"Most Internally kind, said Howard, with a sigh of a ton wright! "Rad you any idea that your father was building this little place? By the way! I can't imagine Sir Stephen building anything that could be described as little."

"You are right, assented Stafford, with a ned. "I heard coming down that it was a perfect palace of a place, a kind of palace of art and and that sort of thing. You know the governor's style?" His brows were slightly shift for just a second, then he threw, as it were, the frown off, with a snile. "No. I knew nothing about it; I knew as little about it as I do of the governor himself and his affairs."

Howard nodded somewhat gravely.

"When you come to think of, it, Howard, isn't it strange that faciler and son should know so little of each other? I have not seen the governor for I forget how many years. With the Pineapple.

Few of us will quarrel with the assertion that the pineapple ranks with the orange and the grape fruit, the banana and the apple, as one of our everlastingly welcome grape fruit and far more delicate in flavor than the banana or most apples, and moreover it has an actual thereupetic value. For pineapple juice is soothing to inflamed membranes, and, therefore, is almost an antidote in certain sorts of sore throat.

Pineapples can be got in the fresh state most of the year, but the canned Hawaiian pineapple is almost equally fine in flavor and can be substituted for the fresh fruit in all the following recipes save that for marmalades. In salad, canned pineapple is really preferable to
