Bolton Enterprise—An enthusiastic

friends about a proposed fishing

contemplation. "Are there any
trout over there?" asked a friend.
"Thousands of 'em," will they
bite easily?" "Will they be
absolutely vicious? A man

Mrs. John Erskine.

(Orangeville Banner) The death of Isabella Scott, relict of the late John Erskine, took place at the home of her daughter, Mrs. James Duke, Grand Valley, on Tuesday, Aug. 12th, 1913, after an illness of over a year, the last three months of which she was confined to her room, where all that loving care and attention could be bestowed was given, but the grim reaper held sway, and she passed to her rest after a life of 80 years and 5 months. She was born in Chinguacousy township on March 8th, 1833. On January 4th, 1856, she married the late John Erskine, whose union was blessed with a family of nine children—four daughters and five sons. She survived by the following children: Mrs. H. McCannell, Fullerton; Mrs. Jas. Duke, Grand Valley; Robert, of Euphrasia; John, of Alton; William of St. Catharines; Jacob, of Grand Valley. At the time of her marriage she settled on lot 25, con-6 Galedon township, where they resided until 1892, when they removed to Grand Valley at which place she resided for the last 20 years. A service was held at the home in Grand Valley on Wednesday evening by Rev. D. Smith, and on Thursday interment took place at Alton. Among those who attended from a distance were Mrs. O. McArthur and Mr. S. Scott, of Hamilton; Mrs. A. McLean, Moncrieff brother and sisters, Mr. and Mrs. L. Scott, Elora, nephew; Mrs. Jas. McKinley, Toronto, niece; Mrs. Jas. Erskine, Markdale. Besides her family mentioned above she leaves nineteen grand children. Her husband predeceased her nearly ten years ago.

CHERRY GROVE

Boyd Bros. Purchase
McFarland & Co. Stock

Messrs. J. & W. Boyd, of Flesherton, have purchased the stock of McFarland & Co. here, and on the completion of stock-taking which is now in progress and which will probably occupy one week, will take possession. Boyd Bros. have proven themselves wideawake and progressive business men of Flesherton, and we are pleased to welcome such energetic citizens to our town. On the other hand we regret that the established firm of McFarland & Co., which has been a landmark of the town for over half a century, will be dissolved, which means the removal of Mr. and Mrs. W. L. McFarland who have been excellent citizens. Mr. McFarland, who has been in charge of the store for several years, has found it necessary to give up business owing to ill-health and will seek restoration in another climate. He and family will spend the winter in California. Mr. John Boyd will move to town in November, and will occupy the old McFarland homestead, "Endfield Villa." We understand Mr. Boyd will bring several of his present staff in Flesherton to Markdale, including Mr. Herby Smith, whom with his family we will also be pleased to welcome. Boyd Bros. are fortunate in securing this old established store's business and with their characteristic energy and dash will no doubt make a splendid push to their undertaking.

One of the most important movements ever inaugurated among the farmers of Grey is in course of formation at Chatsworth. A number of farmers of that section have undertaken to organize a Farmers' Co-operative Marketing Association, in order to give them proper facilities for marketing their farm products. Mr. Duff, the Gray county representative of the Ontario Agricultural Dept., has been assisting in getting the movement under way. Two preliminary meetings have been held and it is understood that there will be a full meeting some time next week when the work of the organization will be completed.

The object of the Association is to secure the co-operation of the farmers about Chatsworth in marketing their fruit, poultry, butter, honey, potatoes, etc. By uniting in this way it is claimed that the farmers will be able to ship their produce direct to the cities and secure better prices than by dealing indirectly with the buyers.

A warehouse will be opened up in Chatsworth and conducted along the plan of the warehouse of the Owen Sound Fruit Co., except that the line will not be confined to fruit.

The advantages are many and in starting a movement of this kind those connected with it may reasonably look forward to success.

The financing of the proposition

will be done largely with promissory notes, given by the individual members, and with these as security money will be obtained to handle the season's crop.

It is claimed that the Association will be a distinct benefit to the business people of Chatsworth as well as to cash business will be conducted.

The undertaking in Chatsworth is said to be the first instance in Ontario where a scheme of this kind will be tried, and the experiment will be watched with interest.
