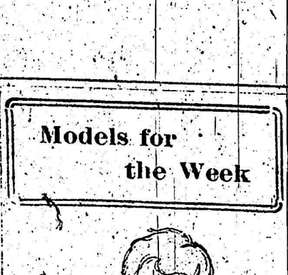
Models for the Week

Sailor suits are always appreciated by the boy, and this is a particularly good model of one. McCall Pattern No. 5776, Boy's Middy or Sailor Suit. In 4 sizes, 2 to 8 years. Price, 15 cents.



This is a practical design for the cold-weather leggings. There is a choice of lengths. McCall Pattern No. 6810, Child's Leggings and Legging Drawers. Pattern in 7 sizes, 1 to 12 years. Price, 10 cents.

These patterns may be obtained from your local McCall dealer, or from the McCall Co., 70 Bond St., Toronto. Dept. W.

A DISLIKE FOR FOOD

Victims of Indigestion Often Dislike the Sight and Smell of Food.

Every healthy man and woman should have a natural desire for food at meal times. This means that the digestion is in working order and that the blood is in good condition. But if you feel a dislike for food—if the sight and smell of wholesome food repels you—then you may be sure that all is not well. If after a night's rest you have no appetite for breakfast, your digestion requires attention. If your food is distasteful, or if you feel that it is a trouble to eat, your stomach is rebelling. You do not digest properly the food you are taking and therefore not hungry.

All these symptoms of a disordered digestion mean that the blood is not absorbing proper nourishment from food, for the work of the blood is to collect proper nourishment from food and impart it to the system. The stomach tries to refuse food the nutriment from which the blood cannot absorb, and this causes the lack of appetite. If you force yourself to eat the undigested food becomes a clog to the system. Nature is warning you. Dr. Williams' Pink Pills alone give the blood the richness and purity that it requires to perform its natural function. That is why Dr. William's Pink Pills cure the most obstinate cases of indigestion—why they will cure any trouble due to poor blood. Miss Lizzie Ashton, Thamesville, Ont., says:—"I suffered for years with stomach trouble. At times the distress was so great that vomiting would follow, and there was always severe pain after eating. I tried several remedies but they did not help me. On the contrary the trouble was growing worse, and got so bad at last that I could not keep anything on my stomach. Finally I began using Dr. Williams' Pink Pills, and gradually the trouble began to leave me, and I regained in all respects my customary good health, and enjoyment of food. I make this statement voluntarily so that others may know of the wonderful results that follow the use of this medicine."

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Jack Frost Failed.

I like to hang my washing out of doors in winter as well as in summer, but the clothes freeze, and so frequently the clothes pins freeze to the clothes so tightly that they tear when taken off the line. I have found that by adding salt to the bluing water the clothes pins will not stick fast even in the coldest weather.

Cleanliness is a matter of tremendous importance in everything that pertains to food.

How Kidney Trouble Struck Uxbridge Man

Mr. R. J. Thompson Was Seized With Convulsions.

His Life Was Despaired of, But After Using Dodd's Kidney Pills He Feels Himself Again.

Uxbridge, Ont., Jan. 21st (Special.)—Mr. R. J. Thompson, who lives on R.R. No 2, near here, is loud in his praises of Dodd's Kidney Pills.

"I am delighted with Dodd's Kidney Pills," he says. "The doctors said I could not live, and if I did I would never be able to do anything again, as I had chronic Bright's Disease. But, thank God, I am doing my own work again.

"My trouble came on very suddenly. I had just finished my dinner, and was taking a man home when I was taken with a convulsion fit. I had fourteen that afternoon, and the third day I had nine more.

"I have taken only eleven boxes of Dodd's Kidney Pills, and I feel like myself again."

Mr. Thompson is only one of many in this neighborhood, who look on Dodd's Kidney Pills as the standard remedy for kidney ills. They are purely a kidney remedy, and are used for all kidney troubles from backache to Bright's disease.

