Agricultural Bulletins

So great has been the demand for Agricultural Bulletins, Reports and Reports upon the Publications Branch of the Department of Agriculture at Ottawa as a result of the Patriotic and Production Movement, that it has been found impossible to comply with all the applications as promptly as could be desired. Of some of the Bulletins the supply has been exhausted and no time has been afforded for reprinting, while of others the quantity asked individually has been such that instant compliance would mean many applicants might have to go without. This has meant extra correspondence and consequent delay. The situation is of course, satisfactory as indicating the success of the campaign, and widespread interest created, but the inability to respond on the instant to the multitude of applications is greatly regretted. At the same time it is impossible that the size of the demand could have been foreseen. As fast as possible the requests will be attended to, but in the meantime there will have to be reprinting and in cases revising. In such circumstances patience appears to be a desirable and necessary quality.

There is no doubt but that a large per cent of the degradation, disgrace, ruin and crime among the youth, springs from the habit of night prowling, corner loafing and kindred acts by both sexes in city, town and hamlet all over this broad country. Any person who keeps his or her eyes open knows this. Hundreds of boys and girls are out at night and we all know that many influences for evil and none for good surround them continually.

FLESHERTON

(Special to The Standard.) Dr. M. Williams, of Dundalk, was in town on Monday.

For being drunk in a local option district, Mr. F. Hogarth, from near Kimberley, was before Magistrates McMullen and MacTavish here last week and pleading guilty was fined \$20.00 and costs, in all over \$25.00. Hogarth said the liquor was supplied by a friend whom he was taking to the station at Ceylon. Returning here he was unable to take care of himself and Constable Hales took him in charge with the above result.

The annual Easter Thank Offering Meeting of the Methodist W. M. S. was held on Thursday afternoon last and was a pleasant and profitable meeting. The Presbyterian and Baptist Societies having been invited, greetings were conveyed by Mrs. (Rev.) McVicar in a thoughtful address. Refreshments were served at the close of the meeting.

Fourteen Ford Autos, 45 fanning mills, 5 threshing outfits, one steam engine, one gasoline tractor and one plowing outfit, says the Neppawa (Man.) Press, of last week, is the business already done this spring by Mr. Charley Hedlar, who formerly resided here. Charley is a hustler and an esteemed citizen of Neppawa, being one of the aidmen of the town.

Married.—On Wednesday, March 31st, by Rev. R. C. Kerr, at the Baptist Church, Flesherton, Mr. Walter Kussell, of Rock Mills, to Miss Elizabeth Osborne, daughter of Mr. and Mrs. William Osborne. The young couple will reside on the 8th Concession, Artemesia.

Miss Zilla Trimble entertained about forty young people at an enjoyable party one evening last week.

Mr. and Mrs. Ed. Best, Toronto, have moved to Mr. D. MacTavish's farm residence near the cemetery.

The Presbyterian Ladies Aid held a cake sale on Saturday. The proceeds amounted to over \$6.00.

Miss Hattie Cole is home from Toronto spending a week with her mother, who had the misfortune to fall a few days ago and sustained severe bruises. We are pleased to learn that the esteemed elderly lady is improving.

Miss Mary Wilson is at Guelph this week attending a rural school convention. Miss Wilson was appointed delegate at the last East Grey Teachers' Convention.

Mr. Harold Brown, formerly in the High School Staff here, but recently a University student, Toronto was a visitor at Rev. MacTavish's on Saturday. Mr. Brown expects to leave for the war soon, attached to the Toronto Cavalry. Mr. Arnold Thurston, who will also go, was home over Sunday.

Mr. Wills Whittaker, a student at Kingston, who is going to the war with the second contingent, visited his parents near Ceylon and called on old friends here on Saturday.

Mrs. Harry Piper met with a bad accident last week. She was attacked by the ram of their flock and had one of her lower limbs broken in two places. Drs. Carter and Little reduced the fractures.

Mr. W. J. Lever, who was in Toronto recently under special treatment, has returned home and is reported slightly improved.

Born.—On Saturday, April 3rd, 1915, to Mr. and Mrs. J. J. Brown a daughter.

The services in the churches on Sunday were appropriate to Easter Day. The sermons were Resurrection themes and the choirs sang special Easter Music. The pulpits were prettily decorated with plants and Easter Lilies.

Among the Easter visitors here were: Hon. I. B. and Mrs. L. Lucas Toronto, with the latter's parents Mr. and Mrs. M. K. Richardson.

Don't Let Your Skin Absorb Dirt

Many women think their complexions are clean when their skin still contains dust and grime in all its pores. To demonstrate your need of some new cleanser besides soap and water, make a test of Nyal's Face Cream. Get a 25c jar and their Free Booklet entitled "Your Complexion" (telling how) to apply it with proper methods of massage. Wash your face thoroughly and then apply the Cream. After properly working it in wipe your face with a clean soft white cloth and see how soiled the cloth is with the accumulation of grime that have sunk into the pores. How refreshed, soft, clean and delicately fragrant your complexion now is. How free from irritation. Nyal's Face Cream is greaseless, oxygenated and refreshing, leaving no shine. Nyal's Face Cream Soap is a delightful preliminary cleanser. Nyal's Face Cream is justly famous and none more so than Nyal's Face Cream which we unhesitatingly recommend. Call or telephone us for your copy of this book which contains most valuable information.

Cleaning and Grading of Seed Grain and Flax.

The 1913 Seed Branch inquiry into the condition of seed grain used in Canada shows that an average of 44 noxious and 138 common weed seeds were being seeded on each square rod of land in oats. Seed wheat and barley were equally foul and flax was about four times worse. Over 88 per cent of the 2055 samples of wheat, oats, barley and flax collected as being sown were reported cleared with a fanning mill, but most of the samples showed that either the mills were not equipped with the proper sieves or else they were not well operated. The remaining homegrown seed, almost 11 per cent, was being sown direct from the thrasher with no cleaning what ever. Small, broken and shrunken seed in the samples also indicated the failure in grading.

Cereal grains should be graded to remove from one-third to one-half of the total bulk, and most of the weeds will be removed with the screenings. Some of the weed seeds are difficult to separate, but most of them can be removed by a fanning mill. Any make of mill which has sufficient shake, angle or slope of sieves and wind supply may be provided, with suitable sieves. The top sieves should be coarse enough to let the grain run through and need sufficient slope to run coarse impurities over the tail of the mill. The lower screens should have the openings of the size required for grading or removing seed weeds.

With wheat the grade for high-class seed is made over an 8-64 inch perforated zinc screen. The grade for oats is made over a screen with slots 5-64 by 1/8 inch. Barley requires the same type with slots larger depending on the size of the seed. Wild buckwheat may be removed from wheat by a screen with triangular perforations on top a woven wire sieve 3x15 one way and 16 the other and a 1-12 inch perforated screen below. If sieves or screens of the desired size and type cannot be had from the fanning mill manufacturer, the through any reliable seed house and made up by a carpenter. Seed Branch, Ottawa.
