PERKINS, MARKDALE

Deere Spreader

er with the Beater the Axle

Deere Spreader, the Spreader with axle, two hundred working parts, trouble, are done away with. This is strong and that it does not get no clutches, no chains, no adjust-

Spreader is the greatest improvement in their invention. It is as much better as the self-binder.

Strongest Spreader Made

side sills. Like modern railway bridges, it is built on the best known principles of steel construction. It is securely bolted, insuring rigidity and perfect alignment, even after years of use.

Only "Hip-High"

Sides of the John Deere Spreaders are only "hip-high." The first three feet you lift a fork of manure are easiest of all. From there on to the top of the ordinary spreader is hard work.

Few Parts

There are no clutches to get out of order, no adjustments to be made on the John Deere Spreader. It is always ready for use.

John Deere Spreader, move the lever at the driver's right hand until the figure on dog moves to the large spot at the rear of the machine—there is no clutch. The John Deere Spreader is always ready for use.

Bradill, Markdale

Brampton taxes for 1913 amount to \$54,000 of which \$48,000 is ready collected. Advertise in The Standard.

Local and General

Miss Dill Beattie was home from Toronto for the week-end.

For the best Coatsweaters in town go to P. J. Thompson.

There are now 57,570 rural mail boxes in Canada, Ontario has 44,855 of them.

Judge Vance has sold his handsome residence in Shelburne to R. W. Bennett for \$4,000.

Friday night will be All Hallow-eve and the goblin will catch you if you don't watch out.

Speaking at Bolton, Hon. I. B. Ross, Provincial Treasurer, said that the bill on regulations would not be altered.

Grand Valley now boasts of a Ladies' Walking Club. About twenty members were in line for the first parade.

Don't pay two prices for Standard's Underwear. You can buy it at the right price from P. J. Thompson.

On Wednesday evening, the 12th of October, the W.C.T.U. will give entertainment in the Presbyterian Church. More anon.

St. James' Writery, Hon. J. J. Fox and Hon. I. B. Ross are representing the Ontario Government in Ottawa next week at the inter-provincial conference, at which representatives are present from every province in the Dominion.

Alex. McManis, who was removed to the House of Refuge here some weeks ago, died on October 15th. He was a well-known character in the Falls for many years and resided alone in his home about a mile from the village.

Mr. George Barrow and son, Joe, the latter residing in Markdale, their business is removed to Toronto on Monday. They will remain in the city until they have proven themselves honest and industrious citizens, and have picked up considerable cash during the past summer.

An agricultural inventor has devised a light that will show different colors at different speeds, and Chicago has devised something of the kind. The machine is controlled by a person's eye. The machine is both inventions should be made compulsory in the use of the chauffeur who tries to mix speed and alcohol.

By W. W. Wallace continues to draw from Saturday to Sunday increasing the audience and decidedly so. His theme last Sabbath evening was "God's Book-keeping." A powerful sermon was delivered to a large and appreciative congregation. The music was under the able leadership of Mr. Dundas, was specially good.

Col. Rolfe and J. H. Hedley were in Markdale last Thursday, 22nd inst., about a half mile off their respective homes. Hedley's car was stuck at an automobile, jumped to one side, upset the buggy, and had a narrow escape from serious injury. He was badly shaken, although he is able to attend to his business. —Clarksburg Review.

Miss M. Moore, a member of the Dundalk Public School teaching staff, died from an apple tree in that village on Monday last week. She had been sick and collar bone sore for some time. Miss Moore, who was second Vice-President of the Teachers' Association was unable to attend the convention in Hamilton last year and years are held that she would not be able to teach again.

Miss M. Beattie, daughter of Mr. and Mrs. Andrew Beattie, of the suburbs, has been elected to the Teachers' Association of Tompkins district during the past year. She said at the recent convention of the Association in South Porcupine, where she presided, "We learn that Miss Beattie presided with much tact and ability, and took a very prominent part in making the Convention a success, and in entertaining present and absent." Among those present were Mr. A. E. Bryson, Principal of the formerly Principal of the Markdale Public School, who was chosen President of the Association for the ensuing year.

The literary committee of the Methodist Epworth League provided a pleasing entertainment for their regular meeting on Monday evening last. Besides a number of vocal selections, an address was given by Mr. G. Rolfe on "The Well Digging of Manitoba," meaning thereby the "Pioneers of the Prairie Province," which was full of fun and anecdote. Six young ladies, namely: Misses Lolita Brown, M. Mann, Muriel Armstrong, Laura Moore, Lillian Howard, and Ethel Arrowsmith gave a humorous play entitled "Gossip," which was well rendered, and caused considerable amusement. Rev. W. W. Wallace, pastor, acted as Chairman. A silver collection taken at the door amounted to over \$13.00.

