CEYLON

(Special to The Standard.)
 On Monday evening the Flesheron baseball team came over to play a friendly game of baseball with the Ceylon team. Much to their surprise they were so badly defeated they could hardly shout that little favorite "4-1-5-8-9-10". Score was 11-1 in Ceylon favor but to disgrace their burg too much, they requested an extra couple of innings in the moonlight and enabled them to steal a couple of runs, which made the score 15-1. WALTERS FALLS

(Special to The Standard.)
 Our Baseball Club's Garden Party and Concert on Thursday afternoon last was a hummer. The crowd wasn't quite up to expectations, as a lot of people thought it was going to turn out another wet day. The first baseball game was between our local squad and Rockvale, resulting in a win for our boys by a good lead. Batteries: Akitt and Allison; Leslie and Weber. The next game was between our boys and Thornbury for the prize, our boys easily winning out, the score being 12-1. The every stage of the game, their batting being exceptionally weak. Batteries: Pitch and Wagg; Leslie, McArthur and Weber. We believe that with Leslie as pitcher and Weber as backstop, we have a battery that is hard to excel. The next game was by far the most exciting; being between our fair maidens and a team from Rockvale, the visitors being the victors, the score 8-6. Our girls put up a great game and the Rockvale maidens had to exert themselves to the utmost to pull out in the long end of the score. umpired and gave general satisfaction. After the games, the crowd repaired to the orchard of Mrs. Jno. Plewes, under which a bountiful repast was partaken of, prepared by the young ladies of our burg. A concert in the evening, consisting of instrumental music, solos, etc., brought to a close a pleasant day's fun.

KIMBERLEY

(Special to The Standard.)
 Fall wheat cutting is in the order of the day. The second crop of alfalfa will be ready as soon as the wheat is harvested. We believe there is no place under the star-gimmed, canopied vault where the alfalfa will grow in more luxuriance than it does in the Beaver Valley. Mr. Andrew Wallace, of the fourth line, north, has a field that has been seeded down for 14 years and the stand is as good as ever. If the Beaver Valley had of been hooped as much as the Okanogan Valley in B. C., real estate would have increased in value 200 per cent.
 Miss Mina Fawcett, of Markdale, visited recently at her parental home.
