Gold Young Sign 25 YEARS AGO Items of General Interest from The Standard Files of Jan. 17, 1889. Misses Whitty and Lucas returned on Monday to school at Oshawa. Charlie Sargeant left on Monday for Barrie, there to enter the dry-goods business along with his brother. The ten year old daughter of Mr. Robert Beatty, gravel road, fell and broke her thigh bone on Tuesday. This is the third time the little sufferer has had the leg fractured in the same place. During the terrific storm on Wednesday night, the 9th, upper suspension bridge at Niagara Falls was blown down and is a complete wreck. A new one will be erected in its place forthwith. An agricultural society has been organized at Walters Falls to be known by the name of "The Central Agricultural Association of the County of Grey." David Reid has been appointed President, and G. B. Holmes Secretary. The new Presbyterian church at Priceville, which has been in course of erection during the past summer, was formally opened on Sunday last by Principal Cavan, of Knox College, who preached morning and evening to very large congregations. The church cost in the neighborhood of \$3000. At the annual meeting of the Glenora Agricultural Society the following officers were elected for 1899: President, B. Coleman; Vice-Pres., Wm. Jackson; Directors, Edward Rutledge, Sam. Davis, Wm. Brady, Wm. Norton, C. W. Rutledge, D. McFuffie, Jas. Bell, Wm. Haskett, J. W. Sproule; Sec'y., Treas., Wm. Haskett. BLANTYRE (Special to The Standard.) Hauling sawlogs is the order of the day. Mr. and Mrs. Wm. Lake, of Meaford, visited Mr. and Mrs. Will Sewell the first of last week. Miss Annie Murray, of Toronto, visited with friends here last week. Mr. and Mrs. Fred Wickham, of Walters Falls, were the guests of Mr. and Mrs. R. J. Murray one day recently. We are pleased to learn that Mrs. A. C. Paterson, who received a fall a few days ago, is recovering. Those who attended the box social at Temple Hill on Thursday evening report a good time. CHERRY GROVE (Special to The Standard.) Mild weather prevails once more. Miss Lydia Struthers visited friends at Blantyre last week. Miss Hepburn, of Barrehead, visited her sister, Miss V. Hepburn, our school teacher, on Friday and Saturday. Mr. W. Bennett, who has been seriously ill for the past two weeks, with pneumonia, is slowly improving. Mr. and Mrs. T. J. Harvey and little Miss Winnifred spent a couple of days this week at Duncan. Mr. Chris Bradey and his cousin, Mr. Herb Walker, of the town line, were in Meaford for a few days last week. Only two or three from here attended the meeting of the ratepayers of the Municipal Telephone Co., at Riverdale, last week. Mr. John Wyville has returned from a trip to Toronto, Manchester and other points south and still thinks there is no place like home. Mr. Jas. Struthers has become the possessor of a fine new photograph with some of the most up-to-date records on the market. Mr. W. Stinson, who has been visiting with his sister and father at Harkaway, is in this vicinity at present. We understand he has purchased a house and lot at Markdale and will take possession about March 1st. The "Storm" King, accompanied by his partner, Jack Frost, paid us a bustling visit last week, but did not daunt the spirits of the teamsters, who cheerfully faced the mud, and consequently the roads have been kept in splendid condition. The mail deliverer, Mr. Neely, also made the round trip every day. MAIL CONTRACT. SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until Noon, on Friday, 6th March, 1914, for the conveyance of His Majesty's Mails on a proposed Contract for four years, SIX times per week each way over HOLLAND CENTRE (VIA HOLFORD and GLASCOTT) RURAL MAIL ROUTE, from the Postmaster General's Pleasure. Markdale Almost Whitewashed Flesherston

Markdale hockey team went after Flesherston with a kalsomine brush last Friday night and freely used it in the first period, when they piled up a 4 to 0 lead. Flesherston came to life long enough in the final period to notch a counter, while the locals added six. The game was too one-sided to suit the crowd, and it was just a case of how many. The couple of hundred spectators who attended the match were ill prepared for over an hour's wait for the game to get going, but after nine o'clock Referee Richardson made his last desperate attempt to get things started and succeeded. The delay arose over the persistency of the visitors in wishing to pick out, as a team to oppose them, they strenuously objecting to Wilfred Burnside having a place on Markdale team and threatened to go home without a game unless he was removed. The locals were equally persistent that he should play. This was the interesting (?) topic for sixty minutes' harangue which finally resulted in Wilfred taking his place on the ice, and the game was on. Thrice in the first five minutes did the locals bulge the net, but the goal umpire, who was a Flesherston man, closed fast his eyes when this important incident took place, and the spectators' putting up a strenuous kick he was removed from his position. During the remainder of the first period four more were tallied in Markdale's favor, and Flesherston's score was still at the zero mark. This score might look as if Markdale was having it all its own way, but such is not the case, the Flesherston boys putting up a saucy game and strenuously contesting every play. In the second half the visitors scored one and the locals six, making the score 10-1 at full time. The Flesherston team were clearly out of condition and simply could not stand the pace. They were aggressive, however, to the last minute, but were outclassed in speed and play. They are a gentlemanly lot of players and, both teams, fought in good spirit. Both teams put up a good clean game, only a couple of players for minor offences being penalized. Staples in Markdale goal stopped a few, but on the whole his work was light. His position was ably defended by the two Mercers, Clark and Harold, point and cover, who kept the puck out of the danger zone. Wilfred Burnside showed some of his old-time speed though this was the first time he had had a hockey stick in his hand this winter. Galbraith and Merriam played well on the wings and were always on hand with the goods, while Routhier was persistent in his attacks and handled all offerings. Referee Charlie Richardson gave good satisfaction, and was as fair as anyone could wish. The visitors were accompanied by a good crowd of supporters, who although no doubt were disappointed in the result, but gratified, as were the Markdale fans, at the good clean game which both teams put up. Following is the line-up: MARKDALE. FLESHERTON. C. Staples goal, W. Cargo, C. Mercer point, Mitchell, H. Mercer c. point, F. McFavish, W. Burnside rover, Roy Piper, S. Routhier centre, H. Sullivan, W. Galbraith r. wing, G. McFavish, H. Merriam, l. wing, R. McCauley.

