A Close Call.

A very strange coincidence occurred Tuesday of last week, Sept. 9, on the day Bert Stephenson, of Melancthon, was killed by a live wire at Streetsville. On the same day at Elmvale Sam Armstrong, son of W. J. Armstrong, of Dundalk, was at work with the Hydro-Electric gang on line construction.

Flour trial is essential but— it is not your work!

Flour varies from time to time in baking quality. This is because wheat continually varies according to soil conditions, etc.

Therefore, if baking results are to be constantly high, baking tests are essential. It is unreasonable to expect you to make these tests at your expense.

PURITY So from each shipment of wheat delivered at our mills we take a ten pound sample. This is ground into flour. Bread is baked from the flour. If this bread is high in quality and large in quantity, we use the shipment. Otherwise we sell it.

By simply asking for flour bearing this name you can always be sure of more bread and better bread.

Wanted to Buy Shoes At Saugeen Junction

On Tuesday morning while driving into town with her friends, Mrs. George Short, of Feversham, met with a painful accident.

When passing the steam roller which was working on Hurontario street south of Eighth street, their horse became frightened and upset the rig. Mrs. Short was thrown out and suffered very painful injuries.