PERSONAL

Mr. Walter Nesbitt, despatcher for the C.P.R. at Chapleau, is home for a month's holidays.

Mrs. J. Aiken, of Toronto, visited her friend, Miss Minnie Douglas, for a few days recently.

Mr. and Mrs. Wilbert Chard, of Toronto, visited at the parental home over Thanksgiving.

Mr. H. Holman and daughter, Miss Nellie, of Portlaw, were visitors at Mr. John Chard's last week.

Miss Maude Whiteside returned to her home in Alliston on Wednesday, after a three weeks' visit with Mr. and Mrs. J. W. Tucker.

We are pleased to learn that Mr. Garry Nesbitt, who is still in the hospital at Toronto suffering from typhoid fever, is considerably improved.

Mr. and Mrs. Geo. Leitch and children have returned home, after spending Thanksgiving at the home of Mrs. Leitch's parents at Campbellville.

Mr. and Mrs. F. Yorke, of Markdale, were holiday visitors with the latter's parents, Mr. and Mrs. D. Varty, Fourth avenue east. —Owen Sound Times.

Mr. Johnson Lewis left this Wednesday for Toronto, where he will join a hunting party. They will spend a couple of weeks in the vicinity of Bruce Mines.

Rev. R. M. Phalen went by train Tuesday night to attend the S.S. Convention in Owen Sound. He helped in a church entertainment in River View Monday evening.

Mrs. A. M. Brown, Mrs. A. L. Walker and Mr. John Chard are delegates from the Presbyterian S. S. to the Provincial Convention at Owen Sound this week.

Mr. and Mrs. Robert Gill and daughter, Miss Dorothy, of Toronto, on a holiday trip, spent a few days last week with their uncle and aunt, Mr. and Mrs. Joseph Irwin.

AROUND TOWN.

Mr. Thos. Cook has put down a cement walk from the sidewalk to his residence on Wellington street.

Mrs. W. A. Armstrong has had a new brick chimney built, and a fire place added in the drawing room of her residence, also a dormer window.

Mr. R. L. Stephen has had a cement walk laid, connecting his residence with the sidewalk.

The Ladies' Aid Society has done a commendable work in having the Methodist parsonage connected with the town waterworks system.

Hill Bros. are having their grain elevator roofed with corrugated iron.

Mr. George Hartley has completed putting down a four-inch water main to Minnie's mill.

Teachers Convened at Hanover

Subjects Pertaining to their Profession Discussed.—Officers Elected.

One of the most instructive and interesting conventions ever held by the Teachers' Association in the inspectorate of South Grey was that which convened in Hanover on Thursday and Friday, October 16 and 17. Numerically, the gathering was as popular as ever and undoubtedly the splendid addresses delivered and the practical papers that were read will be vehicles of inspiration and sources of wide-spread benefit to the 100 or more teachers in attendance.

The convention was decidedly literary in tone. Save for Agriculture and Primary Reading not another subject touched on. And at that Reading is a first-cousin of Literature. Arithmetic, that oldest of friends and enemies to all teachers, was not even mentioned and such old stand-by's as History, Grammar, Hygiene and Spelling were also brushed in silence. If the convention of 1913 is to be taken as a criterion of modern tendencies in education, then it can be safely said that "The 3 R's" have at last been lowered from their high pedestal in the school-room and have been supplanted by Literature. On the other hand, it is possible that the program of the convention drifted by mere chance towards the inspirational subject and that next year the current of discussion will swing in an opposite direction.

Featuring the convention were the addresses of Mr. D. D. Mosher, B.A., English Master of the Toronto Normal School. He is a delightful speaker, sincere in what he says and speaks in a way that says he has a message to deliver that will be a benefit to all who hear him. However instructive Mr. Mosier's lectures were, little news value were contained and the majority of his remarks would appear out of place if published in these columns.

Papers on the recent School Fairs in Proton and Egremont were read by Mr. Neil McEachern and Miss E. Binnie. Each related the work preparatory to the events and organization of the project. Both speakers lauded the exhibitions as worthy of a place in the school course of work. Another paper prepared by Mr. W. W. Ramage of Egremont, was read by Inspector Campbell. This discourse looked at the Fairs from a Trustee's standpoint. Mr. Ramage had kind words for the Fairs and spoke highly of their value but recommended the engaging of an expert in Agriculture to address and help on such functions.

Miss L. Alderson, of Swinton Park, read an excellent paper on "The Educational Value of School Literature." She considered one of the vital points in teaching the subject was to arouse the emotional nature of the child so that it would predominate over other feelings. She advocated the memorization of suitable passages of poetry.