RETURN GAME ALSO WON BY MARKDALE.

In the return match at Flesherston on Monday evening Markdale team were again the victors, winning by a score of 8-2. At half time the score was 2-0. The personnel of the teams was the same as that in the game here with the exception of a couple of Owen Sound men, Matheson and Huff, who played for Flesherston; and Corri-gan, of Lauriston, and Alonzo Plevos of Markdale line-up instead of Routhier and Galbraith. Das Mercer refereed satisfactorily.

JUNIORS TIED WITH DUNDALK

The Markdale High School hockey team journeyed to Dundalk last Thursday eve and played a friendly game with the home team resulting in the close score of 4-4. The game was fast and clean throughout, with the exception of a few minor penalties. The half time score was 3-1 in favor of the locals, but Markdale came strong in the last half and made it impossible for either team to show their superiority. The line-up: Markdale—Goal, O. Walden; point, C. Kelley; cover, Norque Young; Rover, H. Merriam; centre, Harold Armstrong; r. wing, L. Purvis; left wing, L. Burnside. Dundalk—goal, Wellwood; point, Russell; cover point, Carnaby; rover, C. W. Gordon; Centre, W.

Sir Walter Raleigh Presentation.

(Written for The Standard.) This distinguished sailor, soldier, scholar and gentleman when on a voyage of discovery to the American Continent in the year 1600 was the first to name, in honor of the Virgin Queen (Elizabeth) that portion of the Atlantic Coast which is called Virginia, and while treating with the Indians here received from them that celebrated tuber, since named Potato. This famous vegetable he was the first to have planted in the grounds of an estate he had recently purchased at Youghal, Co. Cork, Ireland. An amusing story in his connection is told by the historian who relates that when the fruitage time had arrived Sir Walter had a select party of the resident gentry invited to dinner at which the American dish had greatest prominence. The cook having received from the gardener the precious stuff in the shape of small apples or seed balls, well cooked she served up for the company. You may well imagine what a physical uproar ensued when all had eaten well of the vegetable and their stomachs refused to hold on. A sample of this famous potato is now in the hands of Mrs. Leighton, of Markdale, she having received them from Mr. Jarvis Henry, and properly named after the original discoverer the Walter Raleigh potato of the crop of 1912. A peculiar freak of nature in the process of reproduction occurred in these potatoes which might puzzle home of the Scientists to solve, when new potatoes came from these last Christmas, and we have them now to be seen of the size of small eggs.

On the evening of the 16th inst. old and young of Temple Hill set together in the home of Mrs. J. M. Patton to bid good-bye to Mr. and Mrs. Wallace Dillon, who have sold their farm and intend to make their home near Outlook, Sask. The following address was read by Rev. R. W. B. Veridge, and presentation made by the committee. Mr. Dillon replied, thanking the people for their kind expressions and good will which he and Mrs. Dillon will long remember. The evening was spent in games, music, dancing, etc. The following is the address: Temple Hill, Jan. 16th, 1914. Mr. and Mrs. Wallace Dillon. Dear Friends,—You have been for many years residents of this country. Your fathers and mothers were here before you and they helped to make this young country, by their honest toil and faithfulness to duty both publicly and privately. Since coming to reside on the old homestead, as a young couple you have carried out the traditions of your forefathers. You have been a genial, kindly neighbor, always willing to lend a hand in the field or forest when required; in the fore-front at harvest or shed raisings when your fellow neighbors needed your help. You have made many friends in this community, and we have together to-night to do honor to you and your wife, as you are about to leave us. We feel that where ever you go the same spirit of helpfulness will characterize your actions and that some other part of our great young country will be the better for your toil, energy and thrift. We are sorry to lose you; but we wish you and yours every success wherever you may decide to make your home. We beg that you, Mr. Dillon, accept of this shaving set, and Mrs. Dillon, this sugar bowl and silver set, and you, Clarence, this purse, as merely slight tokens of our regard; and we hope they may bring you in the future many happy thoughts of your friends and neighbors who are gathered here this evening to wish you good luck and God-speed. Signed on behalf of your neighbors and friends. Joseph M. Patton, Wesley Patton.

At a meeting of the directors of the Farrar Transportation Co. held in Collingwood on Thursday afternoon, the manager, Mr. G. E. Fair, presented statements of the past year's business. These were so satisfactory that a dividend of fifteen per cent. was declared, payable immediately. The Farrar Co. operated the two steamers Collingwood and Meaford in the general lake trade. During the summer of 1913 the Meaford was engaged for several months transporting pulp from Anticosti Island to Thorold and afterwards went into the grain trade, while the Collingwood carried grain and coal. Throughout the season the steamers were practically free from accident and were fortunate in escaping disaster in the many storms that prevailed on the lakes. For the success of the year much credit is due to the manager, Mr. G. E. Fair, and to Capt. Scott and Mr. Richmond, who were in charge of the Steamers. Advertise in The Standard.
