PERSONALS.

Well-known Woman.

Chatham, Ont.—"I was sick for about four years. Got very weak, could not eat to amount to anything. I got very thin and had no strength at all. I was very much discouraged at times—thought I was never going to get better. I could not walk a block without feeling all tired-out. I took different medicines but did not get the help I needed. A friend of mine advised me to try Dr. Pierce's Favorite Prescription. I began to take it with the 'Pleasant Pellets' and by the time I had taken two bottles I was well on the road to recovery, and in six months I was entirely well. My appetite came back and I gained in flesh. Now I am as strong and healthy as any one could wish to be. I owe it all to Dr. Pierce's medicines and I am glad of the opportunity to give testimony in their favor; they have done wonders for me."—Miss Luella Parry, 141 E. King St., Chatham, Ont.—"I have taken Dr. Pierce's medicine with good results. I was weak and run down, lost my appetite and got very thin. I took 'Favorite Prescription' and 'Pleasant Pellets' and in short space of time that I felt as well as ever. I found them to be all that is recommended of them; they are good."—Miss Wm. Weese, Cor. Taylor & Grand Ave., Chatham, Ont.—"A very weak woman who has backache, headache, low spirits, sleepless nights, owes it to herself to speedily overcome the trouble before a breakdown causes prostration."—Dr. Pierce's Favorite Prescription is a non-alcoholic remedy that any ailing woman can safely take; because it is prepared from roots and herbs with pure glycerine, containing tonic properties.
