ROCKY SAUGEEN

(Special to The Standard.) The first of this week was a fine day and the Rocky was awakened from its peaceful slumbers by the purr of four motor cars going north. Every Sunday morning there is about fifty cars, some going north, some south, and also side cars. They nearly all go rushing through this burg at a good deal over speed limit. We know some people who do a little business in horse-trading on Sunday. I suppose they think the better the day, the better the deed. Sunday the 12 there was a big fire a few miles north-west of the Rocky. We heard next day that Mr. Ledingham had his new barn and about sixty loads of hay burned. One day last week Mr. John Hewitt, sr., Mr. and Mrs. W. J. Hewitt, Miss Adeline, also Miss Ethel and gentle-

man friend, and Mrs. Wm. Wilson, of Durham, motored up to the Rocky and spent the day with Mr. and Mrs. T. C. Ritchie. Miss Easter Ferguson, of Chicago, was a visitor at Mr. L. McLean's this week. The change in the weather the last few nights was a little cool for the campers on the west bank of the river, so they took a fit and left. Burn's Presbyterian School held their annual picnic in Mr. McLean's grove, near the lake and all report a good time. There was a young son arrived at the home of Mr. and Mrs. Niel McLean, on Sunday morning last. He thinks that he will stay a while. Last Sunday quite a number went from around this burg to Zion, to hear the memorial service that was to be preached for Pte. W.R. Falkingham, who was killed at the front. Last Sunday night three young men from Durham were driving their car so fast that turning the bend in the road, the car left the road and jumped the ditch and then turned over, pinning the lads under the motor car. I guess the cork jumped out of the bottle. The Morrison Hill south-east of here, also the hill at the end of the side-road is one of the worst pieces of road in Guelph. We expect to hear of someone getting killed by falling down the sixty-foot bank near the river. This road is not wide enough to pass a motor car with a horse and buggy. The Guelph Council should see to this before someone gets hurt. Mr. Wm. Morrison threshed his fall wheat on Tuesday. They report a good yield. Mr. and Mrs. Grey were visitors at their daughter's Mrs. James Vessie's, one day this week. Mr. and Mrs. Blyth, of Varney, motored up and spent a pleasant time at the Shiras' camp.
