P. J. THOMPSON, Markdale

Markdale 4 Owen Sound 2

On Thursday evening last a special train left Markdale for Owen Sound about 6.30. The local O. H. A. hockey team journeyed to Owen Sound to play a game with the team of that town, and were accompanied by about one hundred rooters. The following is part of the report from the Owen Sound Times:

They came, they saw, they conquered. That might have been the word the Markdale boys sent home from here to that town following the hockey match last night. They outskated and outplayed the Grey at almost every angle of the game and took the long end of the four to two score. There is no use fighting around the fact Markdale had it like a tent over the Greys all the way with the exception of the last few minutes of play in the last period when the Greys suddenly came out of the comatose condition in which they had been dreaming all evening and started to play hockey. They got a goal but did not have time to even up the score though they showered shot after shot at the Markdale goal and gave Staples a busy and anxious few minutes. Owen Sound notched the first goal in the first period. But after that faded out of sight. Team work was forgotten and not a pretense was made to put system into the work. The Markdale boys had little more system but that was no excuse for the Greys doing the same. In the second period Markdale took the lead by scoring another. In the third period Markdale took two more and then with the score standing four to one, the Greys awoke to the astonishing fact that they were a beaten team and probably got their Irish up for they dug in and scored. The line-up:

Owen Sound.—Lenahan, Legate, Butchart, Bell, Creighton, Pallister and Matchett.

Markdale.—Staples, Mercer, H. Merriam, Walden, Burnside, Purvis and H. A. Merriam.

Referee.—Jack Moxon, Toronto.

A Valuable Paper

The opportunities of the coming year, from a farmer's point of view, appear to be many. Owing to the war there will be a shortage of crops in Europe, and therefore an extra demand for all kinds of farm products in Canada. This will afford an opportunity for the farmer who manages his farm in a business like way to reap a rich harvest. Every farmer who is farming for profits, should be a reader of the Weekly Sun, the farmer's Business paper. There is no other farm paper in Ontario that supplies the farmer with the same reliable information as the Sun does. By perusing the Sun, you will gain a knowledge of the markets, which will enable you to sell your products to the best advantage. The subscription price will only be a fraction of the additional profits you will make by reading the Sun. When renewing your local paper, you will make no mistake if you subscribe for the Sun, the Farmer's Business paper.
