The question of raising the subscription of local papers from \$1.00 to \$1.25, or \$1.50 a year has been discussed and considered by the Canadian Press Association, and appears to be a coming event.

With six months of cold, wintry weather ahead, the House of Refuge is beginning to fill up, and the old fellows who have been enjoying during the summer all the liberty and freedom which exists under the British flag are glad to crawl back into the House of Refuge, and become the guests of the County for the winter.

They are James Grierson and Elizabeth Fleming, formerly of Owen Sound; Louise Lee, of Williamsford; and Wm. Farrell, of Irish Lake. Manager Sinclair says they are a quiet, harmless lot, and have not as yet given him any unnecessary trouble.

Kimberley Wants Radial

President Thorp, of the Guelph board of trade, has received the following letter from Mr. Saul S. Fawcett, of Kimberley, giving a number of reasons why the citizens of that town think the proposed electric line to Meaford, if constructed, should go by way of Kimberley.

Dear Sir,—Re the proposed electric line from Hespeler to Meaford, would say that at a large enthusiastic meeting held on Monday night I was appointed secretary to communicate with interested parties. The following are some of the reasons why we think the proposed line should come by way of Kimberley.

1. Both the Charton and Huron and Ontario lines selected this as the most feasible route after looking over other routes.

2. It would make a short cut from the C.P.R. to the G.T.R., as hundreds of people have to go to Bolton to make connections.

3. Because it runs through the centre of the Georgian Bay fruit district whose apples in competition with Annapolis Valley, N.S., and B.C. apples swept the decks.

4. Because there is less snowfall and no drifts.

5. Because it is one of the best sections in Ontario for dairying, stock-raising and mixed farming.

6. Because railroad ties could be secured conveniently and cheaply.

7. The Beaver river is one of the best streams for speckled trout in Ontario, so, consequently, would be a good place for summer resorts.

8. Great deposits of marl would be valuable in making cement.

9. Because it would touch the brick kiln, between Thornbury and Meaford, which is one of the largest and best in Ontario.

Hoping that this will receive due consideration, and awaiting an early reply, I am,

Yours very truly, SAUL S. FAWCETT.

Eugenia Falls Sold for Taxes

Peculiar Situation in regard to Eugenia Falls Power Property Which was Recently Sold for Taxes to Treasurer of Artemesia.

The Eugenia Falls power property which is to be developed for Owen Sound by the Hydro-Electric Commission was sold at the county tax sale there a few days ago. The property which has been held by the Georgian Bay Power Co., comprises 90 acres, and the taxes against the property amounted to \$1,100.00.

Mr. W. A. Armstrong, the treasurer of the township of Artemesia, purchased the property at the tax sale.

In view of the negotiations which have been in progress between the Georgian Bay Power Co. and the Hydro-Electric Commission, and the statement of the latter that they had the property in their own control, it seems peculiar that the property should have been allowed to be sold for taxes at the present juncture, when all arrangements have been completed for developing the property to supply Owen Sound with power.

It is to be hoped that this will not result in complicating affairs, now that it is settled that Owen Sound is to have Hydro Power; but this is scarcely likely as the property may be bought back from Mr. Armstrong within a year, by payment of taxes and interest on his investment and other expenses in connection.—O. S. Sun.

A Worthy Pattern.

Dr. Sinclair, of the Canadian Soo, was in town on Tuesday. He has been visiting House of Refuge buildings and looking into the management of such institutions both in Canada and the United States with a view to the erection at Sault Ste. Marie of such a "Home" for the District of Algoma.

The doctor, after a thorough investigation into our house of refuge, was unqualified in his praise, not only of the plan and outlay of the buildings but the order and cleanliness apparent in every department.

We may add, Mr. Sinclair, the Manager, is no relation of Dr. Sinclair. He gave The Standard a friendly call on Tuesday.

Board of Health.

Markdale Board of Health convened in Hasket's hall at 7.45 p.m., on Monday, members all present, namely: Dr. A. M. Brown, M.H.O., presiding; Reeve Ennis, Dr. Oliver, Messrs. T. H. Wilson and C. W. Rutledge. In the absence of Clerk Shortill C. W. Rutledge was appointed secretary pro-tem.

The account of Chas. Reed, Medical Health Inspector, amounting to \$10.00 for the season was recommended to be passed by the Council and paid.

Instructions were handed out to the inspector to have those who have been in the habit of emptying dish water and kitchen slops out into back yards, thus breeding flies in summer season and causing unsanitary conditions, to have cess pools made so as to dispose of such nuisance under ground.

After congratulatory remarks had been passed around on account of the freedom during the season of contagious disease or epidemics, in our municipality, the meeting adjourned at the call of the chair.

Cook's Church Notes.

