## ELECTRIC LIGHT PLANT DESTROYED BY FIRE

SCENE AT HAYWARD'S FALLS

Showing Power Plant, Residence and Pond. The power plant, which was destroyed by fire on Friday night is seen a little to the left of the picture.

Back to the coal oil lamp and the tallow dip for Markdale! Owing to the destruction by fire on Friday night last of Minnis' power house at Hayward's Falls, some eight miles out of town, Markdale is without electric light, and will be obliged to remain so for some time. The origin of the fire is a mystery, all the same the destruction of the plant was complete, and to make matters worse there was no insurance.

Minnis Bros. have for many years given an excellent service. They will, however, erect with all possible speed a new power house, of

which, and install a new dynamo and plant. It is indeed fortunate that the days are at their longest, so that the want will be less serious than it would otherwise prove, and besides it's a favourable time for rebuilding.

Our Traverston correspondent has the following further particulars of the destructive blaze:

This neighborhood sympathizes with Mr. Orr Minnis in the wiping out of his electric power house at Hayward's Falls on Friday night. The fire broke out about 10.15 and the first thing Mr. James Ritchie, the electrician, knew was when vol-

umes of smoke and flame poured into the powerhouse from the shaft building. He closed off the dynamo, and in endeavoring to telephone the news to Markdale was badly scorched and had to flee for his life, losing his clothing, some money, and the books belonging to the firm. All night he and a half dozen neighbors fought to save the transformer and the dam. They did noble work, but the rest was soon a scrap heap. The loss will be a heavy one, as there was no insurance and the inconvenience to the citizens of Markdale will certainly be deeply felt.

Owen Sound is considering the formation of a Motor Car League. There are between 70 and 100 cars in that town at present.

Beeton has advanced the price of town water supplied the G.T.R. at their station to six cents per thousand gallons, or a flat rate of \$1000 per year.

The annual garden party of Walters' Falls Methodist Sunday School will be held on Thursday, the 26th June. Baseball, a good program and supper all for a quarter.

Fire broke out in O'Hare & Sons' Woolen Mills, Midland, and owing to the fire bell rope breaking as it was being rung, considerable damage was done before the firemen arrived.

An emergent meeting of Hiram Lodge No. 490, A.E. & A.M., will be held in the Masonic Hall on Thursday evening of this week, June 19. A full attendance is urged. H. C. Duff, Sec'y; J. W. Tucker, W.M.

A garden party will be given at Temple Hill on Friday, July 4th. A ball game in afternoon. Rocklyn band will be in attendance. Good program for evening. Tea about 6. Admission 25 cents, children under 12, 15 cents.

John McQuaker was the unanimous choice of the Liberal Convention held in Owen Sound last Wednesday to contest North Grey in the coming by-election. C. S. Cameron, of Owen Sound, is the Conservative candidate.

Mr. J. S. Owens, of Beeton, has been notified that he is the beneficiary to \$9000 life insurance policy of a man who died recently in Grey County. He had befriended the man many years ago and the reward was quite unexpected.

The draining of the Holland Landing marsh is again a live subject in Bradford and King and West Gwillimbury. It is now probable that work will soon be commenced under the municipal drainage act to reclaim several thousand acres of the barren land.

Happy is the town that contains citizens like Mr. J. A. Culverwell, C. E. Port Hope, who has added to several other recent public benefactions a gift of supplies for the entire Baptist choir. He is himself a member of St. John's Anglican church.

Fall wheat is looking exceptionally well in this district generally. Mr. W. R. Burnett has a ten-acre field on the Armstrong homestead which is as fine as we have ever seen. Not a thistle or weed to be seen, or a defective spot, even about the fences.

The English Church, Benverdale, will hold their annual garden party on June 25th. An excellent program will be rendered, consisting of speeches, music, dialogues, recitations, etc., by local talent. G. Thompson, Scotch Comic, will also entertain. Admission, adults 25c, children 15c. J. H. Horsford, B.A., Incumbent.

Monster Dominion Day Celebration at Flesherston, July 1st, \$700 in prizes. Forenoon—School Children's Parade 9.30 a.m. Aquatic Sports on Flesherston's Pond at 10.30 a.m. Afternoon—Horse Racing, Ball Matches, Tug of War, and all Athletic Sports, etc. Evening Grand Concert in Assembly Hall of the High School. Everybody come and enjoy a good day's sport. For particulars see large posters.

Read Standard "Want Advs." on Page 5.

Attention! Please! Just a gentle reminder lest ye forget June 27th, the date of Lily Oak's monster garden party. Come one, come all and spend a truly enjoyable and pleasant time with the real live sports of Lily Oak.

In the final draft of stations no change is made on the Owen Sound district from that given last week, except at Rocklyn, where Rev. Wm. A. Sinclair is stationed. Rev. H. E. Wellwood goes to Sunderland and Rev. J.S.J. Wilson to Hawkebury.

