BRITISH TROOPS IN BIBLE LANDS

OVERCOMING THE TURE AND THE CLIMATE.

Victorious March of Modern Armies By Moses's Route Into the Promised Land. "On the 3d our gunboats proceeded

up the river and began to throw shells into the Garden of Eden." These words are a statement of fact, These words are a statement priact, it true record of this war, although they have never appeared in any off-munique, says an English

months of the war the British army idvanced to the point where the Ti gris and Euphrates Rivers join, and here, where the Garden of Eden supposed to have been, they shelled and the British flag was hoisted over Since then no part of the Holy ands has leen free from the turmon

war. As these words are written he British army is smashing forward of the land of the Philis ines and has reached Canaan The dars of Lebanon have waved their oranches over a Turkish army, Mount an armed camp and the earned in Sunday school were old when history was young. To-day they reports of a minor theare of war, and few men know where he fighting is being done and how. Climate and Enemy.

Those who do know agree that it ny war can justify the desecration of holy places, the heroism of this ar does justify it. In desert and lderness, in a country which ader the blazing sun and steams uner torgential rains, the British army s been fighting magnificently r their German leaders the eve fought well, but they fought in a nds, from Scotland and from New caland fought against the climate ore than against the Purk, and they m to have beaten both.

In the Promised Land. the war in the lands of the be divided into three parts. Taken story begins, the human race in Babylonia Mesopotamia. The second i it of bondage and the third

oundary of Caman on the south press the soldiers—the ed the same and the road before n was hard and long. But late in ch this year the country began to nge as they advanced.