CHINA'S PAPER SCARCITY.

Is Now Importing Old Newspapers From United States.

The scarcity of paper has become so acute that China is now importing over issue and old newspapers from the United States in large quantities. One Hongkong House alone reports that so far this year it has imported such paper to the value of over $225,000 gold.

The papers are imported to be used for wrapping purposes, and to meet the needs of the market it is necessary that they be whole and of good standard to large size. In some recent consignments bales have been found to contain old magazines and even old clothing, shoes and other waste. A shipment to Saigon through Hongkong and for the account of a Hongkong firm was found to be so badly mixed with all sorts of waste that the Chinese concerns for which the paper had been imported refused to accept it.

In some cases material mixed with the paper would have as much value for paper stock as the over issue newspapers, but it is not wanted and does not meet the purpose for which the newspapers are purchased. The Hongkong General Chamber of Commerce now has on hand an arbitration of claims growing out of the shipment of paper not up to contract, and Hongkong importers at present are accepting deliveries only after examinations.

There is a steady demand for these over issue and old newspapers throughout the Far East, which can be maintained as a profitable trade (at least so long as the price of paper remains where it is) provided exporters will realize the special purpose for which the paper is bought and ship only such stock as will probably fulfil requirements.

ORIGINATORS OF SEA KULTUR.

Bluefish Resembles the Prussians In Its Barbarous Habit.

The bluefish is the leading subterranean exponent of kultur now that the U-boat has begun to subside. Not even the shark is proportionately so vicious as this small game fish. He kills for the fun of killing, without reason or excuse slaughtering anything that crosses his path, and not hesitating to attack any large creature of the deep that goes sailing by.

Scarcely ever weighing more than five pounds, he consumes at least seven ounces of food a day, and this weight does not take into account the amount of food he swallows for the bluefish has the most barbarous habit of all fish.

As he attacks he bites off large pieces of flesh from his victim, and without taking time to cast the mouthfuls aside he swallows the quivering meat and snaps again with his powerful "chopping machine" jaws. He keeps this up until the flesh he has swallowed makes him slow, in which case he darts away and vomits the accumulated mouthfuls. After this he sweeps back to the attack again. When attacking a giant fish the bluefish assault in force.

Kultur with them is scientific, as it is with the Prussians. They move in perfect order and discipline, sweeping round and round the fleeing monster in circles, each fish darting out of the circle, tearing away a piece of flesh and falling back into the line.

Keep Baby Warm.

When the baby creeps around the cold floors in winter he should have something warm on. I made a warm petticoat out of three pairs of white stockings which he had outgrown. I cut off the feet, cut them lengthwise and put them together, stitching on each side of seams. The top of the stockings were used for the bottom of the petticoat. I put a little waist on of canton flannel.—J. P. H.

The worst thing about many machine sheds is chickens.

King Honors C.P.R. Official

SIR ARTHUR H. HARRIS, Director of Overseas Transport.

SIR Arthur H. Harris, who has been made a Knight Commander of the British Empire for his services in Canada as Director of Overseas Transport, is a son of the late Henry Vinton Harris of Devonport, Devonshire, England.

Educated at the Devonport and Stoke Grammar School he came to this country in the seventies, entering the services of the Grand Trunk Railway, and rising to the position of General Freight Agent Through Traffic.

In 1902 he joined the Canadian Pacific Railway since which date to August, 1914, he was actively engaged in initiating traffic for the Company's rail and ocean services.

On the outbreak of the war, the President of the Canadian Pacific offered Mr. Harris' services to the Imperial and Canadian Governments for the purpose of organizing and directing an Overseas Transport Department, the successful administration of which is now recognized by His Majesty.

He is a member of St. James' Club, Montreal; Rideau Club, Ottawa; and the Montreal Royal Golf Club.