A picnic under the auspices of the ladies of St. Mathias Church, Berkeley, will be held on Tuesday, July 1st, at Mitchell's Grove. Mr. McLeod will be on hand with the bagpipes and a good program of sports is being arranged. See bills.

A meeting of the members of the Walters Falls Agricultural Society will be held in Walters-Falls on Saturday, June 21st, at 2 p.m. Members of 1911, 1912 and 1913 only are entitled to vote. Samuel Marshall, Pres., Fred E. Wickham, Secretary-Treasurer.

The sacrament of the Lord's supper will be dispensed in Cook's Markdale next Lord's Day at the morning service and in Cook's Berkeley in the afternoon. At the evening service in Markdale the pastor will have an important message for the people.

Now for payment of water rates for second half of 1913, and for lawn sprinkling privileges. The latter has been re-adjusted, and is from 7 until 9 p.m. but should this generous time limit be abused by over-time use the same will be again cut down to one hour.

The necessity for a farmer to move to town for the evening of life in order to avail himself of the privileges thus afforded seems to have passed. The advent of rural mail delivery and the telephone has brought town and country home together, while the automobile makes it a real pleasure to reside five or ten miles out of town. Who wouldn't be a farmer?

Last Sunday, being Conifer Sunday, the Methodist Sunday School held a flower service in the morning. The pulpit and altar were beautifully decorated with flowers. The choir led and centre of the church were filled with juveniles. Choirmaster Dundas presiding at the pipe organ. Superintendent Shortill presided. Mrs. D. J. Henry gave a splendid address on character building, illustrating her talk with flowers and plant life and characteristics. Mr. Burke, High School Principal, delivered an address on the importance and destiny of character, which was justly appreciated. Other contributions by the children together with good singing made up an excellent service. The evening service was taken by the Woman's Missionary Society and was also very successful.

At the nominations in Holland on Saturday to fill the vacancy in the council caused by the death of Mr. S. C. Greenaway, James Adams and Henry Sargent were nominated for the office. On Monday Mr. Sargent withdrew, leaving Mr. Adams elected by acclamation.

MARRIED

LOCKES—BOYD—At Temple Hill, on June 11th, 1913, by Rev. J. M. Phalen, Miss Fanny Boyd, to Mr. James Lockes, of St. Vincent.

Injured at Barn Raising

Mr. Charlie Williams, who has been in the employ of Mr. Albert Jackson for several months, was injured while attending Hamilton McFadden's barn raising in the suburbs on Monday. The circumstances as related to The Standard were that he was jumping from the top of the granary to the floor, a distance of about eight feet, when the piece of timber he caught hold of to swing himself down gave way and he alighted with much greater force than he had expected. After striking the floor he fell forward onto another piece of timber, and so injured his abdomen that medical attendance was deemed necessary. He was hastily brought to town in Jack Hamilton's auto, but an examination by Dr. Brown revealed no broken bones, and it is expected that he will be around again in a few days.

## Contract Let for Carnegie Library

At a meeting of the library building committee on Friday evening last, Mr. Forster was present also a full board. Messrs. John Dillon and Hugh Firth were named from the figures were considered and architect closely and judiciously and Mr. Firth being the lowest bidder the contract was awarded to him. The board being unanimous. Mr. J. H. Stephenson presented a petition with some fifty signatures favoring a site on Elizabeth street, but it was defeated by a vote of 10 to 5. The plans and specifications were forwarded the following day to the Carnegie Trust for approval, and we may look for work to begin on the building in the near future.

## Rev. Mr. Dymond Replies to Critic

Last Sunday morning the Rev. Mr. Dymond, of the Anglican Church, replied to a critic of the Church who had written an article in the Standard. Mr. Dymond pointed out the many activities and organizations of the Church at home and abroad, and the great missionary work in the North, as well as in Africa, India, China and Japan, which were being carried on under the auspices of the Church. He also pointed out the contributions of the Church to the world's peace, and the work of the Church in the various fields of human progress. He stated that the Church was not a passive body, but a living and active force in the world, and that it was the duty of every Christian to support and uphold the Church in its various activities.

## New Bridge at Barrhead

A bridge has been built for some two weeks getting a foundation for the new concrete bridge over the Saguenay river at Barrhead Mills a mile west of Markdale. The footings of this bridge are 8 x 8 feet and considerable difficulty is being experienced in getting down to water level and keeping the water pumped out so as to allow the concrete to properly set. The footing has been completed and excavation is being made for the other. The span in the base is 32 feet, depth of water six feet and then 18 feet 6 inches to crown of arch with two feet of soil above. The road bed will be 8 feet higher than formerly, thus materially reducing the toll to the West, which is rock, and is being built in concrete. This bridge has been much needed and will complete what was begun by the old bridge.
