The Secret of Health is Elimination of Waste

Every business man knows how difficult it is to keep the pigeon holes and drawers in his desk free from the accumulation of useless papers. Every housewife knows how difficult it is to keep her home free from the accumulation of useless things. So it is with the body. It is difficult to keep it free from the accumulation of waste matter. Unless the waste is promptly eliminated the machinery of the body soon becomes clogged. This is the beginning of most human ills.

THE SUNDAY SCHOOL STUDY

INTERNATIONAL LESSON, JUNE 14.

Lesson XI. The Friend of Sinners, Luke 18. 9-14; 19. 1-10. Golden Text, Mark 2. 17.

Verse 9. And he spake also this parable. A form of introduction used frequently by Luke, and characteristic of his style. In this chapter, as in others in the Gospel of Luke, certain parables have been brought together which have no close connection in thought and were spoken at different times and in different places. This parable has no evident connection with the one which precedes it (verses 1-8) or with the narrative which follows (verses 15-30).

COULD NOT EAT - FAILING FAST

Captain on Great Lakes Restored To Health By "Fruit-a-lives"

For thirty years, Captain Swan followed the Great Lakes. He has now retired and lives at Port Hurwell, where he is well known and highly esteemed.

PORT HURWELL, ONT., May 28, 1913. "A man has a poor chance of living and enjoying life when he cannot eat. That was what was wrong with me. Loss of appetite and indigestion was brought on by Constipation. I have had trouble with these diseases for years. I lost a great deal of flesh and suffered constantly. For the last couple of years, I have taken 'Fruit-a-lives' and have been so pleased with the results that I have recommended them on many occasions to friends and acquaintances. I am sure that 'Fruit-a-lives' has helped me greatly. By following the diet rules and taking 'Fruit-a-lives' according to directions, any person with dyspepsia will get benefit from it. H. SWAN, Esq.

Huge Cost of Armament

The Russian Minister of Finance has informed the Budget Committee of the Duma that Russia, within the next five years, must spend \$3,000,000,000 for the army and navy. The Budget for the current year for the army and navy amounts to nearly \$500,000,000. Excluding the cost of strategic railways the Empire has spent \$2,500,000,000 in the last six years, and lately proposed enormous increases in order to meet the German growth of armaments.

POINTED PARAGRAPHS.

It's easy to find money in a dictionary. Many a broadcloth man owes it to his calico wife. While the fool is asking advice the wise guy gets busy. It's all right to ride a hobby if you know where to get off. A man may break into jail because he is too proud to beg. Most of us can see a sorrow twice as far away as a blessing. Nothing destroys a man's memory like doing him a favor. Some girls break into a gig because they are unable to find the key. But the world owes every man a right to earn the high cost of living. We can see where the minority is in the right - when we are of the minority. Even some lazy men get busy, but the trouble is that they don't keep busy.

The use of good paint around the town or country home is a great economy. The cost of paint to protect your buildings against the ravages of the weather, is small compared with the expense of repairs, soon necessary on unpainted houses, barns, or other buildings.

For buildings, automobiles, porch furniture, boats, canvas and other surfaces subject to severe usage, S-W Buggy Paint gives longest wear and looks best. For single roofs and sidings use S-W Crosscut Shingle Stain which protects and beautifies these surfaces. For buildings of rough lumber, fence work, etc., use S-W Cream Paint, a satisfactory paint at an economical price, for such work. For wagons, farm implements, garden tools, etc., use S-W Wagon Paint. It keeps the wood from checking and cracking and the metal parts from rusting.