In 1888 he married a daughter of the late William B. Lambe, B.C.L., of Montreal, granddaughter of the late Hon. Wm. Morris, at one time Receiver-General of Canada, and niece of the late Hon. Alexander Morris, First Governor of Manitoba and the North West Territories.

WHEN BABY IS ILL

Mothers when your baby is ill; when his little stomach and bowels are out of order; when he is troubled with constipation, colic, colds or his teething is painful give him Baby's Own Tablets—the perfect medicine for little ones. Concerning them Mrs. Alphonse Pelletier, St. Damase, Que., says:—"Baby's Own Tablets are a grand remedy for little ones. I used them on my baby with wonderful results." The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

FOOD AND THE WAR.

Relative Position of the Entente and the Central Powers.

Britain has been slow to realize and slower to admit, but it is now beginning to make the confession, that in the matter of food and some other though much less important supplies, time is now beginning to fight on the side of Germany and against the Entente; whereas formerly time was always accounted the ally of the Entente. The Germans are preparing to make the most of the Italian agricultural areas which they have conquered to produce more food for Austria and Germany. By the 1918 crop season they will be able to produce very largely from the conquered areas of Old Poland, Rumania, France and Belgium.

Further their human power for the purposes of this production will be increased not only by the release of hundreds of thousands of prisoners useful enough for agricultural purposes if not for further military service, but also by the privilege of drawing upon the labor capacity of the conquered areas. The moment that peace or even a long armistice is arranged with Russia, Germany will resume with all the zeal which its spectacular necessities dictate, the programme of penetrating Russia and making Russian resources available for the support of Germany.

So that Britain, France and Italy, none of them now able to produce nearly all their food requirements, confront a future in which their food necessities will tend to face an increasing deficit of supplies, in proportion as the cumulative effects of submarine warfare become more serious. Germany on the other hand will tend to escape from the effects of the food blockade and to increase its supplies.

RECEIVING DEPOT REPAIRED.

Halifax Hospital Ready for Disabled Men From the Front.

The Receiving Depot of the Military Hospitals Commission on Pier No. 2 at Halifax, which was badly damaged in the great explosion, has been repaired and is now ready to receive the ships from overseas bearing the invalids and disabled men back to Canada.

Immediately on receipt of the news of the disaster, Lt.-Col. J. J. Sharples, C.O. of the Military Hospitals Commission Command, left Ottawa for the scene to offer all the aid which the military hospitals could afford in the care of the injured. On his arrival arrangements were immediately made to restore the big depot which has received thousands of men in the past year, and the work has been completed.

In the interim the men returning were landed in New York and train service handicapped by lack of coal delayed their homecoming considerably. The value of the Military Hospitals Commission in the splendid facilities and organization of Halifax for the care of returning soldiers has gained a new appreciation in this one experience.

Minard's Liniment Cures Colds, Etc.

Diamond Cutting For Heroes.

When peace is restored and England's disabled soldiers return to civil life they will not be without resources. Bernard Oppenheimer, who fought for England in the Boer War, realizes the lot of an ex-soldier who has to face life with the handicap of an amputated leg or arm.

In the London Technical College about 100 limbless soldiers are being taught diamond cutting. The scheme has been so successful that Oppenheimer has started building a block of factories in Brighton, where more than 1,000 will be able to learn the trade. Six months is the period of training allotted the soldier workman. On completion of the training Oppenheimer offers them a guaranteed minimum of three years employment if they care to stay in the factory and a minimum wage of $10 a week.

MURINE Granulated Eyelids, Sore Eyes, Eyes Inflamed by Sun, Dust and Wind quickly relieved by Murine. Try it in your Eyes and in Baby's Eyes. FOR YOUR EYES No Smarting, Just Eye Comfort. Murine Eye Remedy At Your Druggist's or by Mail, One or Bottle. Murine Eye Salve, in Tubes 25c. Free Book of the Eye—Free. Ask Murine Eye Remedy Co., Chicago.

