He is one of the grandest young sires that ever stood in Canada, few horses his equal. At Maple Grove Farm, at Indianola, Ill., he sired ten foals before coming to Canada. Today he has seven of these ten colts in the list. His oldest colts in this country are coming 4 year olds, and are a grand specimen of the breed, good size, good color, sound and full of trot. The fact that he is a son of the great dead Todd 2:14 1/2, carries with him a deal of prestige, yet from his maternal side he acquires an inheritance of speed progreutire possessed by few stallions. Cupbearer, as an individual, will please anyone and everyone. He is good tempered and good headed. He is not a horse that has to prove himself a sire of speed and high class harness horses, but has already done so. Six of his ten colts were sold by Public Auction at Chicago, rising 2 year olds with no records, some of them only broken to halter, and they averaged over \$500 each. Cupbearer is a horse that the breeders of this section never had the opportunity of securing the services of, a horse of his calibre at such a normal fee.

Had Headache for Two Years.

A Barrie Man Tells of Persistent Headaches and Indigestion—Finally Found His Way to Good Health.

Barrie, Ont., June 7.—For two long years the writer of this letter was subject to severe headaches. The nervous system got run down, digestion failed and there was continued loss of weight.

The use of Dr. Chase's Nerve Food changed all this, and now with scores of other Barrie people, Mr. Nader is recommending the use of this food cure as the best means of building up the exhausted nervous system and curing headaches, indigestion and all the annoying symptoms of a run-down condition.

Mr. John Nader, 38 Penetang street, Barrie, Ont., writes: "During the last two years I had an attack of indigestion, accompanied by severe headaches. I suffered from loss of appetite, and my system became run down. I also lost considerably in weight. I began using Dr. Chase's Nerve Food, and as they helped me, I continued this treatment for some time. My condition is now greatly improved, my headaches are gone and my health in general is much better. I can cheerfully recommend the use of Dr. Chase's Nerve Food to those suffering from nervousness of any kind."

As a spring tonic and restorative to overcome tired, languid feelings and build up vitality at this time of year, there is nothing to be compared to Dr. Chase's Nerve Food.

Dr. Chase's Nerve Food, 50c a box, a full treatment of 6 boxes for \$2.50, at all dealers, or Edmanson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

IN MEMORIAM

In loving memory of Stephen H. Hard Martin, who was killed at Ypres, France, June 2, 1916.

Patriot soldier hero, shrapnell and burning shell. Fell heedless on his path, he hastened bravely on. Reck'd not of danger, knowing duties call. Till pierced and torn, with gaping wounds, he fell.

Oh soldier, brave and gallant, noble true. Can we forget, that other men like you, Speak of you kindly, knowing how you died.

How the fields shook and earth was opened wide. His warlike spirit, to his God returned.

Beloved by all his comrades, also deeply mourned. Though he is gone from us, we love him still. For all he was and bow before God's will.

The years will come and go, earth's sweetest flowers Will bloom upon his lonely, unknown grave. The cheerful birds will hymn their songs of love. And Emerald grasses o'er the spot, will wave.

A. Fisher, Siskatoon, 1917.

Clean Up!

Now let us give the "The War" a rest—the rout, the siege, the sally—and, shed our lid, our coat, our vest, and go and clean the alley! Let's gather up ex-dogs and cats that have this life departed, and let tin cans and bricks and bats off to the dump be carted. In winter you may voice your views which you believe important and base long sermons on the news; but in spring you ortn't. Thus every able bodied man should whoop the "Clean Up!" slogan; and chase the old tomato can, the cast-off hat and brogan. So let us clear our bulging brows of trifling thoughts and narrow, and gather up the old dead cows, and work her rake and barrow. The rubbish left by careless men and lazy human "cheeses," will bring a gang of germs again and they'll bring punk diseases; and twenty million flies will come, with many microbes soaring, and around our weary heads they'll hum and keep us busy roaring. Clean Up! clean up! on every block let all the workers rally—let no man stand until he's cleaned his alley.—Walt Mason.

Points to Consider When Purchasing A Railway Ticket.

A Canadian Pacific Railway ticket does not represent a means of transportation between given points. It, in addition, provides the traveller with every comfort and convenience developed by modern railway science. "Safety First," with up-to-date equipment, unexcelled dining service, palatial sleeping cars, in a word, everything that a railway can provide for the comfortable transportation of its passengers, including courtesy.

PERSONAL

St. Catharines, Ont.—Two years ago I was in a very nervous, generally run-down condition, so that I awoke in the morning more tired than when I retired.

The doctor thought I had heart trouble and treated me for it but I got no benefit. I heard of Dr. Pierce's remedy as through a friend who had been to his Invalids' Hotel for an operation entirely successful and I at once got the Favorite Prescription. I took three bottles altogether and at the end of three weeks I felt entirely cured and have been well and strong since, without a single bad spell.

I stopped taking it about three months ago and am glad to tell you how splendidly your medicine has healed me. Mrs. Joan Lewis, 55 Niagara St., St. Catharines, Ont.

The mighty restorative power of Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear and brings back health and strength to nervous, irritable and exhausted women.

"It is a wonderful prescription prepared only from nature's roots and herbs with no alcohol to falsely stimulate and no narcotic to wreck the nerves. It banishes pain, headache, backache, low spirits, hot flashes, worry and sleeplessness surely and without loss of time."

Get it now! All druggists.

Conscription and Prohibition

Conscription in Canada may be necessary to win the war, but any sufficient win-the-war campaign that leaves out the immediate war-time prohibition of the manufacture, importation and sale of intoxicating liquors falls to adequately meet the situation.

All thoughtful, loyal Canadians are heart-sore and sick as they think of the destruction caused by this traffic that continues as a "pestilence that walketh in darkness" and a "destruction that wasteth at noon-day."

The food situation throughout the world is growing serious. Hundreds of millions of pounds of food-stuffs are worse than wasted, at a time when not a pound should be wasted nor an acre uncultivated. Lloyd George said: "Our food stocks are alarmingly low."

The drink trade lives on the destruction of food. Alcoholic liquors cannot be made without destroying food. They absorb water and create thirst; so that the trade exists by consuming food and water, the two vital needs of life. And the dire results of this waste of food in drink produced and consumed are simply alarming. Captain Bartolot, of the British Navy, begged for some leading statesman to speak plainly and pleaded forcibly for "the total prohibition of Spirits as the most effective act that could be taken to win the war," adding: "any measure less drastic, will not be a cure; it will keep alive the craving which has been growing after six months' indulgence, and some men will endeavour to satisfy it by keeping away from work."

Canada's service is seriously hampered unless the evil traffic is put out of the way.
