## Why You Should Use Rexall Preparations

Everything that honesty and care and the most modern methods of manufacturing and merchandising can add to the satisfaction-giving qualities of Rexall Preparations has not been overlooked. Nothing left to chance in the desire to please you.

### The High Quality

Assured by months, and, in some cases, years of conscientious testing and proving by actual use of every formulae were finally adopted as worthy; and by rigid testing for purity and strength of every ingredient before it can become a part of the preparation.

### The Low Price

For goods of such high quality is possible because the REXALL STORES own the laboratories where Rexall Preparations are made; and because to supply the output of more than 7,000 leading drug stores, one in each important city and town in Canada, United States and Great Britain, each article must be manufactured in great quantities, permitting lowest, big-quantity prices in the purchase of raw materials and supplies.

### The Satisfaction

You got in the use of Rexall Preparations through the manufacturing and merchandising conditions described above, is still further insured by the broad, liberal Guarantee printed on every package, and backed personally by the Rexall Store who sells it to you—a guarantee of satisfaction, or your money back.

We are giving 5 per cent. on our Rexall Purchases from Nov. 1st, 1914, to Dec. 31st, 1914, to the Patriotic Fund. COME IN, BOOST IT
