PARISIAN SAGE

PUTS HAIR ON YOUR HEAD
AND KEEPS IT THERE

What's the use of being bald? What sense is there in deliberately allowing your hair to turn gray?

Do you want to look old before your time? Give up the thought; old age will come only too soon.

Look after your hair. PARISIAN SAGE will kill the dandruff germs, and is the only preparation, so far as we know, that is guaranteed to do so.

Man or woman, no matter how old you are, PARISIAN SAGE will make you look young.

Come in and get a large bottle to-day. It only costs 50 cents, and your hair back if it does not cure dandruff, stop falling hair, or itching of the scalp. It will make your hair luxuriant, bright and shiny, and it is the most refreshing, pleasant and invigorating hair dressing made.

W. TURNER & CO., Markdale.

Trio Fined \$900.

(Walkerton Herald-Times.) John Himmelsbach, a Hanover bartender, Fred Gibbons, an hotel porter, and Reuben Fink, caretaker of the Hanover House Boat, were each fined \$300 and costs by Magistrates Jas. Tolton and Robt. Richardson at Walkerton on Saturday for running what the law believes to be a club house on the Saugieh River below Hanover. It seems that for the past three summers many young men of Hanover have been putting in their Sabbaths drinking booze down at this boat house. Floating on the billows, like Noah's ark, it was no Sunday School Class that the boys went to attend when they assembled around the beer kegs on Sunday and assuaged their thirst with the foaming suds: While the Hotels were closed tight in Hanover on the Sabbath, the moisture is said to have been running freely at the house boat, with the result that many complaints reached Inspector White here about the way the booze was being worked on the river. The Inspector, in conjunction with Chief Ferguson, journeyed to the spot in the wee small hours of the night, and swooped down on the house-boat about 3 o'clock in the morning of Sunday, June 27th. They discovered at first a full keg of beer, with the tap in ready for business, and one of the occupants of the boat informed them that that was all the booze there was on board, but not being too credulous, the officers continued their search and came upon another full keg of the moisture,

besides an empty one, and many empty beer bottles and glasses. Seizing the booze cargo, the Walkerton sleuths returned home and laid charges against the trio who conducted the boat. At the trial which came off here on Saturday last, it was asserted that the boat had taken on another supply of booze some days after the Inspector's raid. The Carlsruhe brewery manufactured the suds that were dished up on the house-boat, and the brewer, Mr. Schwan, swore that he had been getting orders for this floating joint for the past three summers. The trial lasted nearly all day, a strenuous legal battle being waged between Lawyer Klein for the prosecution and Barrister Tuck, of Owen Sound, for the defendants. At the conclusion of the court imposed the minimum fine of \$300 and costs on each of the three defendants. The verdict is, we believe, a popular one, and should do much towards stamping out these Sunday drinking stunts.

Substantial Road Roller

Markdale Council has invented a road roller which should prove a valuable acquisition. Commissioner Reburn has been greatly improving at a very moderate cost, the roads in town by grading and graveling, and now they can be properly finished with the new roller. It is made by taking one section of a metal land roller, filling the hollow of the drum with cement and fitting with frame and tongue for two horses. The crusher weighs 2,750 lbs without the frame and is certainly a substantial Road Roller.

Single copies of the Standard 3 cents.

THE STANDARD will furnish printed butter wrappers for twenty-five cents per hundred. Call early and get your season's supply.

The Superiority
of Tone
In Columbia Double-disc Records

is due to the PATENTED and EXCLUSIVE COLUMBIA PROCESS of Manufacture.

Columbia Records are BUILT-UP. Instead of economising and using one mixture for the whole record, Columbia records are made in THREE LAYERS, using the cheaper material in the centre only where it doesn't count in the reproduction. The best and most expensive material the world can provide is used on the outer surfaces on which the sound wave or music is engraved.

THAT'S WHY COLUMBIA RECORDS SOUND BETTER AND WEAR LONGER—the same difference in value as there is between an ordinary pine and an expensive built-up oak door.

All Columbia records are double, a different selection on each side.

And yet these records cost you less money than any others.

You are not getting the utmost value for your money or the best out of your machine—no matter of what make—unless you use Columbia records.

Of Course, Columbia Records are Made in Canada.

If you have never tried Columbia records, ask to hear the following selections. We will gladly play them and any others for you.

Superb Cello Solo by Pablo Casals
A (Traumerei (Schumann)) 1.50
5679 (Salut D'Amour (Elgar))

Two well known Ballads by the famous
Taylor, Hackel, Berge Trio.

A (Because (D'Hardelot) 1.00
1735 (Mother Macree (Olcott & Bell))

Two Novelty (Marimba) Recordings

A (Italian Echoes. Two Step. 85c.

1728 (Senorita. Two Step. 85c.

Two Patriotit Songs

P (Three Cheers for Little Belgium. 85c.

39 (Come on, You Boys of London Town.)

There are over a thousand double disc records at 85c.

Markdale, Ont.

Continued from page one. We are sorry to state that Mr. Smith's meter, which he had been using for a long time, has been damaged. He has had his meter repaired and is now using it again. He has not been able to get a new meter, so he has had to pay extra rent for the use of the old one. He has been advised by the manager that he has paid 25 cents extra rent for the use of the old meter. So much worse for the chances of good living under the present system. 25 cents per month higher rental is equal to more than the total consumption charge, or about 25 cents per month. Under Hydro in this case, there would be no such charge, as the meter is inserted in the service pipe. Before leaving the house lighting, we would state that if there is any householder who does not think he can quite figure out the regulations for lighting his house, he has any question on that subject, we would be pleased to help him, as he will write or call at The Standard office. Also if there is a single statement made in these articles, which is not correct, we would be pleased to have it called to our attention.

To be continued next week.

Fifty Years Married.

Tuesday afternoon

a gathering

of between seventy

and eighty as-

sembled at the home

of Mr. and Mrs.

Jacob Holley,

Mardale. The

occasion was to

celebrate the

fiftieth anniversary

of their wed-

ding day. There

were children,

grandchildren and

great-grand-

children present.

The tables were

laid under the shade of the orchard trees.

The spread was worthy

of the "Golden Jubilee"

of the re-spected couple.

Mr. Phalen, just

before the tables

were occupied,

baptised the whole

family of Mr. and

Mrs. Thos. Nesbitt.

These were grandchildren of Mr. and Mrs. Holley, and consisted of eight

bright interesting boys and girls.

Mr. and Mrs. Frank Teeter

had their baby boy baptised.

He is a great-grand

child. Mr. Holley

was born in Albion Township

seventy-five years ago.

He came to

Artemesia in 1850, when the

greater part of Gray

County was

"Bush Land," hence he ranks as

one of the real pioneers.

July the 20th

1863, he was married to

Elizabeth Madill in Stones' Settlement.

Mrs. Holley was born in York

Township. Rev. Mr. Jackson per-

formed the ceremony.

One surviving

guest alone remains

of that happy day.

Eleven years ago, Mr.

and Mrs. Holley left

the home in Artemesia,

where they began life

together fifty years ago

and have since lived in

Mardale in their

cosy home on Sprole

Street. They are the honored

parents of six

children, three boys and three

girls, five of whom are living.

Speaker Dr. Sprout, who had to

be absent from home, sent the

following note:

Dear Mr. and Mrs. Holley,

I regret exceedingly that official duty compels
