Mr. Joseph Beaty, a pioneer of Orange Valley, died in the General Hospital, Toronto, on Tuesday morning of the 9th inst., of pneumonia. Mr. Beaty had not been in rugged health during the past year and contracted La Gripe while in Toronto where he had been since before Christmas. In a letter dated Feb. 1st, he expressed the expectation of soon being better, which he would return, but a few days later pneumonia developed and he went to the hospital some three days prior to his death with a bad result. The remains were brought to Markdale by Wednesday night train and conveyed to the Methodist church, where Rev. R. M. Hadden, in the absence of the pastor, conducted an appropriate service after which the remains were placed in the public cemetery. The Orange Brotherhood of which deceased had long been a member conducted the funeral, and also furnished a beautiful wreath. The pall bearers were Messrs. Ed. Baker, John Madden, Rob. McGruther, Fred. Sargeant, Geo. Warding and S. J. Halbert. Deceased was born in Sullivan Township and was three years old when his parents settled in Orange Valley 61 years ago, then a dense forest. He grew to be a most kind hearted man, an excellent and hospitable neighbor, and his integrity unquestioned. He married Rachel Dixon, who predeceased him three years ago last December in California, where they had gone for the benefit of her health. Their family of four all survive, viz: J. W. Beaty, on the homestead, John, Vancouver, B. C., Mrs. Sil Hill, Artemesia, and Miss Maggie, Los Angeles, Cal.

**Had Feet Frozen.**  
Daily News, Feb. 8.—A man of about 50 years of age, whose name is believed to be Beattie, was found early to-day by Mr. Sutherland, a farmer, of Holt, Ontario, as he was driving into Mt. Albert. The old man was lying unconscious in the roadway and both his feet were frozen. He was brought to Toronto on a C. N. train and removed to the General Hospital in E. W. Matthews' private ambulance. It was found necessary to amputate both the man's feet, and he now lies in a precarious condition.

The Imperial Order of the Daughters of the Empire recently organized in Markdale, staged their first entertainment in the Armouries here on Friday night. The main features of the event consisted of British, French, Russian, Belgian, Japanese and Red Cross Booths; also, Gipsy tents, Fish ponds, Catering lunches, Music and other pleasing elements. Each department and booth was presided over by two or more members of the Daughters of the Empire, most beautifully and becomingly attired in costumes of the respective countries they represented. The booths were handsomely and tastefully decorated with streamers, flags and colors of the various countries. The large Armouries were profusely decorated with gay colored lanterns, mellow subdued lights, festoons of roses glistening with dew drops and fragrant with delicate tropical perfumes.

The scene was brilliant, charming and inspiring. No audience ever assembled in Markdale who returned home in a happier mood. The splendid and untiring efforts of the ladies belonging to the Markdale branch of the Daughters of the Empire were rewarded with eminent and deserving success. The receipts were two hundred and forty-five dollars, which will be paid to the Patriotic Fund.

**Printed Butter Wrappers**  
It has been customary to sell dairy butter in plain wrappers, but it will be seen from the appended circular issued by the Department of Agriculture that it is now against the law to sell dairy butter in pound prints, unless it is branded. The Standard has been asked to bring this matter to the notice of the farmers in this district. The circular is as follows:

"The regulations made under the authority of the Act came into force on September 1st, and provides that when dairy butter is put up in blocks, squares or prints and wrapped in parchment paper, the paper shall be printed or branded with the words 'Dairy Butter' in letters at least one quarter-inch square, in addition to any other wording that the buttermaker may desire to use. There is nothing in the Act or Regulations to prevent the use of the word 'Separator' in addition to the words 'Dairy Butter' but no such grade as 'Separator' is recognized by the law. The Butter Act of 1903 defines only two grades, namely 'Dairy' and 'Creamery.' The Dairy Industry Act of 1914 defines a third grade as 'Whey' butter. Buttermakers may use form of printing or branding, including the words 'Dairy Butter,' which is not inconsistent with the definition of dairy butter. Butter in rolls, crocks or tubs is not required to be branded. The definition of dairy butter is found in Section 3 of the Act and is the same as it was in the Butter Act of 1903. It reads as follows:

(d) 'Dairy' means a place where the milk or cream of less than fifty cows is manufactured into butter.

(e) 'Dairy Butter' means butter which is manufactured in a dairy."
