In order to encourage good work on the various sections of each division of the C.P.R. the railway authorities give prizes every Fall for the best kept section. The honor this time comes to Joseph Lee, foreman of the section running six miles south from Dundalk, as the best in the division comprising Bolton to Owen Sound and Saugeen to Walkerton. Mr. Lee has been just a year in charge of the section and it is no small credit to him to win.—Dundalk Herald.

CLEANLINESS NEXT TO GODLINESS—In travelling about from place to place investigating bakeries, as Inspector Halbert is doing, he is struck with the variety of conditions and habits. He considers it decidedly pleasing to look in upon shops where the essential of cleanliness and taste is observed and enforced, even to the snow-white attire of those who handle the dough and serve customers. This, he says, is as it should be, and he is aiming at bringing about uniformity in this respect all over his jurisdiction.

THE HIGH COST—The high cost of the necessities of life we evidently must meet, and may just as well meet the situation philosophically. We pay two dollars for a bag of potatoes, one third of which was formerly considered a good price, butter, eggs, flour, meat, etc. about on a similar basis. No use grumbling. Rather let us rejoice in the fact that farmers are being substantially helped. But listen—we have other unpleasant questions to meet. The raising of the price of The Standard from \$2 to \$1.50 a year is to us a most unrelieved duty, but it must be done, so we urge every subscriber to make the unpleasant task as pleasant as possible by renewing at the new price cheerfully. Those who have already renewed for 1917, have our sincere thanks for thus good-naturedly meeting the advance. We must treat all alike, so please do not ask or expect special favors.

Five Million Xmas Seals

The National Sanitarium Association has issued over five million seals, to meet the requirements of this year's Xmas Seal Campaign.

Last year in the United States alone over eighty million seals were sold, and this year no less than three hundred millions have been issued. The use of these seals on letters, Xmas parcels, etc., is becoming more popular, year by year. No easier way may be found by which you may "do your bit" in stamping out the plague of Tuberculosis.

The Fund's New President.

The Duke of Devonshire Becomes the Chief Executive of the Canadian Patriotic Fund.

The new Governor-General, the Duke of Devonshire, has manifested his interest in the work being carried on by the Canadian Patriotic Fund by consenting to become the President of the Fund. This position was held by the Duke's predecessor, the Duke of Connaught, from the inception of the fund until his departure from Canada and the present position of the fund in national confidence and financial strength is largely due to his inspiration and personal devotion to its interests. The new Governor-General evidently proposes to take the same active part in promoting the welfare of this great national undertaking.

County Council.

(Crowded out last week.)

The first business session of the County Council was held in the County House last Tuesday afternoon, Nov. 20th, commencing at 2 o'clock. The previous evening, Monday, a preparatory meeting was held at which the special committees were appointed.

(GOOD ROADS.) A matter that occupied the attention of the council during its first business session on Tuesday was the matter of County Good Roads. A representative of the Highway Department of the Toronto Government was present and addressed the council at length on the advisability of the county proceeding with the construction of good roads throughout the county, and he urged them to make an appropriation for this purpose. No action was taken with respect to the matter but the representative informed the members that his dept. was always willing and anxious to assist the municipalities in any road matters that may confront them.

RESOLUTIONS The following important resolutions were also submitted:—
"McQuaker" means—That the Warden, Clerk, the mover and second be a special committee to prepare a suitable letter to be signed by the Warden and Clerk and addressed to the Mayor and citizens of the town of Amherst, N. S., expressing the appreciation of the people of this County of Grey for the splendid hospitality extended to the members of the 147th battalion during the period of their stay in that town.

"Sudden-Weber"—That the Warden and Messrs. Weber, Catten, Webster, Umbach, Simz, Means and Johnston be a committee to look into the matter of the practicality of assessing and taxing Departmental Stores doing business within the county.

Both these resolutions were passed unanimously. Mr. McQuaker's resolution being accorded a specially enthusiastic endorsement, as the members of the county council, in common with the whole citizenship of the county are deeply grateful for the cordiality shown by the Amherst people to our boys.

WEDNESDAY SESSION.

The Wednesday sitting of the session commenced at two o'clock. One feature of this session was the hearing of a delegation from the County Associated Libraries who desired that the council make a grant to the libraries to enable them to replenish their stocks of books for the coming year. Several speakers addressed the council in this connection, among whom

Markdale Literary and Dramatic Society

To The Editor of The Standard.

This Society has been organized for three weeks now, and meets every Tuesday evening at 8 p. m. in the Agricultural Hall, Main Street. The object of this Society is to entertain, instruct, elevate and refine all who would come under our influence.—Without books our great and glorious past would be forgotten—they preserve for us our history, our literature, our philosophy, our religion—the intellectual Ambrosia which they contain is a sweet manna to the hungry soul—pleasant to the taste, invigorating to the mind, strengthening to the will and pleasurable to the sense. Books picture for us the marvels and beauties of nature help us in our difficulties, comfort us in our sorrow and suffering change hours of aim into moments of delight; store our mind with ideas; fill them with good and happy thoughts and lift us out of and above ourselves.

It is chiefly through books that we enjoy intercourse with superior minds, and these invaluable communications are within our reach if we set aside Tuesday evening of each week and attend the Literary Society. Come with us dear friends.