It is hardly possible to realize the lack of knowledge of proper gardening methods which exists among the farming population of certain portions of the country.

Minard's Liniment Cures Garget in Cows.

In taking out silage for feeding remove an equal depth of the material from the whole surface daily; this exposes the smallest possible quantity of the silage to the air, and so prevents excess spoiling.

IF FOOD DISAGREES DRINK HOT WATER

When food lies like lead in the stomach and you have that uncomfortable, distended feeling, it is because of insufficient blood supply to the stomach, combined with acid and food fermentation. In such cases try the plan now followed in many hospitals and advised by many eminent physicians of taking a teaspoonful of pure bisurated magnesia in half a glass of water, as hot as you can comfortably drink it. The hot water carries the blood to the stomach and the bisurated magnesia, as any physician can tell you, instantly neutralizes the acid and stops the food fermentation. Try this simple plan and you will be astonished at the immediate feeling of relief and comfort that always follows the restoration of the normal process of digestion. People who find it inconvenient at times to separate but water and travelers who are frequently obliged to take hasty meals poorly prepared should always take two or three five-grain tablets of Bisurated Magnesia after meals to prevent fermentation and neutralize the acid in their stomachs.

Forest Associations of Quebec.

The co-operative forest protective associations in the province of Quebec have been remarkably successful in reducing the damage by forest fires throughout large areas of that province. The pioneer in this movement was the St. Maurice Forest Protective association, organized in 1912. The success with which it met resulted in the organization of other associations until now there are four such, protecting a total of nearly 70,000 square miles of forest land. These associations are maintained and administered primarily by timber owners, although the provincial government contributes to their support in consideration of the protection afforded unlicensed Crown lands. Approximately 80 per cent. of the licensed Crown timber lands of the province are now under this form of forest fire protection. Each association has a manager, staff of inspectors, and force of fire-rangers all selected on the sole basis of fitness for the work in hand.

Money Orders.

Send a Dominion Express Money Order. They are payable everywhere.

The City of Lyons has opened a professional training school for the higher technical and scientific development of French women.

Minard's Liniment Cures Diphtheria.

The popularity of the easily adjustable wrist watch was doubtless what inspired the production by Parisian jewelry designers of a ring watch. It consists of a tiny timepiece mounted on a finger ring, and, if desired, embellished with precious stones.

Minard's Liniment Co., Limited.

Sirs,—I have used your MINARD'S LINIMENT for the past 25 years and whilst I have occasionally used other liniments I can safely say that I have never used any equal to yours.

If rubbed between the hands and inhaled frequently, it will never fail to cure cold in the head in 24 hours. It is also the Best for bruises, sprains, etc.

Yours truly,
J. G. LESLIE.
Dartmouth.

Canoes of Mahogany.

Major John S. Leitch, one of the five rangers of the Dominion Forestry Branch in Manitoba, who has been overseas from the beginning of the war with the Royal Fusiliers in British East Africa, writes as follows:

"Out in the tropics the majority of rivers can be crossed by a standing jump as it were. Rivers such as Canada has are a great surprise to the tropical man. What canoes are here are dugouts made by natives out of solid mahogany or teak trees. They take months to make and are very heavy. I have yet to see the first African making a portage with his canoe on his back. Some of these canoes are big enough to take 60 men or 3½ tons of stores."

GIRLS! WHITEN SKIN WITH LEMON JUICE

Make a beauty lotion for a few cents to remove tan, freckles, sallowness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quarter pint of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy, lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness, and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

When buying your Piano insist on having an "OTTO HIGEL" PIANO ACTION

WITH THE FINGERS!

SAYS CORNS LIFT OUT WITHOUT ANY PAIN

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers, if you will apply on the corn a few drops of freezone, says a Cincinnati authority.