Last Lord's Day Rev. Mr. Phalen was not well and so did not take the work in Markdale or Berkeley. In Markdale the Elders conducted a "prayer and song service in the morning" to a good full congregation. The Sunday School was large as usual. There was no evening service. Next Lord's Day (D.V.) the pastor will have the pleasure of meeting with his congregation in Markdale morning and evening, as usual, and with his congregation in Berkeley in the afternoon. He will also meet with the boys and girls of the Communicant Class at 4.30 this Thursday, and with the prayer-meeting at 7.30.

Mr. Phalen was to have gone to Durham Monday to read a paper before the District Library Convention, but did not feel quite fit for the trip. He is vice-president of the Library Association.

BERKELEY

(Special to The Standard.)

Mrs. Grimar and two children, Mrs. Mitchell and Miss Mammy took in the excursion to Toronto.

Mr. Joe Drinkwater, of Holland Centre, has moved to out town. There are two lonely bachelors who have started housekeeping. Girls, look sharp now.

Miss Nettie Boyd has gone to Toronto.

Mr. Flynn has moved to the back line.

Mr. and Mrs. David got word that their daughter, Mrs. Lee, of Durham, is undergoing an operation and they have gone to see her. We hope she will soon be well again.

This time of the year is usually a time for cold, damp weather and bad roads, but this did not deter people from assembling in sufficient numbers to fill the Methodist church to its capacity on the occasion of the Anniversary Entertainment on Monday evening. Refreshments were served in the basement and needless to say were much appreciated by the large crowd of lusty ones present.

The program, which commenced at 8 o'clock, was of a high order of musical and literary merit. Some of the special features worth mention were selections by the Harkaway Quartette, Messrs. Kinney, Ren, Winterburn, and Mrs. Binns. The Misses Williams, of Holland Centre, sang several duets, and the Rev. Mr. Owen, of Chatsworth, with a humorous address on "What's under the hat," and a rollicking chorus by the same gentlemen brought down the house. Proceeds of the evening \$38.00.

Quite a number from here attended the Anniversary Services at Berkeley on Sunday conducted by the Rev. A. B. Owen, of Chatsworth. Both services were very inspiring and helpful.

Mr. Fred Hainer has returned to Berkeley, after spending the summer in British Columbia. He is now employed with Mr. Wm. Carbet.

Miss Laura Carbet, of Toronto, visited with her sister, Miss Ida Oxbett.

Fleming--Middleton.

A quiet but pretty wedding took place at the home of Mr. and Mrs. Thomas Middleton, of Haverbury, on Wednesday, November 12th, 1913, when their eldest daughter, Mable Annie, was united in marriage to Mr. John M. Fleming, son of Mr. Wm. Fleming, of Haverbury, New Ont. The bride, who was given away by her father, wore a lovely gown of navy blue silk trimmed with cream shadow lace. The bride was attended by her sister, Miss Lizzie Middleton, who wore blue poplin. Mr. Leslie Fleming, brother of the groom, acted as best man. After the wedding ceremony, which was performed by Rev. J. S. I. Wilson, the guests sat down to a bounteous repast, after which a very enjoyable evening was spent in games, etc. The presents were numerous and pretty.

Car Turned Turtle Near Epping

Four Young Men Were Occupants of the Car When Rod Broke and the Machine Turned Turtle.

An automobile accident which might easily have been accompanied by fatal results, occurred on the hill near Epping, on Thursday afternoon, when Kenneth Sinclair, his brother Merrill, William Hammond and Harold Douglas, were driving to Kimberley. The party left Meaford about one o'clock and expected to return that evening. Everything went along nicely until they were descending the hill south of Epping, when the driving gear gave way and the auto turned upside down with the young men underneath. The car took another turn and righted itself, leaving the occupants unhurt, other than a few bruises and an awful fright. The boys, after regaining themselves, footed it to Kimberley and returned to Meaford the next day, little the worse for their thrilling experience. Their escape from serious injury and probable death is miraculous indeed, and they do not even know themselves how it happened. The car is at present stored at Epping and will be brought to Meaford as soon as the roads are in fit condition.—Express.

Fall Shopping at Hand

Scarcely a housekeeper who is not giving at this time more or less thought to the purchase of clothing and household comforts for the fall and winter. We wonder if among the number there is any one who has failed to inspect the stocks of the local merchants before deciding upon their purchases.

To the casual observer the impression is irresistible that the stocks shown this fall have not been equalled in the history of the town for smartness of style or variety. So great has been the care and so obvious the good taste shown by our merchants in their buying, that no longer does it seem necessary to even consult the lists of the catalogue houses to get what one is assured to be up to date in style and finish. It is not wholly a case of competing for a clear-cut competition, and the local merchant is able to hold his own. The live up-to-date home dealer is the one who asks for your patronage through the columns of The Standard
