Letters From Soldier

(Continued from Page 1.)

left the dock shortly after we got aboard and anchored about 300 yds. from the dock, which did not satisfy us very much as there were 4,500 troops aboard, and she has only capacity for 4,050, but we could not swim ashore and we were fast there as the boys all say "Your in the army now, your not behind the plow; you son of a gun, your on the bum, your in the army now." So we stayed anchored there till Wednesday at 4 o'clock. When we started out we did not know where, whether to Egypt, France or England, but after 8 days of constant growling and kicking, we finally sighted land, which proved to be Ireland, and I certainly wished I was there. We got to Liverpool about 6 o'clock. That was on Thursday night. We anchored there that nigh and disembarked the next morning, took the train for Brandshot Camp, and here we are. We got our furlough yesterday, so to day we are in London. Hoping you are all well, I remain, Yours Truly, son Fred Cook.

To Mrs. C. B. Abercrombie:

Dear Sister,— I wrote a letter to mother on Saturday and I guess I'll drop you a few lines today and tell you just how I came to be here. As you know, I belong to the 72nd Seaforth Highlanders, of Vancouver, and am wearing the kilts and a little cap stuck on the side of my head, but they tell me I look alright, so alright goes. Well I enlisted on Wed., April 12th and left for England on April 16th. We put in 7 days on the train but it was very enjoyable to see the different sights as we passed along. We marched through Calgary, Port Arthur and Ottawa. At Ottawa, we were inspected by the Duke of Connaught and then we left for Halifax. I am in London now, and it is a wonderful place. A person just now realizes there is a war on in London. All lights are out on the streets at dark, on account of Zeppelins and every blind is pulled down at dusk. Inside, everything is carried on just the same. I have not seen any zeppelins or airships yet, but I saw two baloons. They look as big as a barn. I was amusing myself looking at one of those things, when I got lost and walked about 4 miles in place of one. Well I go back to camp to-morrow night at 9 o'clock; if I don't get there at nine o'clock I get 14 days pay stopped and 14 days pack drill, that is one hour in the morning, from 5.30 to 6.30 you march and pack your 65 lbs. on your back, and then 1 hour after your day's work is done. Sounds not very much, but you try it; I haven't had any yet but am not going to grow. Well I think I had better close, I remain, 130299 Pte. Fred Cook, A. Co., 72nd Battalion, Canadian Division, B.E.F., Army P.O., London England.

A Summerless Summer.

The year 1816, that is, one hundred years ago, says the Perth Expositor, was known as the "Summerless Summer." Snow commenced falling in the middle of June; by the middle of August it was one foot in depth, and from the first fall of snow in June until the following summer, the earth remained under the covering of the wintry blanket. Absolutely nothing in the way of crop rooted in the ground. What did the people live on? Meat and fish; there were no vegetables and there was no flour; it was venison and fish to-day, relieved by fish and flesh to-morrow taken from slaughtered cattle. Hay had to be shipped from Ireland to save the starving cattle in Quebec, and potatoes were one penny a pound. This year was called "The Year Eighteen Hundred and Frozen to Death." The cause of the cold was believed to be the sun spots, which were so large that for the first time in their history they could be seen without the aid of a telescope. It was also known as "Poverty Year." In New Hampshire hay sold at $180 a ton. The next spring the market price of corn was $2; a bushel of wheat, $2.50; rye, $2; oats, 90c.; beans $3; butter, 25c. per lb. (It usually sold in those days at eight or ten cents.)

Let County Contract.

County Engineer McDowall and Mr. Fred H. Rutherford, county clerk, motored to the Rocky Saugeen River yesterday afternoon to let the contract for an abutment of a bridge four miles north of Durham. The contract was let to Henry Drebe, of Hanover, whose figure was considerably the lowest. The abuttment is to serve to strengthen the present wooden structure, and when a permanent steel bridge is constructed it will fit into the plans of the townships of Bentick and Glenelg. Messrs. Brown and Nichol were present and awarded the contract.—Owen Sound Times.

Osprey Council.

Maxwell, May 27th, 1916.

The members were all present and severally subscribed to the Statutory Oath as a member of the Court of Revision.

The following appeals were received and dealt with: Frank Hawton against Lot 25, Con. 11, as being valued too high the court reduced his assessment $200.

Wm. Hodgson against Lot 19, Con. 12, as being too high was also reduced $200.

The appeal of T. S. Wilton against Lots 33 and 34, Con. 8, N.D.R. being too high and against T. H. Weatherall all being too low on Lots 36, 37, 38, Con. 2, N. D. R. was laid over until the next meeting of the Court of Revision.

A number of names were added to the Roll on application and a number of changes were ordered as to changes of ownership and ten-

"I HAD ALMOST GIVEN UP."

Sarnia, Ont.—"About 27 years ago I was taken very bad, my blood, too, was in bad shape. I got so I had to go to bed and I was there for over three months. I could not eat and suffered untold agony. I had three of the best doctors I could get but it just seemed nothing was going to help me. I had almost given up. I thought I would never be any better and was willing to give up and die rather than suffer as I was. A neighbor of mine told me of Dr. Pierce's wonderful remedies and I decided to use them. My husband bought me six bottles of 'Favorite Prescription.' I had not taken it long until I felt better. In less than six weeks I was out of bed, and in less than six months I was *cured* and have been well ever since. Do all my own work. I have raised three daughters, two are married and have children. They have used it and they are healthy, so are their children. I am sure it was all on account of my having them use the medicine.

"I keep all of Dr. Pierce's medicines in the house. Have 'Favorite Prescription,' 'Golden Medical Discovery' and 'Smart-Weed'—anything prepared by Dr. Pierce is good. I also have a copy of the People's Common Sense Medical Adviser, which I have had 26 years; it has been very valuable to me."—Mrs. J. WAY, 232 Ontario St., Sarnia, Ont.

If you are a sufferer, if your daughter, mother, sister need help, get Dr. Pierce's Favorite Prescription in liquid or tablet form from any medicine dealer to-day. Then address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and get confidential medical advice entirely free.

A most valuable book in any home is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy will be sent to anyone sending fifty cents in stamps, to pay the cost of wrapping and mailing *only*, to Dr. Pierce, Buffalo, N. Y.
