VOTERS' LIST

Municipality of the Township of Holland.

Notice is hereby given that I have transmitted, or delivered to the persons mentioned in sections 8 and 9 of the Ontario Voters' List Act, the copies required by said sections to be transmitted or delivered of the list, made by pursuant to said Act, of all persons appearing by the last revised Assessment Roll of the said Municipality, to be entitled to vote in the said Municipality, at elections for Members of Legislative Assembly and at Municipal Elections, and that the said list was first posted up at my office at Holland Centre the 6th day of October, 1913, and remains for inspection.

Electors are called upon to examine the said list, and, if any omissions or any other errors are found therein to take immediate proceedings to have the said errors corrected according to law.

JAMES P. HARE, Clerk.
Dated Oct. 8th, 1913.

Quebec is to have a two million dollar Union Station, to be built by the federal government. This is to accommodate ten different lines of railway, among them three transcontinental.

Priceville Fair.

The first day of Priceville Fair, though cloudy, yet remained fair, and the hall was well filled with exhibits. There were fine samples of grain, and the roots and vegetables were a source of wonder to the majority of spectators, many of whom assured us that the field roots were more than twice the size of any they have seen at some preceeding fairs; the entries were numerous, and the Judges had to use scales as usual in order to make the awards. There was a large assortment of garden vegetables, which seemed to be of excellent quality, and was truly a surprise to see such produced in a dry season like the present one.

The Fruit and Flower exhibit was not nearly so good this year. The Pastry entries were very numerous, and E. A. Rowe, the Durham baker, had a busy afternoon judging the Bread, Cakes, Pies, Jellies, Pickles, etc.

The Ladies' Work department was well filled although not so crowded as last year, and was judged by a Mrs. Ferguson, of Brussels, Ont., a Government Judge, and then she went to the Dairy department, where she found a large exhibit of such excellent butter that it would almost puzzle any Judge to decide which were the best exhibits. The Judge stated that during her tour of the Fairs this fall, she had not seen such excellent butter except in one place in Ontario.

The weather on the second day was rather threatening in the morning, which seemed to make a difference in the gate receipts; but the stock show was excellent. The Government Judge on Horses said that many of the horses should have been at the Toronto exhibition. The Sheep pens were crowded with fine animals, and there was keen competition. The Directors will need to enlarge the stock pens for next year. The gate receipts amounted to $155.00 and the concert made $70.00.

Much of the success of the Fair is due to Mr. T. A. M. Ferguson, the energetic secretary.

FLESHERTON

(Special to The Standard.)

At the monthly meeting of the Presbyterian Ladies' Aid held last week at the home of the President, Mrs. D. McTavish, it was resolved that the annual bazaar be held this year on December 10th. By resolution condolence was extended to Mrs. W. Buskin, recently bereft of her sister, and to Mr. and Mrs. Goldhawk, bereft by the death of the former's mother. A bale of clothing (value $40.00) donated to one of the needy missions in Manitoba, was prepared for shipment. At the close a choice tea was served by Mrs. MacTavish and Mrs. Milton Bannon favored the company with a pleasing solo.

Mr. and Mrs. W. J. Moore, Toronto, line, were bereft of their infant daughter, Helen, two and a half months old, on Thursday last. Interment was made in Flesherton cemetery. Numerous friends sympathize with the parents in their loss.

Rev. Mr. Kerr, of the Baptist church here, and Rev. W. Dinwoody of Eugenia, exchanged pulpits on Sunday, each speaking in the interest of the Upper Canada Bible Society. Rev. Mr. McVicar also spoke in his own pulpit.

The anniversary services in the Methodist Church on Sunday were very successful. Large congregations greeted the former esteemed, pastor, Rev. Mr. Mahan, who preached with his old time vigor. The response to the appeal for contributions to cover the cost of the new shed being erected was very hearty. The amount asked for was $700.00 and at the close of the evening service the contributions in cash and subscriptions placed on the plates was found to be $723.50. The balance was easily covered on Monday by a few members not present at the services.

Mr. and Mrs. Bryson, of Toronto, visited over the weekend with Mr. and Mrs. Cornfield.

