> WOMEN SING THE PRAISES OF DODD'S KIDNEY PILLS.

Saskatchewan Lady Adds Her Testimony To What Has Already Been Said of the Great Work Dodd's Kidney Pills Are Doing.

Caesarville, Sask., June 2-(Special.—The scarcity of female help in a new country subjects the women of the prairies to unusual strain, and careful observation has established the fact that this strain first makes itself felt in the kidneys. For this reason Dodd's Kidney Pills are making an enviable reputation from the Great Lakes to the foothills of the Rockies.

Everywhere you will find women singing the praises of the great Canadian kidney remedy that has banished their pains and weariness, and brought them back to health. Among the many is Mrs. Edgar Cowen, an estimable lady of this

I have found Dodd's Kidney, Pills very beneficial," Mrs. Cowen states. "If anything I can say will help any sufferer I am glad to add my testimonial to what has already been said."

The kidneys strain all the refuse material out of the blood. If they are out of order this refuse remains in the blood, and becomes poison. That's why sound kidneys mean pure blood and good health. Dodd's Kidney Pills make sound

MEMORY IMPROVED.

Since Leaving Off Tea and Coffee. Many persons suffer from poor memory who never suspect tea and coffee have anything to do with it. The drug caffeine in tea and coffee, acts injuriously on the nerves and heart, causing imperfect circulation, too much blood in the brain at one time, too little in another part. This often causes a duliness which makes a good mem-

ory nearly impossible. "I am nearly 70 years old and did not know that coffee was the cause of the stomach and heart trouble I suffered from for many rears, until about four years ago,

writes a Western woman. "A kind neighbor induced me to quit coffee and try Postum. I had minard's Liniment Cures Colds, Etc. been suffering severely and was greatly reduced in flesh. After using Postum a little while I found myself improving. My heart beats became regular and now I seldom ever notice any symptoms of my old stomach trouble at all. "I like the taste of Postum fully as well as coffee."
