The Markdale Dramatic Society have very generously handed over to The Women's Institute \$107.00, net proceeds of their concert given in the New Years' night, and this will be used to send comforts to our boys who are overseas. As a society we are glad to undertake this work, and are very grateful to all who took part in this concert, and hope that they will again favor us with another of their good plays. The work is worthy of good wages, and we feel sure the home boys will appreciate their efforts to send them comforts.—Mrs. C. E. Armstrong, Sec'y-W.

The President, Mrs. J. W. Elliott, entertained the "M.D.E." on Monday evening. After a delicious supper, the annual business meeting was held, election of officers, etc. It was unanimously decided to donate to the Women's Institute the proceeds of the society's New Year's entertainment, the sum of \$107. The receipts were \$1,372.03 expenditures \$30.20, amount of which is in the Standard Office window, and all are invited to read same. This ought to prove that the members of the society did not let their stomachs out of the proceeds, as one citizen stated. And, by the way, that same citizen didn't even attend the entertainment! The Society decided to give their next play on or about March 15th. At the close of the meeting, a vote of thanks was tendered Mr. and Mrs. Elliott for the most enjoyable evening.

THE TRINKET FUND.

In England some time ago, and later in the United States, a new scheme for raising Red Cross money has been tried. A collection is made of all discarded silver and gold articles, including thimbles, jewelry, tableware, etc., anything and everything containing these precious metals. These are melted and sold to the mint. This scheme has a double purpose. It not only pays for patriotic work, but sends back into circulation the precious metals, now useless. The W. C. T. U. are undertaking this work here, and solicit the help of all interested in our Soldiers.

The money obtained in this way will go direct to the Y. M. C. A. in France, which is proving such a boon to our brave fellows at the front.

DAY OF PRAYER.

The King's request that first Sunday in 1918 be observed throughout the British realm as a day of thanksgiving and prayer for the Allies' righteous cause and peace received a hearty response. Exceptionally large congregations attended our local churches, and we learn from our exchanges that the response was universal and enthusiastic. The press to operating generously.

As a fuel alcohol finds a great use, and fuel will be in great demand as the war goes on. Emergencies will arise so that it will be necessary to see that there is no curtailment of this source.

For a great number of medicinal purposes alcohol is essential. The preparation of dye-stuffs and the manufacture of many shellacs and varnishes depends on it.

Wood alcohol if used for such purposes is highly dangerous. Chemists say it is "impossible" as its vapors are blinding.

Don't close the distilleries, but transform them. Instead of making alcohol for drinks, make it for the manufacture of explosives, for other and medicinal purposes, for fuel, for dyes and shellacs; make it for every use to which the chemists can put it in this supreme moment when everything must go in the melting pot to be turned to the nation's greatest good.

OBITUARIES

The late George Lamb.

With all the members of his immediate family, except one son about his bedside, George Lamb passed to the "Great Beyond" Sunday evening, December 23rd, at 5:55 o'clock. Mr. Lamb had been ill for the past year and a half, during which time every thing possible was done to bring relief but all to no avail. He spent one year under the care of Mayo Brothers of Rochester, Minn., but even this proved unable to grapple successfully with his ailment. With his body racked with pain most of the time, he bore the suffering uncomplainingly, and the end came peacefully. During the last couple of weeks, his intense suffering lessened.

Mr. Lamb has been a resident of the Soo for 16 years and was highly respected and beloved by all who knew him.

Mr. Lamb was born in Scotland 69 years ago and came to the Soo with his family from Markdale, Ont., 16 years ago. He was married 30 years ago to Miss Mary Fegan at Markdale. She is left to mourn his loss.

There are also surviving two sons and four daughters who are Herbert C. and John A. of Duluth; Mrs. W. E. Weber, Mrs. William J. Graham, Mrs. George L. Bayliss and Sayde E. Lamb, all of the Soo. Two brothers and two sisters of the deceased live in Winnipeg. The son, John, was called home two weeks ago, but had returned to Duluth. He reached the city this morning to attend the funeral.

The funeral of Mr. Lamb will take place on the fortieth anniversary of his wedding, a day when it had been planned to celebrate by a family reunion. Burial will take place in the Grove cemetery.

The funeral service will be held Wednesday at 1 p.m., from the Presbyterian church, of which Mr. Lamb was a member. Rev. R. A. Bart will officiate.—Evening News, Sault Ste. Marie.
