NURSES GIVE THEIR LIVES.

Mortality Among French Red Cross Workers is Heavy.

More than 66,000 women in the French Red Cross volunteer are now equipping 1,500 hospitals with an aggregate of 118,000 beds. The Red Cross flag flies over 288 buildings in Paris alone.

Mortality among the : Red Cross nurses has been remarkably heavy. Twenty-two members of the Society for Aid to the Wounded Soldiers have given their lives, some of them killed under shell fire, others carried off by contagious diseases. The nurses of this society have received sixty-three epidemic medals, sixty war crosses and one cross of the Legion of Honor.

Many women of the Red Cross give attention to men at the front who have no one to remember them at home. One member, Mme. Richelot, the wife of Dr. L. G. Richelot, is god-

mother to 900 soldiers.

Regarding the state of mind wounded soldiers now in the hospitals after sixteen months of war, Mme. Perouse, president of the Union des Femmes de France, says: "They are much more anxious to return to the front than were the wounded in the hospitals last year at this time."

In a false quarrel there is no true valor .- Shakespeare.

TO SAVE EYES Is the Object of This Free Prescription—Try It If Your

Eyes Give You Trouble. Thousands of people suffer from eye troubles because they do not know what to do. They know some good home remedy for every other miner allment, but none for their eye troubles. They neglect their eyes, because the glouble is not sufficient to drive them to an eye specialist, who would, anyway, charge them a heavy fee. As a last resort they go to an optician or to the five and tencent store, and oftentimes get glasses that they do not need, or witch, after being used a few months, do their eyes more injury than good.

Here is a simple prescription that every one should use: 5 grains Bon-Opto, 2 ounces water. Use three or four times a day to bathe the eyes. This prescription and the simple Bon-Opto system keeps the eyes clean, sharpens the vision and dirritation; weak, watery, overworked, tired eyes; and other similar troubles are gloatly benefited and oftentimes cured by its use. Many reports show that wearers of glasses have discarded them after a few weeks use.

It is good for the eyes, and contains no ingredlent which would injure the most sensitive eyes of an infant or the agod. Try it, and know for once what real eye comfort is. If your own druggist cannot fill this prescription, send it to the Valmas Drug Co. Toronto, for a complete Bon-Opto Home Treatment outfit—tablets and all. Thousands of people suffer from eye
