THOMPSON'S

Spring Clothing Announcement

I have just received an advance shipment of Men's New Ready-to-wear Suits in the very latest New York models and designs for Spring 1913. Whether you wish to buy or not I invite your critical inspection of these beautiful bench-tailored garments. I have opportunities of seeing nearly every make of clothes sold in this country, and as a practical tailor I have no hesitation in placing these lines at the head of the list for Style, Fit, Tailoring and Wearing Quality. It will pay you to see these garments even though you are not prepared to buy. You will find my prices are always right.

$12, $15, $20.

Of course I have the cheaper lines $6 to $10, which are good value for the money.

Spring Suitings to Order

My new Spring Suitings are also here. In this line I am showing a more extensive range than ever in high-class English Worsteds and Scotch Tweeds. I make these up to your order under my personal supervision, bearing the old reliable guarantee—First Class Fit or money refunded. Let me have your order and get first choice.

New Spring Shirts, New Spring Shoes, New Spring Hats.

E. Grey School Question

Editor Markdale Standard:

Gentlemen,—In your issue of the 6th inst there appeared a report of some of the County Council business in which it is stated that Mr. Huff, Public School Inspector for East Grey, was exonerated from the charges made against him in a petition presented by a deputation from the Public School Trustees Association of East Grey.

I wish to intrude on your valuable space to reply in behalf of the deputation to the said report and point out to the Public the true facts.

The petition was presented on Thursday afternoon to the Council, and contained the charges of partiality, inefficiency, and neglect of duty.

Mr. C. J. Eaton, of St. Vincent township, was the second member of the deputation who addressed the Council (not Henry Tomlinson as reported) who said that 12 or 13 school boards in his township alone had signed the petition, which, altogether, contained about 180 signatures, being officials of school boards from all parts of the Inspectorate.

The other two gentlemen who were reported to address the Council were Mr. E. Parkinson, of Collingwood, and Mr. R. D. Meldrum, of Artemesia townships.

Report says that Mr. Calder asked the deputation to state a specific case. This the deputation was holding in reserve for the discussion that would follow before the educational committee. The said charges were made and proved by Affidavit.

After hearing the discussion the committee decided to recommend that no action be taken in the dismissal of the Inspector on the ground that it was not within the power of the council to grant the prayer of the petition.

Whether this was an intelligent verdict or not we leave it with the Public to judge, as the mover of the motion (being a member of the committee) was at the curling rink, and only present for a few minutes in committee.

When the educational report was presented on Friday afternoon it was allowed to pass without any discussion for the reason that a member of the council stated that satisfactory arrangements had been arrived at.

Later Mr. Calder moved a resolution asking that Mr. Huff recommend the department of education to issue permits to the teachers of S.S. 12, Euphrasia and pass his order for all grants witheld and also to fyle with the Clerk a copy of the correspondence. Mr. Huff asked leave to speak five minutes, which the Warden granted. Mr. Huff agreed to the demands of the motion and said he would recommend permits to all teachers requiring the same. Mr. Calder withdrew his motion.

Report was that a motion was made exonerating Mr. Huff from all blame. This is absolutely false, as no such motion was made that would imply that Mr. Huff was exonerated from blame.

On the contrary, many members of the Council after the close of the session, expressed themselves in no uncertain sound that the delegation, while handling a monster proposition, showed marked ability and proved beyond a doubt that they had just cause for complaint.

In conclusion I would say that if the Public School Trustee Association of East Grey had sent their deputation direct to the Minister of Education Mr. Huff would not hold the position to day.

Caldwell's Molasses Meal

It does more than that—it also insures the health of your cattle besides reducing general feeding costs by a substantial margin. It is 84% pure Cane Molasses and 16% edible moss selected for its unique digestive action. You know the feeding value of pure Cane Molasses. Caldwell's Meal is the only wasteless form in which it can be fed. It's always palatable and dry to the touch. Takes the place of an equal amount of other cereal, making it more palatable and digestible. Most likely your feedman handles it, but write to us at any rate for the facts.

Presentation.

