## A Pleasant Call.

One day last week a trio from the Standard had the good fortune to call at Green Grove Farm. This farm consists of lots 22 and 23, 11th line, Ephraim, is known as "the Old Wilson Farm," but is now the home of Mr. and Mrs. George L. Reid.

Owing to the scarcity of help, Mr. Reid and his son, Will, have had to operate the two hundred acres themselves, and a look in the barn compels one to readily perceive that the harvesting of the crop of this farm during the past season must have been "some job."

It was indeed pleasant to see the stock. The writer counted 50 head of cattle, 18 of which were Pure Bred Herefords. Such a herd of Hereford cattle is a rare sight.

Mr. Reid is justly proud of his "white faced beauties," for there are few flocks in this part upon which can be found 18 head of Pure Bred Hereford cattle.

The fact that this farmer believes in choice stock is strengthened when one looks at his pen of registered Lincoln Sheep. In the horse stable we found 7 animals, and from a glance at Mr. Reid's swine department we concluded that he also believes in raising pigs.

The systematic way in which George Reid farms would no doubt interest many. He has water (tramped by windmill) throughout the stables. This alone is a great time saver, as he need not turn loose a single one of his 50 head of cattle to water the same.

The implements used are the most modern. With a 15 h.p. gasoline engine Mr. Reid can cut his own corn, fill his two silos, do his own grinding, cut the wood, etc.

A call at a neat building 20x40 feet brought to our view a "Ford" car, which leads one to believe that Mr. Reid considers the pleasure proposition for himself and family. The next place visited was a two-story poultry house, where the farmer's good wife keeps over one hundred choice chickens.

An invitation from Mrs. Reid to remain for dinner was accepted and it was indeed a sumptuous healthful repast which she and her daughter had prepared. To call at "Green Grove Farm" was certainly pleasing, and the general hospitality of Mr. and Mrs. Reid and family was deservedly appreciated.

## PERSONAL.

St. Catharines, Ont.—"Two years ago I was in a very nervous, generally rundown condition; so that I awoke in the morning more tired than when I retired. The doctors thought I had heart trouble, and treated me for it, but I got no benefit. I heard of Dr. Pierce's remedies through a friend who had been to your Indian Hotel for an operation (which proved entirely successful) and I at once got the "Favorite Prescription." I took three bottles altogether and at the end of three weeks I felt entirely cured and have been well and strong ever since, without a single bad spell. I stopped taking it about three months ago and am still in excellent condition. How splendidly my medicine has healed me." Mrs. John Lewis, 33 Niagara St., St. Catharines, Ont.

The mighty restorative power of Dr. Pierce's Favorite Prescription especially causes all womanly troubles to disappear and brings back health and strength to nervous, irritable and exhausted women. It is a wonderful prescription prepared only from nature's roots and herbs with no alcohol to falsely stimulate and no camphor to wreck the nerves. It banishes pain, headache, backache, low spirits, hot flashes, worry and sleeplessness surely and without loss of time.

Get it now! All druggists.

A Great Book Every Woman Should Have. Over a million copies of the "The People's Common Sense Medical Adviser" are now in the hands of the people. It is a book that everyone should have and read in case of accident or sickness.

Send fifty cents or stamps to Dr. Pierce, Invalids' Hotel, Buffalo, N.Y., and enclose this notice and you will receive by return mail, all charges and customs duty prepaid, this valuable book.
