has tendered his resignation.

A notice of application has been given for an Act to incorporate the Wellington and Owen Sound Railway Co., to construct a railway from Durham to Owen Sound.

Mr. D. J. Lewis, of St. Vincent, had a yield of 12 bushels of timothy seed per acre which he sold to W. J. McFarland, of Markdale, for $2.55 per bushel. $30.60 per acre is a profitable yield for the amount of labor required.

A big throng assembled at the collet rink on Saturday night to witness the race between John Wallace running and Rudd Mathews on skates. The race was fairly and keenly contested and considerable money changed hands. Wallace won by about half a lap out of thirty.

Mr. Thos. Hill, late of the firm of Hill Bros., general merchants of this town, has purchased what is known as the "Noble" and "Lockyer" farms, one mile out of town, 200 acres, and is going to try farming for the good of his health. He intends building a brick house the coming summer. He will give his attention to stock and dairy farming.

Orillia Plans Celebration

Advent of White Race. Tercentenary of the Coming of Champlain to the Province to be Honored in 1915.

At one of the largest meetings in its history, the Orillia Canadian Club initiated a movement for the celebration in 1915 of the tercentenary of the advent of the white race to Ontario and the visit to this district of Samuel de Champlain in 1615. Speeches endorsing the proposal were made by Dr. Alex. Fraser, secretary of the Ontario Historical Society; Mr. John R. Bone, president of the Canadian Press Association; J. T. Simpson, warden of the county of Simcoe; J. P. Downey, ex-M.P.P., and a number of others.

Resolutions were passed instructing the executive of the club to proceed with the formation of the necessary committees and to take steps to urge the Provincial Government to the erection of a statute of Champlain at Orillia as a memorial of the prominent part taken by the great French explorer in the discovery and opening up of the province of Ontario, and of his explorations in this district in the winter of 1615-16, at which time his headquarters were at or near the present site of this town.

The movement is in the hands of an active committee, which will have the hearty support of the whole community and a strong effort will be made to secure a substantial vote in this year's estimates.