Mr. A. Sinclair, of Utopia, joined his wife on a short visit at the home of her parents, Mr. and Mrs. John Hales.

Mrs. J.R. Trimble, of Pittsburg, Pa., visited Mrs. W. Trimble last week.

Mr. and Mrs. Samuel Blackburn, of Creemore, visited relatives in this place and vicinity last week.

Rev. Mr. Mahon was the guest of Mr. and Mrs. W. A. Armstrong while in town.

Mr. J. E. Wright and family of Toronto, are visiting Mr. and Mrs. W. J. Boyd.

Miss. Hulse visited over Sunday with friends at Markdale.

Mrs. J. W. Henderson, of Toronto, is on her annual fall visit with relatives here.

Mr. and Mrs. Grainger, of Markdale, motored over on Friday with Mr. W. L. McFarland to call on their old friend, Mrs. W. S. Christoe.

Mrs. DeSavigny, of Owen Sound, was a visitor at Mr. R. H. Moore's over Sunday.

Born—At Collingwood, on October 5th, to Mr. and Mrs. Ed. Thompson, a son.

Priceville and Feversham Fall Fairs were well patronized from here. At the latter place Mr. Bowler and others of the Band boys assisted Dundalk Band.

Let Us Figure On Roofing Your House or Barn

If you intend to erect a house, barn, or have a building that requires roofing, let us figure on the job. Let us show you that, while high in quality, Brantford Roofing is very reasonable in price. Let us send samples of it.

Brantford Roofing

so that you can make tests and judge for yourself. Note the toughness and [illegible] of Brantford Asphalt Roofing—and the [illegible] of Brantford Crystal, the roofing that does not require painting. Look for the Mohawk trade line: Brantford Asphalt Roofing, Brantford Rubber, Brantford Crystal, one grade for every need. Mohawk, one grade for every purse. Look for the Mohawk trade mark on the Roofing Back—it means quality. Let us tell you why Brantford Roofing outwears all other makes.

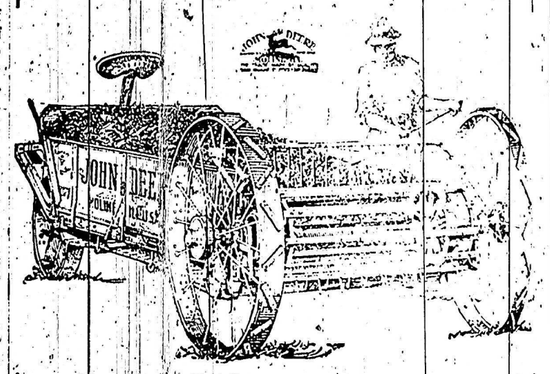
The John Deere Spreader

The Spreader with the Beater on the Axle



On the John Deere Spreader the spreader with the Beater on the Axle, two hundred working parts that continually give trouble, are done away with. This spreader is so simple and strong that it does not get out of order. It has no clutches, no chains, no adjustments.

The John Deere Spreader is the greatest improvement in spreaders since their invention. It is as much in advance of ordinary spreaders as the self-binder was over the old reaper.

Simplest and Strongest Spreader Made

The Beater on the Axle

Mounting the Beater on the axle makes the John Deere Spreader possible. This feature is fully patented. You can not get it on any other spreader. The beater on the axle does away with all chains and clutches. It puts the strain and stress of spreading on the main axle—where it belongs—not on the sides of the box or the frame of the spreader.

Mounting the beater on the axle makes the John Deere Spreader easy to load — low down.

Roller Bearings

Roller Bearings, few working parts, the centre of the load comparatively near the team and the weight distributed over four wheels, make the John Deere Spreader a light draft. There are four sets of roller bearings, two between the main axle and the beater and two in the front wheels. The beater being mounted on the rear axle and being a part of it, makes only one pair of bearings necessary for the beater and the axle.

Bridge-Like Construction

The substantial steel frame on John Deere Spreaders has high-carbon structural steel

Only "Low-Down"

Few Parts

We want you to come in and see the John Deere Spreader, the Spreader with the Beater on the Axle. We want to tell you more of its advantages, and to show its simplicity.
