CUPBEARER

Cupbearer will make the season of 1916 at his own stable.

Record (3) 2:24¼. Trial (3) 2:16.

A high class trotter, dark bay, stands 15 hands 1 inch and weighs over 1200 pounds; with the best of feet and legs and absolutely sound. He is one of the grandest young sires that ever stood in Canada, few horses his equal. At Maple Grove Farm, at Indianola, Ill., he sired ten foals before coming to Canada. To-day he has seven of these ten in the list. His oldest colts in this country are coming 3 years and are a grand specimen of the breed, good size, good color, sound and full of trot. The fact that he is a son of the great dead Todd 2:14¾ carries with him a world of prestige, yet from his maternal side he acquires an inheritance of speed progeniture possessed by few stallions. Cupbearer as an individual will please any one and everyone. He is good tempered and good headed. He is not a horse that has to prove himself a sire of speed and high class harness horses, but has already done so. Six of his ten colts were sold by Public Auction at Chicago rising 2 years old with no records, some of them only broken to halter, and they averaged over $500 each. Cupbearer is a horse that the breeders of this section never had the opportunity of securing the services of, a horse of his calibre at such a normal fee.

TERMS: To insure a mare with foal $15, conditions same as Royal Luck.

All the above horses are inspected, enrolled and passed.
