WAR BULLETIN SERVICE

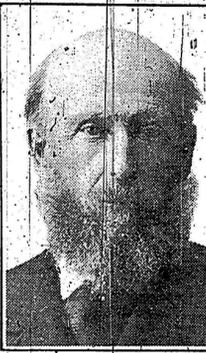

Intense interest is being manifested in the war news, and in response to the request of a large number of citizens, Reeve Ennis has arranged for a Bulletin service here. This is secured direct from Toronto, and has been very accurate and satisfactory in every way thus far. The service is highly appreciated by the citizens, who have more than passing interest in the stirring events which are taking place on the continent, and in our own Dominion. The Bulletin Board has been placed in front of The Standard office, and everyone is invited to watch the board for the latest developments.

Death of William Douglass

Mr. H. H. Gregory, of Toronto, is holidaying in town. Will Henry, Harold Mercer, Bert Welsh and Charlie Kelly are camping at Ewart's lake this week. Mr. S. J. Halbert visited his brother at Mono Mills on Saturday, returning home on Monday. Mrs. Dave Heathers spent the first of the week with Mr. and Mrs. Henry Summers, of Owen Sound. The brickwork on Mr. Perkins' new house on Toronto street has commenced. Mr. Ed. Donnelly has the contract.

Death of William Douglass

Came to Markdale Fifty-Seven Years Ago—A Highly Respected and Progressive Citizen. A well-known and highly respected pioneer of Grey County entered into rest on Wednesday at two o'clock in the afternoon, August 11th, in the person of Mr. William Douglass, of Markdale, aged seventy-nine years and five months. He was born in Temple Shambro,

THE LATE WM. DOUGLASS.

Local Men Volunteer To Serve the King

An order was received last Thursday by Capt. Campbell from the headquarters at Ottawa for the enlistment of men to form part of a Canadian contingent for service overseas. The order stated that enrollment would be entirely voluntary for all ranks, and that the force would be Imperial and have the same status as British regular troops, enlistment to be for duration of the war. The senior officers were ordered to collect the names of all volunteers, which after the men have been examined by the physicians, are to be submitted to Military Headquarters. The quota to be found by each unit will then be determined, and instructions issued as to the number required for each unit. There were other instructions in the orders, but they are of general interest, relating only to matters of detail. "F" Co. of the 31st Regiment was called together at the Armouries, Markdale, on Saturday evening, and after the call had been read about twenty men applied, but some were refused on account of not coming up to the requirements. One was a married man with family, another had a mother dependent on him, and two or three others did not come up to the physical standard. The remaining fourteen were allowed to sign the roll and take the medical examination. To pass this examination, which takes from five to ten minutes, and necessitates the men stripping, the local medical men explained to The Standard that the recruit must be in perfect condition as to eyes, teeth and veins. There must be no deformity of his toes or fingers. His feet must not be flat and have the proper arch. His lungs and heart must be sound. He must have a chest measurement of 38 inches or more, must be five feet 3 inches in height, and must be between 13 and 45 years of age. A man fulfilling these conditions can be classed as in sound physical condition. Single men are considered first, married men without children next, married men with one child next, married men with two children, and so on. The list closed on Monday and was forwarded to headquarters at Ottawa. The authorities in command of the militia department will probably weed out a quite a number of applicants as the total of volunteers from the 31st Regiment is above the number required. Word is expected towards the end of this week as to those who have been accepted, and instructions will then be issued as to when and where they will be fitted out. If the war continues for any length of time it is altogether probable that the different militia regiments of Canada will be ordered out for service. When such call is received, the men of "F" Co., who have not already volunteered for the overseas contingent, have expressed their desire to serve under their own officers, and have expressed their desire to serve under members of "F" Co. who are at distant points asking that they be

Handy Auto Tires.

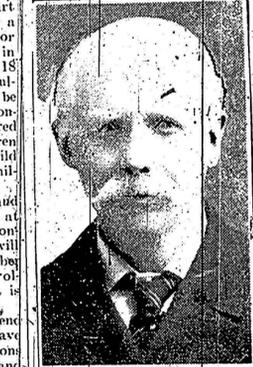

The Meaford Monitor advises the people of Owen Sound that an automobile passing through there for Owen Sound a few days ago was noticed to have a number of spare tires on board. While the occupants were out of the car for a few minutes procuring refreshments someone turned off the valve stop in one of these tires and a good brand of whiskey ran out. The inquirer took a good drink before he closed the valve again.
