Sovereign Cure for Rheumatism

Mrs. B. W. Hazlett 163 Wyandotte Street, Windsor, Ont., says there is only one Kidney Remedy in the world for her—GIN PILLS.

"Gin Pills, I know from personal experience, are the sovereign remedy for Rheumatism and Kidney Trouble in any form. I was cured by them after months of suffering. I was helpless—had several doctors, and many other remedies, but all failed to cure me. Then I used Gin Pills with the result that I am well to-day. I heartily recommend them to any person suffering from Kidney or Bladder Trouble."

of members are inspected and reported on generally by officers of Provincial Departments of Agriculture. The cleaned and graded seed which comes up to the standard no impurities and 95 per cent germination—is inspected and sealed in sacks under registration number by officers in the employ of the Association. But the quantity of registered seed, though increasing yearly, is not relatively small, hence the recent organizations of District Associations for Eastern and Western Ontario, each under a directorate, which include a prominent grower of each kind of seed crop. These associations have grown out of committees of management of Provincial Seed Exhibitions at Guelph and Ottawa. They aim to assist individuals and organizations concerned in the production, exhibition and sale of high-class farm and garden seeds through educational and advertising movements. Seed shall be sold under guarantee by the grower or as to variety, purity and germination. R. W. Wade, Toronto, is Sec'y-Treasurer for Western Ontario and W. H. Smith, Athens, for Eastern Ontario.

A BETTER REMEDY THAN NASTY SALTS

Few people like to take physic, especially salts, because they are so disagreeable to take and because of the griping and pain they cause. Rexall Orderlies enable you to take less physic, and all without griping, purging or excessive looseness. Salts and harsh physics usually give only temporary relief and often leave the bowels worse off than before.

Rexall Orderlies move the bowels promptly and soothingly, and strengthen the intestinal muscles, leaving them healthy and regular in action. They taste like candy, and the movement they cause is as easy and natural as though your bowels were in perfect health and you never had to take any physic at all. We have so much faith in Rexall Orderlies that we urge you to try them with the understanding that if they do not satisfy you in every way, all you have to do to get your money back is to tell us. We honestly believe them to be the best bowel remedy made. In vest-pocket tin boxes; 10c, 25c, 50c.

You can buy Rexall Orderlies only at the Rexall Stores, and in this town only at R. L. STEPHEN, Markdale.

THE ALSTAKE FEEDING. Daily Papers.

Ontario Alstake is usually sold in large quantities to the European market. The demand from this source is so great that the year's contract is usually filled in the first few months of the year. The price of Alstake is therefore very high, and it is not until the latter part of the year that it becomes available in the market. A big crop of Alstake is expected in the next year, and this will probably result in a lower price for the same. The Alstake is a very high quality feed, and it is very popular with the farmers. It is a very good feed for all kinds of stock, and it is very easy to digest. It is a very good feed for all kinds of stock, and it is very easy to digest.