At little cost one can get a small bottle of freezone at any drug store, which will positively rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and dries the moment it is applied and does not inflame or even irritate the surrounding tissue. Just think! You can lift off your corns and calluses now without a bit of pain or soreness. If your druggist hasn't freezone he can easily get a small bottle for you from his wholesale drug house.

Doctors Recommend Bon-Opto for the Eyes

Physicians and eye specialists prescribe Bon-Opto as a safe home remedy in the treatment of eye troubles and to strengthen eyesight. Sold under money refund guaranty by all druggists.

A Quick Relief for Headache

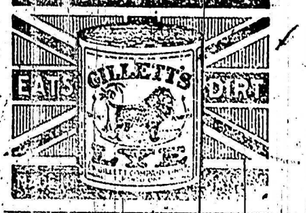
A headache is frequently caused by badly digested food; the gases and acids resulting therefrom are absorbed by the blood which in turn irritates the nerves and causes painful symptoms called headache, neuralgia, rheumatism, etc. 15 to 30 drops of Mother Seigel's Syrup will correct faulty digestion and afford relief.

SELDOM SEE a big knee like this but your horse may have a bunch or bruise on his ankle, hock, stifle, knee or throat. ABSORBINE (TRADE MARK REG. U.S. PAT. OFF.) will clean it off without laying up the horse. No blister, no hair gone. Concentrated—only a few drops required at an application. $2 per bottle delivered. Describes your case for special instructions and Book 3 M free. ABSORBINE, JR., the antiseptic liniment for mankind, reduces Painful Swellings, Enlarged Glands, Wens, Varicose Veins, allays Pain and Inflammation. Price $1 and $2 a bottle at druggists or delivered.

W. F. YOUNG, P. D. F., 316 [illegible]

Absorbine and Absorbine, Jr., the Lame to Legio.

GILLETT'S LYE



The soy bean is a species of the bean family having seed pods. It closely resembles the navy bean, but takes longer to cook and requires more heat. It is used for baking, and in soup. There is also a flour form of soy bean used in bread, etc.

Minard's Liniment Cures Distemper.

Green food is essential to the health of laying hens, and it must be remembered that only healthy hens can lay eggs.

Railroad Men

These men knew from experience that Sloan's Liniment will take the stiffness out of joints and the soreness out of muscles. And it's so convenient! No rubbing required. It quickly penetrates and brings relief. Easy to apply and cleaner than mussy plasters or ointments.

Always have a bottle in the house for rheumatic aches, lame back, sprains and strains.

Generous sized bottles at all druggists.

Sloan's Liniment

CUTICURA HEALS PAINFUL ECZEMA

Itched and Burned. Wanted to Scratch All the Time. Scarcely Any Sleep.

"When I was fifteen years old, I came in a rash, first on my face, then on my ears, and afterwards on my body. It was very painful and was itching and burning. I wanted to scratch all the time. I scarcely had any sleep.

"After I had used a cake of Cuticura Soap and one box of Ointment I was healed." (Signed) Mrs. J. H. Carlton, Canary Steep Creek, Sask., Feb. 6, '18. Clear the pores of impurities by daily use of Cuticura Soap and occasional dressings of Cuticura Ointment.

For Free Sample, Each by Mail: Cuticura, Dept. A, Boston. "S. A." Sold everywhere.

MOTHERHOOD WOMAN'S JOY

Suggestions to Childless Women.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is the ability to correct sterility in the case of many women. This fact is well established as evidenced by the following letter and hundreds of others we have published in these columns.

Poplar Bluff, Mo.—"I want other women to know what a blessing Lydia E. Pinkham's Vegetable Compound has been to me. We had always wanted a baby in our home but I was in poor health and not able to do my work. My mother and husband both urged me to try your E. Pinkham's Vegetable Compound. I did so, my health improved, and I am now the mother of a fine baby girl and do all my own house work."—Mrs. ALLIA B. TIMMONS, 216 Almond St., Poplar Bluff, Mo.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential and helpful.