The home of Mr. and Mrs. J. M. Patton, Temple Hill, Euphrasia, was the scene of a large gathering on Wednesday evening last when neighbors and friends to the number of 120 met together to bid Mr. and Mrs. Patton good bye before taking their departure for the West. The evening was pleasantly spent by all present in dancing games and other amusements.

The ladies prepared a splendid supper, which was served at 12 o'clock, after which the committee in charge read the accompanying address and made the presentation.

Both Mr. and Mrs. Patton very feelingly replied and heartily thanked all present for their presence and gifts, which they would appreciate in remembrance of their many friends and extended an invitation if any of them should ever come west to call and share their hospitality.

Mr. and Mrs. Patton will reside at Yellow Grass, Sask.

The following is the address:

To Mr. and Mrs. J. M. Patton and Baby,—

We, your friends and neighbors, having learned of your removal from our midst, have met together this evening to bid you farewell.

We have been associated with you from our childhood days, and have always found you ready and willing to share in our sorrows, as well as in our pleasure.

We have on many occasions experienced your kindly comfort and assistance in time of sorrow and trouble, by which you have interwoven a tie which will bind our thoughts together although we may be separated.

We ask you, Mr. Patton, and you, Mrs. Patton, to accept this chain and locket, watch and chain, and purse, not on account of their value, but as a token of our esteem for you; which no doubt you will hereafter cherish in fond remembrance of your former associates.

Our best wishes for your future and happiness in your new Western home will ever be extended to you, and we trust that a goodly measure of prosperity may attend you wherever your lot may be cast.

Signed on behalf of your friends,
Sylvester Clarke.

Ed. McLean.

CHERRY GROVE

(Special to The Standard.)

Mr. and Mrs. J. L. Irving visited friends on the Toronto line on Sunday.

Miss Lily Fawcett, of Vandeleur, spent a few days last week at Mr. R. Bradey's.

Mr. Duncan Sewell, who has been holidaying with relatives here for the past couple of months, returned last week to his home in Toronto.

Mr. and Mrs. W. Taylor visited on Sunday with friends in Markdale.

Miss Faulkner, of Thornbury, is spending a few weeks with her sister, Mrs. L. Burnett.

Mr. George Taylor has accepted a position as assistant night operator on one of our local switch boards. Don't fall asleep at the switch, George.

On Friday and Saturday last Mr. W. E. Bradey's woodyard was the scene of one of the largest lumber bees ever held in this vicinity. The boys around here turned out in full force, and thirty-five bumper loads were landed at the C.P.R. depot

OWEN SOUND

The Canadian Northern is evidently figuring on a branch across Grey County. Mr. G. C. Collier, Locating Engineer for the Company, was in Owen Sound last week looking over the ground and will report to Sir William Mackenzie. The line would likely extend from Orillia via Collingwood, Meaford and Owen Sound to a point on Lake Huron in Goderich direction.

Prospects are bright for the erection at an early date for a fine elevator with a capacity of one million bushels. Messrs. McDonald and Allen, of Toronto, are behind the proposition and their engineer, Mr. Worker, the man who built the Goderich elevator which is now paying large dividends, was present with above gentlemen at a joint meeting of town Council and Board of Trade last week. The proposed building is to be concrete and steel, and to cost $260,000.

Famous Scientist Who Originated the Now World Famous Home Treatment" Offers $1.00 Package Free to Sick Readers of The Standard

In order that every reader of The Standard who may not have heard of this wonderful Home Treatment" may have an opportunity to test this celebrated medicine, the now famous scientist, Dr. James W. Kidd, offers to give absolutely free a full size $1.00 package to five hundred readers of this paper, to prove the wonderful claims which have been made for it. In making this offer the scientist said: "I know that there are many people who have been suffering for years with chronic kidneys, bladder and many other diseases and many of these have spent large sums of money trying to get a cure. I know that many people hesitate about investing in any remedy because they have despaired of ever getting a cure, and have told me that after many thousands of people have told me that my treatment had cured them after doctors and everything else had failed. I want to send a limited number—no matter what the disease, no matter how long they may have suffered—no matter how blue and discouraged that my treatment really does accomplish wonderful results that have astonished."
