MARRIAGE LICENSES ENGAGEMENT AND WEDDING RINGS. J. H. STEPHENSON

Five Sons in Khaki

Not many women in Canada have the distinction of being the mother of five sons in khaki, but such is true of Mrs. Wm. Sewell, of 1096 1st Avenue West, formerly of Markdale, whose husband was accidentally killed in an elevator accident at Listowel a few years ago. Two of the sons are in France, two with the 16th Battalion, London, Ont., and one with the Medical Corps in Toronto. In addition to the above Mrs. Sewell has a son-in-law with the Grey Battalion at Camp Borden. Mrs. Sewell is naturally proud of the service which her sons are rendering for their King and country in the great world struggle.

Lightning Did It.

On Saturday evening last, during the electric storm which passed this way the barn of Mr. T. Fawcett of Woodhouse, was struck by lightning and burned together with contents. The latter comprised 8 tons straw, 3 tons hay and other articles, valued in all at \$300. The barn cannot be replaced for less than \$1200, upon which was an insurance risk of \$600, also \$600 on contents. Mr. Fawcett wishes to thank his neighbors for their efforts to stay the fire.

Christ Church Garden Party.

On Friday evening the annual garden party of Christ Church was held at the beautiful farm home of Mr. Ed. Brady. It was an ideal night, a large crowd assembled, and an exceptionally good supper was served by the ladies. Following the supper was a good program of addresses, solo duets, and a recitation. The duet by the little Misses Muriel and Blanche Walker was particularly good. A baseball match was played between the girls of the east bank line and Markdale. It was exciting and interesting from start to finish, and resulted in a victory for the country girls, but we are asked to withhold the score. Carman King made an efficient umpire.

Lieut. F. C. Ansley Promoted.

Lieut. F. C. Ansley, promoted from the ranks on the field, is now believed to have been killed in action. Lieut. Ansley came to Toronto from St. Catharines. He enlisted with an artillery unit in the second contingent, and after spending the winter of 1914-15 at the Exhibition Camp went overseas in May, 1915. He had been in the trenches seven months. He was previously reported killed in action, but the latest lists say he is now missing, and believed to have been killed in action. Lieut. Ansley was unmarried, and his mother lives in St. Catharines. Lieut. Ansley's mother is a sister of Mrs. Senator Sproule, of this place.—Standard.

Dominion Day Drive.

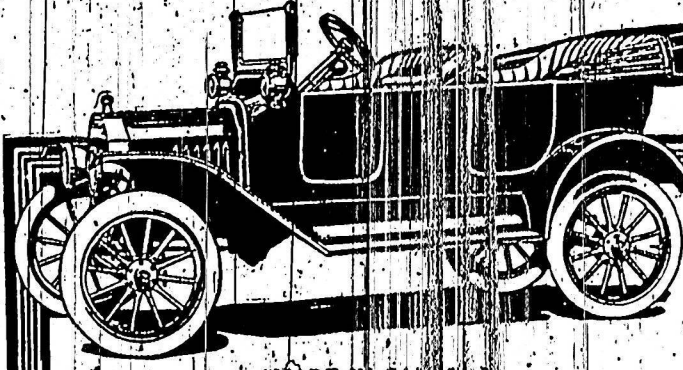

Canadians will appreciate the compliment paid to this Dominion by the British General Staff inaugurating their big drive on the first of July. It was a celebration of Dominion Day such as, we hope, will never occur again. It marks the beginning of the end of the great war. This will make July 1 a day of greater interest to the people of Canada than ever before. No doubt, the splendid work that the Canadian forces have done in the trenches has something to do with the selection of this day for the beginning of the great drive. It makes the blood of Canadians tingle with pride to have this glorious achievement of British arms performed on Canada's birthday. It is quite possible that it was not the deliberate intention to mark this great movement, if that idea did not reside in the minds of the General Staff, that it was a prophetic concurrence of events. Whether it was the act of Providence or the design of the General Staff, Canadians will be equally satisfied that their natal day has been celebrated in a way that will attach a special significance to it for all time. It must have given additional pride to the Canadian battalions who shared in this great movement. The thought must have stirred them that while the people at home were celebrating the anniversary of the beginning of our nationality by peaceful exercises they were called upon to share in a military operation for the defence of the Empire, and of Canada, great beyond all warlike precedence.

We fancy we can hear the strains of the "Maple Leaf" coming from the fields in France, as the khaki-clad Canadians rush the trenches of the Hun, and drive them back in confusion. Henceforth July 1 will have a double significance, and be celebrated by the greatest patriotic and military achievement in which Canadian have ever taken part.—The Sentinel.

COUNTY GAOLER JOHN MILLER HAS A REMARKABLE RECORD

Had held office longer than any other in the Dominion. His career free from investigation. Was volunteer Hunter, Fisher and Game Warden.

With the resignation of Mr. J. Miller as Governor of the County Jail, passes from public view one of the most interesting and popular personages of the town. Owen Sound, Mr. Miller resigned after forty-four years' faithful service, owing to ill health, and held the office longer than any other man in Canada. The powerful frame of the Governor has been stricken with rheumatism, and he is now taking a well-earned rest, and treatment at Mt. Clemens, Mich. It is because of the superior quality of his disposition that Mr. Miller has gained such a hold on the affections of the people of Owen Sound. He has never been aggressive in any way, not has he ever shown any inclination to put himself ahead of others, to which he thought others had a prior claim. Endowed with a strong and determined nature and will, a spirit that baulks not at obstacles, the genial gaoler has followed steadily to the front, both as a citizen and as a gaoler, and it is characteristic of the man that after serving for ten years on the Board of Education, he has been elected to the position of gaoler. He should retire with the same amount that he had served long enough and it was due to the other men a chance. There are hundreds of things that could be said to show how Mr. Miller has won his way to the front, those with whom he came in contact but nothing perhaps gives better expression to the explanation than the words of the Governor himself who unconsciously struck the whole keynote of a situation when in conversation with a friend he said "I am no fool enough to strike a man bigger than myself and I am not much of a man to strike one smaller." (Born in the State of New York. Continued on Page 5.)