Mr. A. M. McDermott, of the O. A. C. at Guelph told the convention the progress agriculture is making in rural schools in Ontario. He stated that 173 schools had applied for the Government grants this year.

Inspector J. McCool, of East Bruce spoke to the gathering on the value of the teacher being a model to his or her pupils even if he or she could not be a model teacher. It was a practical address and full of hints for the teacher to follow.

"Difficulties in School Management" was the subject chosen by Nelson B. Dahms of Aldersfield. Judging by the experiences he told, Mr. Dahms is an expert disciplinarian and teacher.

The Review representative was unable to be present when discoursed by Miss E. Maude Martin, Inspector N. W. Campbell and Mr. W. L. Dixon were given but we have been informed that they were the very best, though Mr. Campbell's was curtailed owing to a pressure of time.

The following are the officers elected for next year: President—Mr. David Wright, Dundalk; Vice-Pres., Miss Margaret McKenzie, Durham; Secretary-Treasurer, Mr. Theo. Allan, Durham; Managing Committee—Gertrude Smith, L. Binnie, H. Peterson, Dorothy Wilson, Jas. A. Magee, Wm. Burnett; auditors—W. L. Dixon, Donald McDonald.

It is possible that the convention will meet in Markdale next year in a plea for it. Durham and Dundalk will also be considered.—Durham Review.

AROUND THE HUB

Items Clipped and Re-written from Our Exchanges

SHELburne

The John Best Trophy, which was won by Shelburne curling club last winter in competition with Orangeville and Grand Valley Shelburne club on Thursday last by the Orangeville club.

Miss Retta Wallace, the 6-year-old daughter of Mr. and Mrs. Jas. Wallace, of Hornings Mills, had her thumb literally torn from her left hand on Sunday evening last by accidentally coming in contact with a slowly revolving cream separator. The accident is causing the little girl great pain.—Free Press.

DURHAM

Ward Koch, son of Mr. H. K. Koch, fell from a beam in the English church shed last Saturday and had two bones broken in his left wrist.

Some street promenade on Saturday night, in spirit which ranks of hoodlumism, caught some coils of wire which lay outside of Black's hardware store and tried to wire the main street with it. The Mayor was almost having them up before the magistrate for the dollar and costs option, when the spirit of Thanksgiving overtook him and he let the boys go.—Review.

The town hall is safe on the north side of Garraux street bridge, with apparently no break-ages. We are glad of it, as we were doubtful whether the bridge would stand the pressure.

A scrap took place last Friday night between Wm. Wiggins and J. Hewitt. It was ventilated before Magistrate Telford Saturday morning, when Wiggins pleaded guilty. As he was the instigator of the fracas he was fined \$5 and costs for his little offense.

We regret to chronicle the death of Mr. George Alford, who died on Tuesday forenoon, after a prolonged illness of nearly a year's duration from sciatica and other complications. The deceased gentleman was born at Churchville, Peel county, on the 27th of November, 1852, and was therefore nearly 61 years of age. When six years of age he came to Glendon with his parents and has been a resident of the township ever since, living for the past seventeen years in lot 32, concession 2, E. G. S.—Chronicle.

MEAFORD

Last night marked the event of the completion of the lighting system on the new cement bridge and the turning on of the "force." The new cluster lights which have been installed proved very successful both in changing the former dark spot, where many dim shadows lurked, to one of brilliant illumination and in adding much to the appearance of the bridge. The lights recently installed are set up on iron posts, on the four corners of the bridge, each supporting five globes in which are held 32 candle power tungsten lamps.

Mr. John Veitch, a single man working for the Seaman, Kent Co., met with a serious accident at the factory on Friday last. While operating his machine Mr. Veitch's hand in some way came in contact with the rollers with the result that the hand was badly lacerated from the thumb across the palm below the fingers and also from the thumb to the wrist at the back of the hand. It was thought at first that Mr. Veitch would lose the use of the hand, but fortunately no unfavorable symptoms developed and Dr. Bennett, the attending physician, reports that though 15 stitches were necessary to close the wounds, he has good hopes of saving the injured member.

Another accident of a somewhat similar nature took place on Monday, the victim being Mr. Charles Vail, residing on 15 and 16 side-road. Mr. Vail was working at a cutting box when his left hand was forced against the knife severely, injuring the fleshy part of the thumb. Dr. Bennett, who was immediately summoned, dressed the wound, putting in five stitches.

Tight Money Did It.

An agriculturist who has for many years been a loyal patron of The Standard, wrote last week inquiring that a certain article "Farm For Sale" be discontinued. He said it was the first one he ever put in. The Standard during his thirty years' business with it, which had failed to bring the desired result, but he blamed the tight money rather than The Standard for the failure to sell a horse.

