MISHAPS ON GREAT LAKES
THERE ARE LESS ACCIDENTS THE LAST TWO YEARS.
Investigations Are Followed Up—Aids to Navigation Improved.
Have the number of accidents on the Great Lakes been increasing during the past couple of years in a manner commensurate with the enormous development of lake steamship traffic?

Arc You Droopy, Tired, Worn Out?
Here Is Good Advice to All Who Feel as if Their Vigor and Life Had All Goozed Away.
Your experience is probably somewhat similar to that described by Mr. J. E. Fleming in the following letter from his home in Lebanon: "I think I must have the most sluggish sort of a liver. In the morning my mouth is bitter, and that foul, sour feeling that tells you, 'No breakfast needed here this morning.' A cup of coffee would sort of brace me up, but in two hours I was disposed to quit work, all energy having oozed out of me. Supper was my only good meal, but I guess I didn't digest very well. I dreamt to beat the band. A friend of mine put me wise to Dr. Hamilton's Pills. I think they must have taken hold of my liver, perhaps my stomach, because at the very start they made things go right. Look at me now—no more sleep in the daytime, but hunting for the mighty dollar and getting fun out of life every minute. That's what they have done for me—they have re-built and rejuvenated my entire system."

NEW DETECTIVE METHODS.
Criminals Are Now Divided Into Various Classes.
The new system of detecting criminals is based upon the fact that the criminal class is composed of many classes and sub-classes, and that each sub-class is composed at least of individual human beings each with a distinct and distinguishable individuality of his own, says the London Times. The criminal is an artist in his own department and stamps his individuality on his crime.

SCALES, DANDRUFF AND ITCHING
Head So Itchy Could Hardly Stand It. Dandruff Showed on Coat Collar. Cuticura Soap and Ointment Cured in One Month.
223 Elizabeth St., Montreal, Que.—"Cuticura Soap and Ointment cured me permanently from dandruff and scalp itch that I was suffering with since over a year. I had an inflammation of the lungs and a very strong fever. When I recovered, my head was covered with scales and dandruff, and it was so itchy I could hardly stand it. The dandruff showed on my coat collar. I used various medicines without relief. I heard of Cuticura Soap and Ointment and decided to try them, and I am very glad of it, because I am perfectly cured. I used two boxes of Cuticura Ointment with the Cuticura Soap. It took one month to cure me. I take pleasure in recommending Cuticura Soap and Ointment to anyone who is suffering with scalp or skin diseases." (Signed) Hector Proulx, Dec. 30, 1911.

Love Made Him Light
Jan MacLaren tells a sweet story of his native Scotland. While sauntering along a country lane one hot afternoon, he met a bonnie lass who was very red in the face from the heat and who breathed heavily under the burden of the chubby youngster she carried in her arms.

No More Neuralgia; Headache Cured
A Journalist Tells of the Advantages of Keeping Nerviline Handy on the Shelf.
Fifty years ago Nerviline was used from coast to coast, and in thousands of homes this trusted liniment served the entire family, cured all their minor ills and kept the doctor off their minds.

No Wonder He Balked
A youthful stoker was brought before the commanding officer of the Devenport naval barracks. The charge was that the boy had refused to enter the swimming bath when he was asked what he had to say for himself, the youth replied: "Sir, I've only been in the navy three days. The first day the doctor drew six of my teeth; the second day I was vaccinated, and the third day the petty officer he says, 'Come along, we're a-going to drown you!'"

These Tomcats
"Each dog has his day," is a proverb of our tribe. So, my add, if we may, "Each cat has his night."

How X-Rays Have Improved
When the X-rays were first adopted for making radiographs for surgical purposes they show only such things as bones and bullets or other foreign objects in the body. Now, however, every organ of the body—silver, lead, bismuth or other metals which are opaque to the various organs of the body—that are regarded on plates.

A Tightwad
Fred Brown is an awful tightwad. "Fred," I should say as much. He won't even tell a story at his own expense.
