The Davis Sewing Machine

THE DAVIS VERTICAL FEED SEWING MACHINE is LIGHT RUNNING, NOISELESS, PERFECT IN ACTION, and without WONDERFULLY SIMPLE. You must see it in order to fully appreciate its many points of superiority. Nothing like it on the market, and finished with a piano polish. The excellence of the machine has caused such a growth in business that the factory had to be enlarged, so that it now has nearly fifteen acres of floor space, equipped with the most modern machinery, and has a capacity of 1250 machines a day.

Having secured the agency for this splendid Sewing Machine I respectfully invite Standard readers to call and critically inspect it at work.

Beware! Young Man

It's the Little Dandruff Germs That are Causing Your Hair to Thin Out.

Parisian Sars Stops Falling Hair and Does Not Contain Poisonous Lead or Dyes.

The clever young man of to-day doesn't take any chances on losing his hair. A man who is bald-headed at 30 looks like 45, and is placed at a disadvantage when seeking employment.

If you have dandruff it means down near the roots of your hair an army of dandruff germs are attacking the hair root and de-a-troying its vitality.

Then hair falls out; grows thin and baldness results. Young man; put your faith in delightful PARISIAN SAGE, it will stop falling hair, kill dandruff germs, abolish dandruff and itching scalp, or money back. PARISIAN SAGE is only 50 cents a bottle at W. Turner & Co.'s and dealers everywhere. Girl with Auburn hair on every carton. Ask for PARISIAN SAGE.
