WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body, and local treatments in the form of snuff and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the all-food in Scott's Bausilium which is a medicinal food and a building-tonic, free from any harmful drugs. Try it.
