This Christmas

Let us Give Moderately to Each Other and Generously to the Soldiers' Families

Nineteen hundred and sixteen years ago came the very first Christmas, and for all these centuries there has recurred the Great Anniversary with its message of good will to men.

And so we give gifts.

Men and women of Ontario! We who stand for good will among men and nations; we whose men fight that there may at last be real peace on earth—let us make this a Christmas worthy of the day it commemorates—let us lay aside a generous proportion of our Christmas money for the families of those who are fighting the good fight.

Give to the Canadian Patriotic Fund

the fund that guards the soldiers' families from want.

Great as the result will be among the families of our soldiers, greater yet may the blessing be among us, the givers. Christmas will have a more vital meaning for us than perhaps ever before, and as for the children, who can measure the impress for they will receive and keep of that Christmas Day when they shared their Christmas with the loved ones of the men who saved their country!

Let each Canadian boy and girl get a lesson from this historic Christmas which will go with them all through life.

Good men and women of Ontario! Can the need of our soldiers' families cry in vain for the relief which this Fund alone makes possible? Can we—can we, in the face of it all, again give lavishly among ourselves? Shall we not this year, with hearts full of the spirit of Christmas, lay aside a generous proportion of our Christmas money for the cause which so urgently needs it?

"Somewhere in France" he is fighting the good fight.

Somewhere in Ontario all that he holds dear is depending upon our decision.

Truly "It is more blessed to give than to receive."

Ontario will be asked in January to assume the Canadian Patriotic Fund that it can depend on having six million dollars in 1917 for the families of Ontario's soldiers.

Four million of these dollars must be secured from individual subscriptions. If there is no cash in the Fund by the 31st of December, 1916, the Government will have to pay the balance out of its own pocket.
