DOLLARS GIVE COURAGE.

To Be Penniless Makes a Man Feel Dependent and Cowardly. There is this to be said about wealth: It gives courage to the owner. Poverty makes cowards of us all.

PUFFBALLS ARE GOOD FOOD.

And of All the Edible Fungi They Are Called the Safest. Puffballs are the safest of all fungi for the beginner, none of them being poisonous, and they are at the same time excellent and easy to obtain.

SEASICKNESS.

The old fashioned notion that a good dose of seasickness was beneficial was due wholly to the fact that upon recovery the victim of mal de mer is usually so delighted that he is apt to imagine that he never felt better in his life.

MOISTURE AND TEMPERATURE.

A cubic foot of air at the temperature of zero (F.) can contain only 5 of a grain of water vapor, at 32 degrees it can hold 2.13 grains, at 65 it can contain 6.8 grains and at 98 it can hold 18.96 grains of moisture in suspension.

LONGER THAN EXPECTED.

Vandermeer—So at your request he spoke at your dinner? Broadway—He did. "And did he come up to your expectations?" "Why, he went an hour beyond it."

EUGENIA

(Special to The Standard.) Pte. Henry Osborne, wife and son are visiting the former's sister, Mrs. Walter Russell. Henry has returned from Overseas. He went with the 147th. In the fall of 1916, and after spending some months in the trenches, he took trench fever.

HEATHCOTE

(Special to The Standard.) Mrs. J. R. Howson is visiting with friends and relatives in Menard this week. Master Harold Crutskank, is engaged with Mr. Herb Maxwell for the coming season.

KIMBERLEY

(Special to The Standard.) Ice cutting is the order of the day. It is 22 inches thick and good quality. It is with deep regret that we chronicle the death of James M. Pawcett, on February 26th, 1918, at the age of 63 years and 4 months.

CEYLON

(Special to The Standard.) Misses C. and E. Gilchrist returned home Monday from visiting friends in Toronto and Mono Road. Mr. H. Piper attended the funeral of his brother, John, in Hamilton on Monday.

A.W. CHASE, M.D. Practising Physician in Ann Arbor, Mich. 1863. "WHO IS THIS DR. CHASE?" we are sometimes asked by persons who know his medicines, but are not familiar with his interesting life story. The boyhood days of Dr. A.W. Chase were spent in the vicinity of Buffalo, N.Y., and as he had early decided to be a medical doctor, he took the first opportunity of attendance at the University of Michigan, located at Ann Arbor.

mechanical substitutes for man effort while rolling away the clouds of prejudice which has previously hindered their general adoption. Among these the milking machine may be said to occupy a prominent place. Milking machines have taken the place of thousands who are fighting in the trenches of Europe. They are obtaining more milk, cleaner milk, with less injury to the cows.

Western Canada, only one being married. The eldest, Thomas, of Sask., has been at home this winter visiting his mother, and it was his sad privilege to be with her as she breathed her last. The three daughters are, Mrs. D. Gibson of home; Mrs. McGil, Harrow, Essex County; Mrs. J. Holley, Toronto Junction. Mrs. Farley was one of a large family, of whom two brothers and five sisters survive. She had spent a long and happy married life of 45 years with her husband, who predeceased her about a year ago.

Countryman 2 50, Standard Sontline 2 50, Standard Catholic Reg. 2 75. Payment in advance in all cases.

A SIGNIFICANT ANNOUNCEMENT. The announcement that letters patent have been granted the Empire Cream Separator Company, of Canada, Limited, increasing their authorized capital from \$300,000 to \$1,000,000, is significant both of the remarkable strides made by this company within recent years and of growing demand for the class of product which they manufacture.

OBITUARY FARDING (Erin Advocate) We regret to announce the death of Mrs. Farding, relict of the late J. Farding, which occurred on Saturday last, in her 70th year. The deceased had only a few days previously moved into the village from her farm on the 10th line, accompanied by her widowed daughter, Mrs. Dawson Gibson. She had been falling in health all winter and in fact she has never really recovered her strength since the death of her husband, about a year ago.

FREE! Butterfly Flower. Address a postcard to us now and receive by return mail a copy of our new illustrated 80 page catalogue of Garden, Flower and Field Seeds, Root Seeds, Grass Seeds, Small Fruit, Garden Tools, Etc. SPECIAL—We will send you free a package (value 15c) of our choice Butterfly Flower. This is one of the earliest and daintiest flowers imaginable, especially adapted to bordering beds of tall flowers and those of a heavier growth. The seeds germinate quickly and come into bloom in a few weeks from sowing. The fragrance is such as to completely obscure the foliage, making the plant a veritable pyramid of the most delicate and charming bloom. The Butterfly Flower is the house in late winter and early spring. For this purpose sow in the autumn. Send for Catalogue and learn of other valuable programs.
