A PROMINENT NURSE SPEAKS.

Many Nurses in Canada and Elsewhere Say the Same.

Chatham, Ont.—"Being a nurse I have had occasion to use Dr. Pierce's Favorite Prescription quite a lot. I always recommend it to my patients and it has been a wonderful help to many of them. I never knew of a case where it failed. I have a patient who is using it now and she is doing fine since taking it. I have taken it myself and got the very best results. I consider it the best medicine there is to-day for women who are ailing."

THAT WEAK BACK.

Accompanied by pain here and there—extreme nervousness—sleeplessness—may be faint spells, chills or spasms—all are signs of distress for a woman. She may be growing girlhood into womanhood—passing from womanhood to motherhood—or later suffering during middle life, which leaves so many wrecks of women. At any or all of these periods of a woman's life she should take a tonic and nerve prescribed for just such cases by a physician of vast experience in the diseases from which women suffer.

to Oshawa one day last week to pay his brother a visit before leaving for Overseas.

Speed the Plow.

For weeks past there have been reports of the aid which the cities and towns are willing to give to the farmer in helping him to respond to the call of the Empire for increased food production. Through a shortage in last year's harvest, the failure of Russia to reach the outside world with her surplus grain, and the shortage of shipping owing to the submarine campaign and the diversion of war purposes, there is imposed upon Canada the obligation to aid the mother country in the last critical stages of the European campaign by increasing the crops. But the farmer cannot do impossible. He is still without the promised by the cities and towns. What are the difficulties in the way? Last year many high school lads went on the farms and returned without serious interference with their educational progress. Indeed, it may be asserted without fear of contradiction that the men who today in Canada are successful in and to dishearten the...