Wedding Bells

There was married at the Methodist Church, Walsby, Sask., on Monday, Oct. 13th, 1913, by the pastor, the Rev. David Rile, Miss Gladys May, eldest daughter of Mr. and Mrs. Thos. Wright, to John Halliwell, of Glen Ewan. This happy young couple arrived in Glen Ewan where they will make their future home, on Wednesday morning last, and were met by a number of friends, who took the occasion to offer congratulations. The above contracting parties are well and favorably known in Glendon, the bride having recently resided with her parents in the Merrifield district, while the groom has resided in Glen Ewan and district for a number of years, being the eldest son of Mr. Thomas Halliwell, a former resident of the Paletonian district but now of Oshawa. Mr. and Mrs. Halliwell have taken rooms in the John Holmes residence, where they will be "at home" to their friends in the near future and will commence house-keeping with the best wishes of everyone in Oshawa.—Herald.

Brantford will ask for plans for a new city hall to cost \$150,000.

MARRIAGE LICENSES ISSUED

J. H. STEPHENSON, - Markdale

Owen Sound Will Take 1200 H.P. from Eugenia

Agreement With the Hydro-Electric Power Commission Is Sanctioned.

The Owen Sound Council, at a special meeting held Monday night definitely decided to cast in the lot of Owen Sound with the Hydro-Electric Power Commission, and by a resolution, which was carried by a vote of 12 to 2, they authorized the Mayor and the Clerk to sign the contract for 1,200 horsepower. The price is to be not in excess of \$31 per horsepower, according to the estimate of the commission's engineers.

Power will be generated at Eugenia Falls, and at the end of the thirty years' term of contract with the commission, the town will own the generation station and plant. In this way the Eugenia proposition is different from the activities of the commission in the Niagara district. The commission is to plant the work of installing the plant as early in the spring as they can get the material on the ground. The winter will be devoted to the preparation of the plans and the awarding of the contracts for the different branches of the work. They expect to be able to turn on the new power in the fall of 1914. The town will for a time retain the old steam plant, which is municipally owned, and it will be utilized for the purpose of cutting down the peak load in the winter months, when the power and light loads overlap in the evenings.

With the Churches.

METHODIST CHURCH.

The Quarterly Sacramental Service will be held on Sabbath a.m. 10.30.

Evening Service at 7.

Epworth League on Monday evening at 8. Consecration service. Prayer and Praise meeting Thursday evening at 7.30.

"Come with us and we will do thee good!"

CHRIST CHURCH.

"Children's Day" was observed in Christ Church last Sunday morning. All both old and young joined heartily in the simple children's hymns. The Call of Samuel and Christ Blessing Little Children were the subjects of the lessons chosen and prayers for Sunday Schools were read, and two appropriate Psalms chosen. The Rector preached from Exodus II: 9, "Take this child and nurse it for me," addressing his remarks to the parents and others specially responsible for the religious training of the child, and also pointed out how each member of the body of Christ was responsible for the spiritual welfare of the other members. A similar service was held in St. Matthias Church, Berkeley, at 3 o'clock.

Saturday is All-Saints Day, and the Festival will be observed on Sunday in Christ Church and St. Matthias Church.

Electric Line From Guelph to Owen Sound

Hydro-Electric May Take Up Scheme.—Would Touch Markdale and Walters Falls.

(Owen Sound Sun.)

Will Owen Sound join hands with Guelph and the intervening municipalities in the construction of an electric line between these two points? Guelph has already taken action towards preparing estimates and plans and the question will be discussed at a special meeting of the Owen Sound Board of Trade to-night, when Mr. G. B. Ryan, one of Guelph's most prominent business men, and a member of the firm of Ryan Bros. of Owen Sound will explain the proposition.

When seen by The Sun yesterday Mr. Ryan said that it is proposed that the road be financed in order the new plan adopted by the Hydro Electric Commission of Ontario, which by an act passed at the last session of the Legislature is authorized to undertake the construction of the electric lines throughout the province. The scheme as worked out by the Commission is along similar lines to their hydro electric plan, in securing the co-operation of the different towns and cities, and financing the project on the credit of the municipalities backed by that of the Province of Ontario.

It is proposed that the line should be operated by Hydro power, procured from Niagara Falls on the south and Eugenia Falls on the north.

The distance between Owen Sound and Guelph is about 90 miles. The section on which estimates have been asked for by Guelph and Arthur is 25 miles. It is proposed that the road strike directly north from Arthur village and run between the townships of Arthur and West Litcher, in Wellington through Spadham township to Owen Sound. It has been suggested that the long sought for Meaford connection might be secured by having a branch of the road from Walters Falls into Meaford.

Many tragedies in the rush to the new Alaskan goldfields are reported by a Dominion official.
