The Germans relied on the occurrence the high cost of dying, and says that His coat was just the right color to of civil war in Ireland. The result was while it is hard enough to live during make it hard work for others to see that the Ulstermen gave his hand to war times, it is almost as hard to him when he squatted down close to his Southern opponent. They antici-die. Metal coffins are to be doubled the ground. If an enemy did discov-pared that the overseas dominions would shake off their loose connection with the Mother Country. The reply was that Canadians, Australians and New Zealanders shed their blood like witer in order to preserve that conection which German politicians er repeously held to be irksome. They thought that South Africa was yearning for revenge and for complete independence. To their amazement

they found that the policy of "daring conciliation," as it has been rightly termed adopted by the British de mocracy after the Boer War, led to the expulsion of Germany from her South African possessions. They pinned their faith on Indian discontent and disloyalty, and again they found the light fetters, forged by a benign democratic imperialism, constituted far stronger bond of union than the

heavy yoke imposed by absolution

The Sikh and the Gurkhas stood sidby side with their British, born com rades in a supreme effort to dispe the absolutist nightmare. the absolutist nightmare. They thought that Egypt and the Soudan must assuredly turn against those whom they erroneously designated as their oppressors. But even the religious tie between the Egyptians and Germany's bewildered friend, the retrograde Turk, of whose methods of government the inhabitants of the Nile valley have had some bitter experiences, failed to produce any eff fect, whilst the perfect tranquility of the Soudan, garrisoned by a mere handful of British troops, rendered the most emphatic testimony as yet recorded in history to the soundne 3 of the foundations on which the British Empire rests.
