STYLE

Here are two correct Spring styles. The "Kitchener" Overcoat and the new natural form-fitting suit. The average tailor doesn't know how to make them. They are both

and can be had, as shown, only in this famous make. If you like a more conservative style we have dozens of them to show you. Ready-to-wear or to-your-special-measure. Make your choice while the choosing is good. Prices to suit any purse.

Presentation

On Tuesday evening of last week an interesting gathering of friends and neighbors took place at the home of Mr. and Mrs. J. Quillinan, Irish Lake, where a few pleasant hours were spent in social intercourse, including an address and presentation to Mr. and Mrs. Quillinan and family.

To Mr. and Mrs. Quillinan and family:—

We, your friends and neighbors, prior to your departure from our midst, take this opportunity of spending a social evening together and of wishing you God-speed in your new sphere of life.

The occasion which calls us together is one to which there are many parallel in life, for time and again we are called upon to say farewell to friends and fellow helpers. These changes and partings cannot but give rise to feelings of melancholy and thought akin to sadness, yet our feelings are modified when we realize that your departure from among us means that those in your new environment will benefit from your cheery counsel and friendship. The true spirit of neighborliness and hospitality which has always characterized you will make your removal a keen loss to the social life of the community and to assure you more than in mere words that our feelings are truly genuine, we ask you to accept these rocking chairs, not for their monetary value, but as a slight token of the esteem in which you are held by your large circle of friends and as you leave for your new home there will accompany you the most sincere wishes of us all for health and happiness and prosperity and may the old familiar faces and sweet memories of this neighborhood find a place in memorie's eye "When thought you summon up remembrance of things past."

Signed on behalf of your neighbors and friends.

DURHAM

Mr. Geo. Binnie was unfortunate enough on Friday last to receive some broken ribs in a simple way. While crossing the railway track at 30 sideroad his horse swerved a little, ran the cutter on the hard snow bank, throwing him out just on the rail. He will soon be around again.—Review.

Mr. Fred Staples underwent an operation for appendicitis on Monday evening. The operation was performed by Dr. Groves, of Fergus, assisted by Drs. D. B. Jamieson and Hutton, and nurse Derby. We hope Mr. Staples will soon be restored to his usual health. His father and mother and brother, Clarence, of Markdale, are in attendance.—Edge Hill Cor. in Durham Chronicle.

OWEN SOUND

Miss Kate Wilson, who has been acting as school nurse here since that position was created, has resigned her position and has been accepted as a Red Cross nurse and will go to the front. Miss Dell Carson has been engaged to fill the vacancy.

The Manitou and the Caribou of the Dominion Transportation Company's fleet, are being refitted, a number of the members of the engineer room crew of both being at work on them now. Work is also to be done on the tugs of the fleet, a number of which are at mooring in the local harbor.

Mr. J. C. Ryan, of Ryan Bros., has disposed of his interests to his brother Mr. G. B. Ryan, of Guelph who will carry on the mercantile business here under the name of G. B. Ryan and Company. The latter is a very successful business man and merchant and intends modernizing the store and making important changes.

In a fortnight or three weeks the William Kennedy and Sons Company, Limited, will be manufacturing shells for the war department. They are now installing the special machinery which is required for the work and expect they will have it all in the shop in less than a month, and operating, which will give steady work for some time to a considerable number of men for whom they might not otherwise be able to find employment.

The resignation of Rev. Mr. Rodgers as pastor of Knox Church was accepted with deep regret by the Owen Sound Presbytery, which met on the 2nd of March. Mr. Rodgers pastorate will end on the last Sabbath in June, after which he will undertake special work to which he feels he is called.

The proposed dry dock scheme is said to be now financed and to be a half million better than was formerly proposed.

It is now expected that Owen Sound will have 2 C. P. R. boats per week call instead of one as formerly.

Prof. Wrong, of Toronto University, delivered an able address on Friday night at the Canadian Club here. His subject was "Some aspects of the war."

The March to the Battlefield or Canada's Men on the way

The above is the title given a picture that will for many years to come be a highly prized treasure. It is a photographic reproduction showing the 32,000 men of Canada's first contingent breaking camp and on the march to join the Continental forces. It shows miles and miles of the white tents and marching men. It is a most inspiring sight. The size is 20 x 46 inches all ready for framing. This picture is sure to be a popular sonvenir of the war as far as Canada is concerned, and will be in great demand. It is owned by The Family Herald and Weekly Star, of Montreal, and a copy is being presented to all subscribers to that great national weekly newspaper, The Family Herald, Montreal, whose subscription of one dollar a year is received from this date for a limited period.

Rocklyn Rifle Team.

Ed Donnelly wins the cup for 1915. At last after six years careful practice and attention to all the details of preparing ammunition, arranging sights and studying the effect of wind, light, cold and heat, and in fact practically mastering all the scientific knowledge in connection with fine target shooting, Ed Donnelly has won out against many who are recognized as among the finest reflemen. We regret that three or four of our best men were unable to follow up the matches and their scores do not appear. We hope that next year circumstances may allow them more time. There are six or seven capable of scoring around 95 or better and a little more attention to details may make any one a winner. There is no telling who may be high next year. We all admire Ed's conduct in the past, on several occasions being only a few points behind, yet conceding to the winner the right to first place, while in reality, when it comes to skill with a rifle preparing ammunition, sighting, etc., he has few equals. Perhaps without exception the boys are all agreed that his success is well merited, for as Captain of the team ever since it was organized he has contributed the benefit of his experience and assisted in every way possible to make it a success.
