And Increased Salary as a Result of Eating Right Food.

There is not only comfort in eatng food that nourishes brain and body but sometimes it helps a lot in increasing one's salary.

A Western school teacher tells an interesting experience. She says: "About two years ago I was extremely miserable from a nervousness that had been coming on for some time. Any sudden noise was actually painful to me and, my nights were made miserable by horrible nightmare.

"I was losing flesh all the time, and at last was obliged to give up the school I was teaching and go
